FIRE DEPARTMENT ORDERS.

General Order No. 50.

I. FIRE DEPARTMENT BAND.

There will be an important meeting and rehearsal of the Fire Department Band at 3.30 p. m. on Monday, November 20, 1933. Every member of the band is expected to be present at this meeting, promptly at the time mentioned. Each member is to bring with him his instrument, his music stand and all of his music.

II. RETIREMENT.

The following retirement is hereby announced to take effect at 8 a. m., on Friday, December 1, 1933:

Patrick F. Spellman, Ladder Company 17.

Ladderman Spellman was appointed to the Fire Department on February 1, 1924.

III. ELECTION OF OFFICERS CHARITABLE ASSOCIATION, ARTICLE 5.

Nomination of Trustees.

SECT. 1. The Board of Chiefs and each district of the fire-fighting force of the Boston Fire Department, including District 16 (so-called) and the Boston Protective Department, shall submit the name of any candidate or candidates for the office of trustee of the association to the secretary on or before the first Monday in December of each year.

Attention of the district chiefs is called to the fact that it does not mean a man from each house, unless member desires to be candidate.

Nominations should be sent in writing to the secretary, George F. Frazier, Ladder Company 3.

From the list of nominations received, there shall be elected on the third Monday in December, one trustee to represent the Board of Chiefs, two trustees in each district to represent the fire-fighting force and one trustee to represent the Boston Protective Department.

IV. EXAMINATION FOR PROMOTION TO LIEUTENANT.

The date of the examination for promotion to lieutenant in the Boston Fire Department has been changed from December 7 and 9, 1933, to December 9. In other words, the examination is to be held on one day for all candidates for promotion to lieutenant.

District chiefs and company commanders are instructed to arrange for an exchange of time off so that every member of the department who files an application will be allowed sufficient time to take the examination on December 9. Members of the department who are not taking the examination and who are off duty on that day will be called upon to work for those who are taking the examination.

V. BOSTON AUTOMATIC ASSIGNMENT CARDS.

New assignment cards are being issued to the department today for the Boston Automatic Assignment Book. These cards are dated November 9, 1933, and are to replace page 14, dated April 1, 1929, and page 29, dated March 11, 1932. Old assignment cards are to be returned to Headquarters not later than Saturday, November 18, in the envelope provided.

By order of Fire Commissioner EUGENE M. MCSWEENEY.

HENRY A. FOX,
Chief of Department.

LAND-TAKING IN EAST BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Coleridge street, East Boston district, as a highway, from Wordsworth street northeasterly, bounded and described as follows:

An extension of the highway named Coleridge street is hereby laid out, from Wordsworth street to Rice street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Coleridge street (highway), fifty feet; northerly by the northerly line of said extension of said Coleridge street as hereby laid out, two hundred feet; easterly by Rice street, fifty feet; and southerly by the southerly line of said extension of said Coleridge street as hereby laid out, two hundred feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northerly and southerly sides of said extension of Coleridge street, from Wordsworth street to Rice street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Coleridge Street, East Boston, Assessment Plan, October 26, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

\$1,075

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Coleridge street, East Boston district, as a highway, from Wordsworth street to Rice street, under the order of the Board of November 8, 1933, and awards no damages therefor.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to lay asphaltic concrete top on existing macadam in Hobart street, from Faneuil street to Hobson street, Brighton, with department forces, without advertising, the estimated cost for labor and material being \$3,000.

PROCEEDINGS OF SCHOOL COMMITTEE.

Oct. 23, 1933.

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:10 o'clock P. M., the Chairman presiding.

Present: Messrs. Hurley, Mackey, Mrs. Pigeon, Messrs. Reilly and Tobin.

Chairman: This special meeting of the School Committee was called for the benefit of the West Roxbury Women's Club and the American Homes Committee, for the purpose of holding a Committee meeting in their presence. From time to time we have welcomed various organizations and groups to our meetings which of course are public and open to all citizens of the community. Tonight we are favored in having a Club of such proportions and such substance as the West Roxbury Women's Club express sufficient civic interest to attend a meeting of the Committee. It is the sort of co-operation from the community, and citizens representing the community, which we have desired always.

The functions of the School Committee may be of interest to the members. Those who came early had the privilege of going through the building and observing the scope and size of the school activities. Those others who wish, at the close of the meeting may be escorted to the tenth floor to the Business Manager's office where the fiscal affairs are handled; to the ninth floor where the Superintendent's office is resident with the Secretary and the clerical force; and the other floors where are the offices of the Assistant Superintendents, the Board of Examiners, the Directors, the Schoolhouse Custodian, and the various administrative heads of the School Department, all in this one unit.

The School Committee meets regularly on the first and third Mondays, with conferences frequently between those dates; for example, this evening we held a conference just before this meeting and had a memorandum of some 17 items of business. We have conferences for the purpose of keeping out of the public records any reference to persons or personalities, or questions that might be embarrassing to the individuals concerned. Therefore before the public meeting we, as a rule, hold a conference on the ninth floor, with the Business Manager present, and the Superintendent, and the Secretary. The conference being completed, we come down here to the public meeting and express in public our vote, our dissension—if there be any—and our expressions with reference to each question. Here at this public meeting the regular parliamentary procedure is followed with some liberality, because the School Committee being a small Board of five, may be more fraternal than a larger body could be, and it is not necessary to adhere rigidly to the parliamentary rules as required in a larger body such as Legislature or City Council.

The regular meeting of the School Committee may seem to be routine business, but each item of major importance has been discussed in conference and if there is any dissension or question in the mind of any member, when the Board paper is read by the Secretary in the public meeting, as a matter of record, the member has the right to and usually does make his opinion known.

We will now proceed with the meeting in the regular order.

APPROVAL OF MINUTES

Chairman: The first order of business is the approval of the minutes of the previous meeting which are printed in the Boston Daily Record on the second day following the meeting, and as there printed, appear later in the City Record; then in final form, as the official minutes of the School Committee. Those minutes are ordinarily accepted as printed, unless error or omission makes amendment necessary; so unless there is objection, we will declare the minutes of the previous meeting approved.

Next in order will be the items of regular business.

AMENDMENT OF MINUTES

On motion, the minutes of Oct. 2, 1933, were amended on page 7, to provide that the name of Mary Tierney on the list of teachers approved for temporary service shall read "Agnes G. Tierney."

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

Chairman: Appointments submitted at the previous meeting were, under the rules, laid over for action at this meeting. I would call attention to the fact that all appointments are made at the public meeting. Every permanent appointment that is made is from a rated list, the result of examination or graduation from The Teachers College, and the rated lists are matters of public record. Each person whose name appears on the Eligible List is sent a copy of the Eligible List when published. When a vacancy occurs in a school, number one on the list is appointed. That appointment is announced here at this meeting and then laid over so any interested parties may question the appointment.

DEATH

The Superintendent reported the death of the following-named teacher:

Hugh O'Brien District—Hannah E. McDonough, Oct. 18, 1933.
Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

Girls' High School—Agnes G. Kiley, assistant, Aug. 31, 1933.

Minot District—Elizabeth Holm, assistant, elementary, Oct. 19, 1933.
Accepted.

APPOINTMENTS AND TRANSFERS

The following appointments and transfers by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(TWO-SESSION KINDERGARTEN)

Wells District—Josephine A. Hurley, first assistant, kindergarten, two sessions (from first assistant, kindergarten, one session), Oct. 9, 1933.

Laid over.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted under the provisions of section 265 paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Leonora R. Connors, Catherine C. Curran, Harold G. Dubrow, Carl Ginsburg, Frances J. Kelly, Mary E. Martin, Joseph A. V. Tracy, Franklin J. Wight.

Day Elementary Schools—Rose M. Fitzgibbon, Martha D. Rask.

Horace Mann School for the Deaf—Ruth A. McDermott.

Kindergartens—Sylvia Ginns, Eileen M. Goode, Patricia F. Kelleher, Mary A. Lyons, Eleanor M. Ternan.

Special Classes—Eileen V. Connors.

Department of Household Science and Arts—Alice E. Winsloe, Cookery.

Approved.

TEMPORARY TEACHERS

Mechanic Arts High School—Francis W. McPhee, junior master, Oct. 13, 1933.

Boston Trade School—Francis W. McPhee, shop instructor, Oct. 6, 1933.

Department of Manual Arts—Fred E. Bradley, assistant, manual training, elementary, Sept. 21, 1933; George Thomson, Jr., assistant, manual training, elementary, Oct. 5, 1933; George Thomson, Jr., shop instructor, Oct. 6, 1933; Robert S. Kelleher, John J. Malone, shop instructors, Oct. 13, 1933.

Approved.

Chairman: Temporary appointments may be approved when presented so that no time may be lost in assignment. These temporary appointments are made in the regular order according to standing on the respective lists.

SPECIAL ASSISTANTS

(Reappointment)

Roxbury Memorial High School (Girls)—Theodora L. Benos, art department, Oct. 17, 1933.

Approved.

(New appointment)

Dorchester High School for Girls—Dorothy I. Bean, industrial department, Oct. 13, 1933.
Approved.

DEPARTMENT OF EXTENDED USE OF
THE PUBLIC SCHOOLS

A communication was received from the Superintendent, under date of Oct. 23, 1933, reporting that he has assigned the following-named persons for service in the Department of the Extended Use of the Public Schools for the term 1933-1934.

Leaders—Ella L. Felsch, Oct. 16, 1933; James P. Gibbons, Ethel E. Richter, Oct. 18, 1933.

Assistant Leader—T. Weston Cavanaugh, Oct. 16, 1933.

General Helper—T. Weston Cavanaugh, Oct. 18, 1933.

Approved.

HOME INSTRUCTION OF PHYSICALLY
HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Oct. 23, 1933, reporting that subject to the approval of the School Committee, he has assigned the following-named temporary teachers for home instruction of physically handicapped children, to take effect on the dates stated:

Florence W. Sands, Oct. 16, 1933; Edward S. Brock, Oct. 13, 1933.

Approved.

TRANSFER

Veronica R. Monahan, assistant, kindergarten, one session, John Cheverus District, to the same position in the Elihu Greenwood District, Oct. 30, 1933.

Approved.

LEAVE OF ABSENCE

On report of the Superintendent, leave of absence under a suspension of the regulations was granted the following-named teacher for the term specified:

Continuation School—Water J. Byrnes, senior instructor, Sept. 1, 1933 to June 30, 1934, without pay.

ESTABLISHMENT OF SOUTH
END OPPORTUNITY CLASSES

On motion of the Superintendent, it was

ORDERED, That the South End Opportunity Classes, located in the Continuation School, are hereby established, to take effect Sept. 1, 1933, and to continue until otherwise ordered.

A communication was received from the Superintendent, under date of Oct. 23, 1933, reporting that subject to the approval of the School Committee, he has assigned the following-named teachers in the Continuation School to the South End Opportunity Classes, without change of rank or salary, said assignments to take effect Sept. 1, 1933, and to continue for the school year ending Aug. 31, 1934, unless earlier terminated by the Superintendent with the approval of the School Committee:

George E. Hill, George E. Shepherd, division foremen; Patrick J. Fox, Francis V. Kenney, shop foremen; Daniel M. Daley, Vincent L. Greene, James P. Sullivan, senior instructors; Rudolph N. Marginot, trade instructor; Edward C. Keller, Vincent J. Readdy, Thomas J. O'Leary, instructors.

Placed on file and the assignments approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of Oct. 23, 1933, reporting that subject to approval of the School Committee, he has assigned the following-named teachers of the Continuation School for part-time service in the South End Opportunity Classes, without change of rank or salary, said assignments to take effect Sept. 1, 1933, and to continue for the school year ending Aug. 31, 1934, unless earlier terminated by the Superintendent with the approval of the School Committee:

John F. Sullivan, shop foreman; Thomas P. Burns, James F. Crotty, Joseph A. Mahoney, Charles P. York, senior instructors; Elizabeth C. Flynn, Elsie R. Gilbert, Mary Kelley, Mary E. MacSwiney, Alice D. Murley, senior assistants; Winifred T. Ormond, senior trade assistant; Louise M. Hall, Grace G. O'Brien, Annie L. Robertson, trade assistants.

Placed on file and the assignments approved, to take effect on the date stated.

DESIGNATIONS

A communication was received from the Superintendent, under date of Oct. 23, 1933, reporting that he has made the following designation of a teacher to serve in the position indicated until such time as it shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1934:

Brighton High School—Jane R. Woods, assistant, as acting first assistant, head of department (vice Elvira B. Smith, absent on leave), Sept. 1, 1933.

Charles Sumner District—Margaret M. Hughes, assistant, elementary, as acting master's assistant, Sept. 1 to Oct. 31, 1933, inclusive.

Placed on file.

ESTABLISHMENT OF CLASS
FOR APPRENTICES IN SHEET
METAL WORK.

The Superintendent offered the following three orders:

ORDERED, That during the school year ending Aug. 31, 1934, the Superintendent is hereby authorized, in his discretion and in co-operation with the State Department of Education, to conduct a class for apprentices in sheet metal work in the South Boston High School on Saturday mornings from eight to twelve o'clock, the cost of the instructors' salaries to be covered by federal funds administered by the Commissioner of Education, by special distribution to the City of Boston, and reimbursement made by the State Department of Education to the City of Boston for all other expenses in connection with the maintenance of the class in the amount of fifty per cent (50%).

ORDERED, That the employment of not more than two instructors in the Saturday morning class for apprentices in sheet metal work conducted in the South Boston

High School is hereby authorized; compensation to be at the rate of eight dollars (\$8) per session of four hours..

ORDERED, That the employment of not more than one toolkeeper in the Saturday morning class for apprentices in sheet metal work conducted in the South Boston High School is hereby authorized; compensation to be at the rate of two dollars and fifty cents (\$2.50) per session of four hours..

The orders passed.

A communication was received from the Superintendent, under date of Oct. 23, 1933, reporting that subject to the approval of the School Committee and in accordance with the foregoing orders, he has appointed the following-named persons to the Saturday morning class for apprentices in sheet metal work in the South Boston High School, to take effect on the dates stated:

Bernard P. Dockray, Thomas A. Roche, instructors, Oct. 14, 1933; Charles Klemka, toolkeeper, Oct. 14, 1933.

Approved.

ESTABLISHMENT OF UN-
GRADED CLASSES

On motion of the Superintendent, it was

ORDERED, That the following ungraded classes are hereby established for the school year ending Aug. 31, 1934, unless discontinued prior to that date by order of the School Committee:

Dearborn District 1
Thomas Gardner District.... 1

EXCESS TEACHER, HYDE
DISTRICT

The Superintendent offered the following:

ORDERED, That an additional assistant, in excess of the number allowed in the regulations is hereby authorized in the Hyde District, to take effect Nov. 1, 1933.

The rules were suspended and the order passed.

PUBLIC SCHOOL MEMBERSHIP

A communication was received from the Superintendent, under date of Oct. 23, 1933, submitting the following statement of the number of pupils belonging to the Boston public day schools, exclusive of the Continuation School, on Sept. 30, 1933, together with a comparative statement of the number belonging on Sept. 30, 1932, as follows:

The total number belonging in the Boston public day schools on Sept. 30, 1933, was 137,521 which is 754 more pupils than were enrolled in the schools on Sept. 30, 1932. The Teachers College of the City of Boston shows an increase of 12 pupils; high and Latin, an increase of 1,221 pupils; in the ninth grade intermediate, there is an increase of 116 pupils; in grades I to VIII there is a decrease of 439 pupils; in the kindergartens there is a decrease of 112 pupils; and in the special schools a decrease of 44

pupils. Were the figures of the ninth grade intermediate included in the membership of the day high schools, the high schools would show an increase of 1,337 pupils.

In the Continuation School the membership on Sept. 30, 1933, was 348 less than on Sept. 30, 1932. On Sept. 30, 1933, it was 520 as against 868 on Sept. 30, 1932.

In the Training School for Teachers of Mechanic Arts there was a membership of 23 pupils on Sept. 30, 1933.

A distribution of the increases in membership for 1932 and 1933 is shown by the following table:

Placed on file.

Chairman: The Chair would ask that the Superintendent summarize the statistics, because those who are present at this meeting I am sure will be interested in the various phases of the report. It will take the Superintendent less than one minute to summarize this extensive report which gives the school population for 1933, prepared from organization sheets submitted by principals to the Superintendent's Office where the tabulations are made and here submitted to the School Committee.

The Superintendent summarized the statistics which are given in full in the foregoing report.

Chairman: Referring to the decrease in the elementary schools, the Superintendent pointed out at the Conference that the decrease is explained at least in part by the fact that although we have large kindergarten classes, there is a flow of pupils from these kindergartens to the parochial schools where they carry through the eight years; then they frequently return to the public schools in the ninth grade, and we feel the increase in the ninth and higher grades. So, while there is an increase of pupil enrollment, there is a decrease in the so-called grammar or elementary school enrollment.

Mr. Hurley: Might it not be wise to point out, since there may be parents of aspirants to elementary school positions in the room, that the decrease in the elementary school population, due in part to restricted immigration, has cancelled the chances of appointment of a number of girls. For instance, I note this year that there is a decrease in the first eight grades of over four hundred, which would mean at least ten appointments. That is something that I think should be of interest to the citizens of Boston.

Chairman: There was a decrease of six hundred last year, so that in two years we have had a decrease of one thousand pupils in the first eight grades, which naturally has affected the number of appointments of elementary school teachers and adds to the burden under which we labor here in trying to

give employment to teachers and at the same time keep within our budgetary limits.

Mr. Tobin: We might also point out that in addition to the loss to the parochial schools, we are having a loss in child population, as borne out by the fact that we have one hundred twelve fewer kindergarten children than we had a year ago, the equivalent of at least three classes; in other words, we will require several less kindergarten teachers this year than in 1932.

CERTIFICATION AND APPOINTMENT OF SCHOOL PHYSICIAN

A communication was received from the Secretary, under date of Oct. 23, 1933, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment as school physician:

Wyman Berenson, John J. Dunphy, Anthony J. West, Edwin V. Asbury; Elinor F. R. Martin.

Placed on file.

The Chairman stated the question was on the appointment of a school physician to fill an existing vacancy.

A communication from the Director of School Hygiene was read requesting the appointment of the candidate standing second on the list to fill the vacancy, in view of his school medical inspection knowledge and his experience in the department.

The communication was placed on file and the Secretary was directed to call the roll. The members as their names were called respectively stated that they voted as follows:

For Wyman Berenson — Dr. Mackey, Mrs. Pigeon, and Mr. Reilly—3.

For John J. Dunphy—Messrs. Hurley and Tobin—2.

The Chair declared Wyman Berenson, M. D., duly appointed school physician, to take effect Nov. 1, 1933.

In connection with her vote, Mrs. Pigeon made the following statement:

I am voting for Dr. Berenson because it appeared that it was not possible to get a majority vote for the woman candidate whose Civil Service rating is higher than that of the first candidate on the men's list and, Mr. Chairman, I also call your attention to the fact that in our public schools we have at present sixty-one physicians, only five of whom are women.

Chairman: I am voting for number one on the men's list, having previously voted for number one on the women's list. I voted first for number one on the women's list for much the same reason that Mrs. Pigeon has expressed. Failing to secure a majority in favor of the woman candidate, I am voting for number one on the men's list—Dr. Berenson.

SUSPENSION OF PROVISION OF REGULATIONS REQUIRING APPOINTMENT FROM ELIGIBLE LISTS

Mr. Hurley offered the following:

ORDERED, That in the case of widows with dependent children, who successfully pass the prescribed certificate examinations and in all other respects meet the eligibility requirements, Section 274, paragraph 2 (a) of the regulations is hereby suspended for the current school year in so far as it requires appointment from the eligible lists.

The rules were suspended and the order passed.

ANNUAL REPORT OF BUSINESS MANAGER

The Annual Report of the Business Manager on the cost of public school education for the financial year 1932, being School Document No. 1, 1933, was presented.

Chairman: This is the complete financial report of the School Committee for the year 1932, rendered by the Business Manager to the School Committee. We consider it a document of valuable information. It shows, in detail, the cost of the school system—school by school and department by department, and is constantly in demand by civic bodies and by social organizations seeking detailed knowledge of school expenditures. The method by which detailed costs are outlined in the report has received the commendation of the United States Bureau of Education and of three firms of certified public accountants.

The report, while accepted here in routine process, is the result of conferences of the School Committee during the first three months of the year 1932. Then we established the budget which is now summarized for permanent record. It becomes a matter of public record and is our complete financial report.

The report of the Business Manager was accepted and was adopted as the financial report of the School Committee for the year 1932.

Chairman: The regular business of the School Committee for this evening now is completed and at this juncture we ordinarily open the meeting to members who wish to introduce orders for discussion, or to make statements which they desire to have spread on the records with reference to any action proposed or taken.

Any further business to come from the members?

There being no voice heard, I want to express the thanks of the Committee to the group that has favored us with their presence here tonight; we hope that other associations interested in the schools will visit us. Even though the procedure of the meeting may appear to be merely routine, I think your attendance here will identify the functions of the School Committee in your mind and will clarify any misconceptions which may have prevailed.

HIGH SCHOOL ACCOMMODATIONS, WEST ROXBURY AND ROSLINDALE

Chairman: I have been informed that the President of the West

Roxbury Women's Club wishes to speak, Mrs. Forgie:

Mrs. James T. Forgie, President of the West Roxbury Women's Club, stated the appreciation of the members of the Club for the opportunity of being present and looking over the Administration Building, and, with reference to their own problems in West Roxbury and Roslindale, expressed the hope that before the present School Committee is dissolved, decisive action may be taken with regard to high school accommodations for the section.

Mrs. J. Verity Smith, Chairman of the Community Service Committee, expressed the appreciation of the people of West Roxbury for the new Beethoven School district and the addition to the Randall G. Morris School. The West Roxbury Women's Club has written to His Honor the Mayor, urging the inclusion of an item for the new West Roxbury High School in the proposals submitted to the Massachusetts Emergency Finance Board to be taken care of in the nineteen million dollar loan under the National Recovery Act Fund, and has received assurance from the Mayor that the item was included. Mrs. Smith then asked if they were correct in assuming that the School Committee approved including the high school for Roslindale and West Roxbury in the loan for school construction from the National Recovery Act Fund.

The Chairman assured Mrs. Smith that the School Committee has approved the inclusion of the sum of one million dollars for the construction of a West Roxbury high school.

Mrs. Eunice W. Alden, Chairman of the Community Committee for a High School in the West Roxbury-Roslindale district, and past President of the West Roxbury Women's Club, presented a paper in support of the proposition for the construction of a new high school, based on the questions: "What type of high school will be built?" and "Where will it be located?" She urged the School Committee to—

1. Consider the possibility of erecting a high school unit for boys in addition to the unit for girls discussed last year, and

2. Purchase as soon as possible with the one hundred thousand dollars appropriated in 1926, a suitable site for a high school centrally located near the parkway between West Roxbury and Roslindale.

With reference to the fact that although appropriation for the purchase of land for a high school was made in 1926, land has not yet been purchased, the Chairman stated that the policy of the Committee of late years has been to make no land purchases until they were ready to proceed with construction.

The Chairman then read from a tabulation showing the school attendance of pupils of high school age living in West Roxbury and Roslindale from which it appeared that there are 2,770 potential high school pupils in that section.

Discussion followed with reference to a central location for the proposed high school, representa-

tives of both the West Roxbury and Roslindale sections being heard.

Representative Lawrence P. McHugh asked that he be privileged at a later date to present the views of the people of Roslindale with reference to the location of the high school.

At the close of the discussion, the Chairman extended the thanks of the School Committee to those who attended this meeting, and gave assurance of welcome to future meetings.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

PHARMACIST (PART-TIME), STATE PRISON COLONY, DEPARTMENT OF CORRECTION, DECEMBER 2, 1933.

Last date for filing applications, Wednesday, November 22, 1933, at 5 p. m.

Requisition is for male, but the examination is open to both males and females.

The salary is \$500 per year for two days per week.

Duties: To prepare medicines for the wards and the dispensary, prepare solutions for use in the operating room, supervise the organization of hospital formulae and the organization of the pharmacy for ward delivery service, manufacture medicines, advise as to purchasing and best place to buy medicines and supplies such as gauze, cotton goods and instruments, keep stock record of drugs and supplies on hand, assist and instruct inmate pharmacists.

Entrance Requirements: Applicants must be registered pharmacists under the State Division of Registration in Pharmacy.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

SUPERVISOR OF INDUSTRIES, STATE PRISON COLONY, DEPARTMENT OF CORRECTION, DECEMBER 2, 1933.

Last date for filing applications, Wednesday, November 22, 1933, at 5 p. m.

The minimum salary is \$2,910 a year; the maximum salary is \$3,450 a year as reduced by statute.

Duties: To have general supervision of a group of twelve to fifteen industries, including the following: Automobile repairs, bags and baskets, boots and shoes, brushes, canned products, wood furniture, metal furniture, concrete products, textiles (cotton), foundry products, leather goods, mattresses and upholstering, machine shop products, paints and soap, printing and tailoring. To be responsible for the proper organization and operation of these industries, including purchase and storage of raw materials, manufacture of products listed, sale of finished products, including storage and transportation, and the accounting for all finances involved in these transactions.

Entrance Requirements: Applicants must have education equivalent to graduation from college, and at least two

years' experience in an executive or administrative capacity in a factory or other industrial establishment where manufacturing is carried on.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Applicants should be familiar with the reports on "Convict Labor" issued by the United States Department of Labor (1885, 1895, 1905, 1923, 1933) and with Louis Robinson's book entitled "Should Prisoners Work?"

Physical fitness to be determined by a physical examination.

MAYOR THANKED FOR AID IN JEWISH PHILANTHROPIES DRIVE.

His Honor the Mayor received the following communication on November 9 from B. M. Selekman, executive director, Associated Jewish Philanthropies:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I want to add this written word of gratitude to what I expressed to you in person the other day, both for your coming and inspiring the campaign workers to help put this campaign over the top and also for your very generous contribution of \$150.

May I also add my personal word of appreciation for the outstanding leadership you have furnished this country not only by talking but in actual deed in demonstrating the responsibility of a municipality for the protection of its unemployed. From my own angle I believe that when the history of this city is written twenty-five years hence your record in upholding the Welfare Department to the responsibility for half-way decent relief for the unemployed will stand as an enduring monument more lasting than any statue which the greatest artist might fashion.

Sincerely yours,

B. M. SELEKMAN,
Executive Director.

TRAFFIC COMMISSION RULING.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be thirty (30) days, vehicles are excluded from Arden street, Brighton district, between Coolidge road and Hooker street, effective November 14, 1933.

SCHOOL ATTENDANCE FOR SUFFOLK COUNTY.

Number of children 7-13 years old, 105,675, of whom 104,085, or 98.5 per cent, were attending school; 14 and 15 years, 29,662, of whom 28,256, or 95.3 per cent, were attending school; 16 and 17 years, 29,902, of whom 19,453, or 65.1 per cent, were attending school; 18-20 years, 47,103, of whom 12,395, or 26.3 per cent, were attending school; total children 7 to 20 years old, 212,342, of whom 164,189, or 77.3 per cent, were attending school.

CLAIMS DISAPPROVED.

The Law Department has disapproved forty-nine claims against the City of Boston aggregating \$592.85, and they are classified as follows:

Collecting Department, one claim, \$21.28.

Fire Department, two claims, no amount.

Institutions Department, one claim, \$5.

Park Department, six claims, \$18.75.

Police Department, three claims, \$22.
Public Works Department, thirty-two claims, \$373.57.

Transit Department, two claims, no amount.

Street, Commissioners, two claims, \$157.25.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1933.

Examinations will be held at the following points and on the following dates:

Boston, Monday, December 4.

New Bedford, Wednesday, December 6.

New Bedford, Thursday, December 7.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

PAUL E. TIERNEY,

PAYSON SMITH,

JAMES M. HURLEY,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

POLICE DEPARTMENT ORDERS.*General Order No. 325.*

Sergt. Patrick J. Freeley, Patrolmen Thomas G. Malone, Maurice B. Millett and Harold A. Donahoe, all of Division 1, are commended in General Orders for the prompt and effective application of the prone method of resuscitation to a victim of carbonoxide gas poisoning on October 17, 1933.

The Commissioner is pleased to recognize the successful application of this knowledge of the prone method of resuscitation as applied by these officers which probably prevented the loss of life.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 326.

Sergt. Arthur M. Tiernan and Patrolman William J. Bonner, both attached to the Bureau of Criminal Investigation, are commended in General Orders and each granted one week additional vacation for meritorious police duty performed on October 21, 1933, in the arrest of two notorious characters who were wanted by the Police Departments of several other cities as well as by this department for victimizing persons by larceny of large sums of money.

In addition, Sergt. Tiernan and Patrolman Bonner, with the assistance of members of the Cambridge and Wrentham police Departments and the Massachusetts State Police, arrested two dangerous characters on October 27, 1933, who have been terrorizing several communities. These two men were wanted in connection with several hold-ups, and one of them was wanted in connection with a murder recently committed in Cambridge, Mass.

The commissioner is pleased to recognize the splendid police duty performed by these officers in making these important arrests, which reflects great credit on the department.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 327.

Capt. Louis E. Lutz of Division 13, having arrived at the age of sixty-four years, having performed faithful service in the Police Department for thirty-eight and one-twelfth years, and having made application to be retired from active service, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Capt. Louis E. Lutz be retired from active service and that his name be placed upon the department pension roll with pay at the rate of two thousand (2,000) dollars per annum (payable monthly), said sum being one half of the amount of the compensation received by him in the office from which he is retired, previous to the 15 per cent reduction in pay, which went into effect, April 21, 1933.

NOTE.

By chapter 121, Acts of 1933 (having to do with reductions in pay), provision is made for retirement of those in a non-contributory system, at half of the rate of compensation received before such reduction.

The retirement of Capt. Louis E. Lutz, as herein provided, will take effect at

7.45 a. m., Wednesday, November 15, 1933.

Captain Lutz was appointed a reserveman in this department October 21, 1895, and advanced to a patrolman, July 30, 1896. His subsequent promotions were as follows:

Sergeant, June 2, 1916; lieutenant (and designated as drill master), December 26, 1922; captain, May 13, 1924.

Throughout his long years of service as an officer of this department, Captain Lutz has conscientiously and honestly endeavored to perform the duties which befell his lot.

His superiors in office have known of his industry and ability to organize, conduct and instruct classes of police recruits and others in needed phases of police work.

His work in the Boston Police School, since its inception, in the preparation of courses and in advice and suggestions to those in charge and instructing, has been invaluable. His reputation as an instructor amongst those who have been in his courses is something of which he may well be proud.

To the commissioner and superintendent and those at Headquarters, and throughout the department, with whom he came in contact, the captain was known as a modest and conscientious police officer, and one who by his own sincere efforts in the acquisition of knowledge fitted himself for his work.

The captain has honored his chosen profession, and now that he desires to retire, the commissioner extends to him, in behalf of all, the wish for continued good health and happiness.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 328.

Patrolman Charles R. Scofield of Division 7 is commended in General Orders for efficiency shown in the apprehension of persons sounding false alarms of fire, and in the apprehension of a number of juveniles who have been prosecuted for various breaks and larcenies in the public schools of the East Boston District.

The commissioner is pleased to recognize the perseverance and the effective police duty of Patrolman Scofield in accomplishing these important arrests and prosecutions.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe, a surface drain of 12-inch pipe and five catch-basins in Freeland street, between Standard street and 746 feet northerly, in the Dorchester district, at an estimated cost of \$3,400. Sewer between 710 feet north of Standard street and 35 feet northerly.

**CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)**

CIVIL ENGINEERS, DECEMBER 28 TO 30 1933.

Last day for filing applications, Monday, December 18, 1933, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be found ineligible for the higher grade, you will still have an opportunity to be placed in the next lower grade.

A separate application must be filed for each grade for which it is desired to apply.

An applicant must specify the grade for which he applies.

GRADE I.—Junior engineering aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,470 a year as reduced by statute.

Entrance Requirements: Education equivalent to high school graduation, or one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

GRADE II.—Senior engineering aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,380 to \$1,980 a year as reduced by statute.

Entrance Requirements: Education equivalent to high school graduation plus (a) one year's practical experience or, (b) two years' university training in engineering.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

GRADE III.—Junior civil or other engineers, senior engineering draftsmen and chiefs of survey parties. Men who, under general supervision, have local charge of a minor engineering project such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$1,980 to \$2,580 a year as reduced by statute.

Entrance Requirements: Education equivalent to that required for graduation in engineering from a university or technical school of recognized standing, and not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

GRADE IV.—Assistant civil or other engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,670 to \$3,210 a year as reduced by statute.

Entrance Requirements: Education equivalent to that required for graduation in engineering from a university or technical school of recognized standing and not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the state service as senior engineers and associate, district and chief engineers, will be held only when vacancies exist.

Passing Requirements: Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible in all grades.

VALUATION AND TAX RATE, 1932.

Real Estate, \$1,753,824,300; personal, \$136,180,700; total, \$1,890,005,000.

Tax Rate: City, \$30.94; county tax, \$1.87; State tax, \$2.69; total tax, \$35.50. Of the \$30.94 city tax, \$7.67 is for school expenditures.

PROPOSALS FOR REMOVING SNOW AND ICE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing snow and ice in the following snow districts Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12, and giving bond therefor of a surety company approved by the Commissioner in the sum of one hundred per cent of the total amount of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Removing Snow and Ice," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, November 23, 1933, with a certified check for three hundred (300) dollars, for each district, or thirty-six hundred (3,600) dollars for all the districts, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any district appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Voted, That the Traffic Regulations are amended as follows, effective November 20, 1933:

Section 17, Part 3, is amended by adding the following:

Melcher Street, South Boston.

Both sides, from A street to Summer street.

Section 50 is amended by striking out the following:

Bay State Road.

Beacon street to Chilmark street.

Section 50 is amended by adding the following:

Bay State Road.

Beacon street to University road.

JOSEPH A. CONRY,

(Nov. 11 and 18.) Commissioner.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners in accordance with chapter 393 of the Acts of 1906 has passed orders for the laying out and construction of the following highways:

DORCHESTER.

Hillsboro road, from Hazleton street to Ormond street over Byers road.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said order, and that all work to be done in said highways, by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes, must be done before Saturday, December 16, 1933, as after that time no permits for opening will be granted until two years after said highways are completed.

C. J. CARVEN,

(Nov. 18.) Commissioner of Public Works.

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified, according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City, including assessments for the suppression of gypsy and browntail moths, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy taxes and assessments with interests and all legal costs and charges, or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex on Court street, in said City of Boston, on Monday, December 4, 1933, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interests, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold, but do not include the cost and interests thereon and costs and charges incident to this sale.

SCHOOL ATTENDANCE FOR NEW ENGLAND.

Number of children 5 years old, 152,206, of whom 53,104, or 34.9 per cent, were attending school; 6 years old, 151,668, of whom 124,301, or 81.9 per cent, were attending school; 7-13 years, 1,076,523, of whom 1,056,813, or 98.2 per cent, were attending school; 14 and 15 years, 294,870, of whom 267,933, or 90.9 per cent, were attending school; 16 and 17 years, 289,691, of whom 159,078, or 54.9 per cent, were attending school; 18-20 years, 416,527, of whom 93,046, or 22.3 per cent,

were attending school. Number of persons attending school who were 21 years of age and over was 71,917.

Total number of boys, 5 to 20 years of age, 1,192,582, of whom 884,708, or 74.2 per cent, were attending school; total number of girls, 5 to 20 years of age, 1,188,903, of whom 869,567, or 73.1 per cent, were attending school; total children 5 to 20 years old, 2,381,485, of whom 1,754,275, or 73.7 per cent, were attending school; total children 7 to 20 years old, 2,077,611, of whom 1,576,870, or 75.9 per cent, were attending school.

POPULATION 21 YEARS OLD AND OVER, BY SEX, RACE, NATIVITY AND CITIZENSHIP BY DIVISIONS AND STATES, APRIL 1, 1930.

For the UNITED STATES there are 72,943,624 (37,056,757 males and 35,886,867 females) persons 21 years old and over, of whom 52,762,391 (26,418,580 males and 26,343,811 females) are native white; foreign-born white, 12,637,643 (6,797,494 males and 5,840,149 females), of whom 7,627,436 (4,217,576 males and 3,409,860 females) are naturalized; 1,218,416 (926,454 males and 291,962 females) have first papers, 3,342,837 (1,435,309 males and 1,907,528 females) are alien and 448,954 (218,155 males and 230,799 females) citizenship not reported; Negroes, 6,531,939 (3,235,441 males and 3,296,498 females) and other races, 1,011,651 (605,242 males and 406,409 females).

For NEW ENGLAND there are 5,095,074 (2,481,494 males and 2,613,580 females) persons 21 years old and over, of whom 3,309,557 (1,596,613 males and 1,712,944 females) are native white; foreign-born white, 1,721,714 (851,225 males and 870,489 females), of whom 889,577 (456,052 males and 433,525 females) are naturalized, 142,894 (107,250 males and 35,644 females) have first papers, 648,976 (270,709 males and 378,267 females) are alien and 40,267 (17,214 males and 23,053 females) citizenship not reported; Negroes, 58,770 (29,595 males and 29,175 females) and other races, 5,033 (4,061 males and 972 females).

For MASSACHUSETTS there are 2,686,487 (1,287,970 males and 1,398,517 females) persons over 21 years of age, of whom 1,656,040 (787,645 males and 868,395 females) are native white; foreign-born white, 994,411 (481,255 males and 513,156 females); Negroes, 32,898 (16,406 males and 16,492 females); other races, 3,133 (2,664 males and 474 females). Of the foreign-born white, 513,787 (260,530 males and 253,257 females) are naturalized; 85,892 (62,821 males and 23,071 females) have first papers; 371,508 (148,351 males and 223,157 females) are aliens; for 23,224 (9,553 males and 13,671 females), citizenship was not reported.

For SUFFOLK COUNTY there are 566,051 (276,761 males and 289,290 females) persons over 21 years of age, of whom 305,311 (148,703 males and 156,608 females) are native white; foreign-born white, 244,674 (119,403 males and 125,271 females); Negroes, 14,614 (7,343 males and 7,271 females); other races, 1,452 (1,312 males and 140 females). Of the foreign-born whites, 128,825 (66,813 males and 62,012 females) are naturalized; 24,775 (17,766 males and 7,009 females) have first papers; 83,112 (31,732 males and 51,380 females) are aliens; for 7,962 (3,092 males and 4,870 females), citizenship was not reported.

For BOSTON there are 507,711 (247,490 males and 260,221 females) persons over 21 years of age, of whom 275,616 (133,937 males and 141,679 females) are native white; foreign-born white, 216,349 (105,080 males and 111,269 females); Negroes, 14,330 (7,193 males and 7,137 females); other races, 1,416 (1,280 males and 136 females). Of the foreign-born white, 114,119 (58,651 males and 55,468 females) are naturalized; 22,254 (15,817 males and 6,437 females) have first papers; 72,974 (27,901 males and 45,073 females) are aliens; for 7,002 (2,711 males and 4,291 females), citizenship was not reported.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 25.

SATURDAY, NOVEMBER 25, 1933.

No. 47

MAYOR CURLEY EXPLAINS WORKINGS OF NEW PLAN FOR PUTTING CITIZENS TO WORK UNDER THE NEW ORDERS FROM PRESIDENT ROOSEVELT IN ORDER TO PREVENT SUFFERING DURING WINTER MONTHS—NEWS BROADCAST OVER CITY HALL RADIO STATION BRINGS JOY TO THOUSANDS OF DESPAIRING AND SUFFERING FAMILIES—URGES ALL TO UPHOLD AND CHEER THE PRESIDENT IN HIS WORKS.

The following is the radio address of Mayor Curley from City Hall Station on November 20:

During the past week the governors of each of the forty-eight states and the mayors of each of the principal cities of the United States were in conference in Washington, D. C., with the new dynamo in charge of putting people back to work in America, Harry Hopkins, and today a conference was held at the Gardiner Auditorium at the State House with the mayors and chairmen of the Boards of Selectmen of cities and towns of Massachusetts to consider a program whereby some 92,000 persons who are now receiving aid or who are without employment might be able to find work.

There is a lot of misunderstanding with reference to the program for the expenditure of \$400,000,000, which has been allotted to provide work for the unemployed of America, and I believe it is clearly the duty of every one to make the facts perfectly clear to the public. It would be an utter impossibility in my opinion to put 92,000 men to work and with \$12,000,000 allotted to the state were the 92,000 placed at work at once, making a certain allowance for the cost of materials and supervisory forces, it would mean but twenty-four days' work for each one of the individuals it would be placing at work. Now, it is the purpose of Mr. Hopkins, the Federal Works Administrator on this particular project, to continue in employment these men until February 15 or a period of about eleven or twelve weeks. The departure from the custom that has so long obtained in the allocating directly from the Federal treasury for the providing of work for the people represents the second direct step taken by President Franklin D. Roosevelt to provide opportunities for employment for the people of the United States.

It is really in a sense a more constructive and forward-looking measure than the original measure as contained in the N. R. A. as adopted by Congress in that it makes provision for the immediate employment of these men. The difficulties of course that are confronting the cities and towns of the United States will be to find sufficient projects upon which work may be provided for the men, but nevertheless it is a long step forward.

Classes of Work Limited.

We in the northern section of the United States will experience difficulty in providing work for the people in that a limitation has been placed upon the character of work to be provided. There can be no portion of the money applied to snow removal nor cleaning of streets and removal of ashes, garbage and combustible waste. This will mean that it will be necessary to confine our expenditures to the repairing of existing buildings, for the reason that the work cannot be done on new building construction. At this season of the year and until February 15 it is not unreasonable to anticipate that in most sections of Massachusetts there will be from three to ten inches of frost in the ground. This will limit cities and towns in the matter of outdoor building construction and should we be visited with heavy snowfalls, it would be impossible to carry on underground construction such as sewerage or water works in any section of the city.

We have made up our program and will file the program within the next twenty-four hours, even though we might have to work the entire next twenty-four hours and hope to be able to put some men to work during the present week. Provision has been made in the bill that only those be given employment upon this work who are upon the Welfare rolls on or prior to November 16 so that there is no benefit to be derived by any individual who feels he has to enroll upon the Welfare rolls to be considered for work at the present time. A further provision requires that persons may register for this work with the Federal Employment Bureau in each city or town and in the event that a sufficient number of men cannot be secured from the Welfare list that after December 1 men will be secured from the Federal list as established.

Now, then, I would like to have this thoroughly understood for the reason that in the Election Commissioner's office this morning there were fully three thousand men clamoring for citizenship certificates in order that they may be placed on the Public Welfare list and obtain employment. Unless a person was receiving public welfare prior to November 16 it is impossible for him to receive prior consideration upon this particular project. In our own city we have compiled a list and the list embraces everything from the repair of public buildings to the construction of parks and of roadways. It of necessity contemplates certain work that in all probability might be delayed over a long period of years, but we propose doing this work since it is essential work and necessary work in order that large numbers of men may be employed.

Kind of Work.

For example, in the list as compiled by the Park Commissioner we have made provision for concrete steps leading down from the roadway to the beach the entire length of the Strandway, from the junction of Columbia road and the Strandway to Castle Island, or a distance of more than two miles. We can employ men at this time during the winter to the extent of five hundred, building a plaza on the vacant reservation on the Strandway, with benches, and tables and chairs, trees and shrubbery and in addition reconstructing the roadway between Columbia Circle and Castle Island.

(Continued on page 1312.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, November 27, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

CITY CREDIT UNION SHOWN TO BE IN FLOURISHING CONDITION DESPITE DRAINS DUE TO DEPRESSION—ORGANIZATION FORMED BY MAYOR CURLEY IN HIS PREVIOUS ADMINISTRATION TO SAVE EMPLOYEES FROM DISTRESS AND PERSECUTION BY LOAN SHARKS PROVES GREAT BOON DURING PAST FEW YEARS—REPORT IS PRESENTED.

The City of Boston Credit Union, which was begun and instituted by Mayor Curley and which has been of such a boon to the city employees during the past few years, is shown to be in a very flourishing condition, by the report of the Credit Committee for 1933.

According to the report the number of shares in force as of October 31 of this year was 15,080. Total amount loaned for the year, \$340,266.51; total amount loaned since organization, \$2,822,435.61, and total amount charged to guaranty fund since organization, \$9,866.86. The board of directors, also, this year have made some recommendations that will aid the members of the Union and those desiring to take advantage of this means of providing for themselves and their families, until the depression has been conquered.

The full report is as follows:

REPORT OF CREDIT COMMITTEE, 1933.

Number of shares in force October 31, 1933	15,080	Losses charged to Guaranty Fund	\$1,119 13

RECOMMENDATIONS OF THE BOARD OF DIRECTORS.

1. That the maximum number of shares which may be held by a member during the ensuing year be fixed at one hundred.
2. That the maximum amount of savings which a member may deposit in any one month be fixed at twenty-five dollars and the maximum amount which a member may have on deposit at any time be limited to \$2,000, exclusive of accrued interest.
3. That the maximum amount of credit which a member may have at any one time during the ensuing year be fixed at two hundred and fifty dollars.
4. That the amount of entrance fee for the ensuing year be fixed at twenty-five cents per share.
5. That a dividend at the rate of — per cent be declared, payable on or after December 1, 1933.

PUTTING CITIZENS TO WORK.

(Continued from page 1309.)

The Public Works Department have made arrangements for the repairing and resurfacing of 150 private ways and accepted streets upon which work would in all probability would not be done for five years or more and the utilizing of one thousand men on this particular work. One of the most important and the most difficult works to undertake is the smooth surfacing of the alleys of the city, and without this Federal appropriation it would be an impossibility to do work of this character.

We propose to repaint and redecorate and repair with plumbing, carpentry and masonry work every one of the municipal buildings requiring it, and we propose in addition, through our Planning Board, to make plans contemplating the requirements of the city for the next one hundred years. It is our purpose likewise to repaint all of the beds and all of the wards in the city hospital.

It should mean in the United States the employment immediately of four million of the twelve million who are on the Welfare rolls or who are without employment. I hope you will appreciate the great difficulty confronting the President of the United States and I am going to ask everyone listening in to send a letter of encouragement to the President, either in Warm Springs or at the White House, to show the President that we are with him heart and soul in his courageous and highly

intelligent endeavors in restoring equality of opportunity and liberty to the people of America.

SCORES ATTACKS ON PRESIDENT.

I have no patience with the banking fraternity or the newspapers that have been stabbing him in the back during the last three months and that have been endeavoring to destroy the N. R. A. program and have succeeded in a large measure and I have not patience with Professor McNair, who has denounced him as one who sought to be a Messiah and infallible. President Roosevelt has never declared that he was infallible and never sought to be a Messiah. I quote you the words of the professor:

"The President's own political shrewdness is so timely that it is fatally shortsighted. He has correctly sized up to emotional state of mind of a large part of the electorate and capitalized it, beginning with his plea for the 'Forgotten Man' early in the campaign and carrying straight through his policies since inauguration. This part of the new deal is hardheaded analysis by a master politician of what a large part of the country at the moment thinks, or rather feels.

"A second ingredient of which the new deal is compounded, I am beginning to think, is the President's own emotional sense of destiny. He is developing what may be termed a Messianic complex. His judgment is becoming biased through the emotional impact of such phrases as 'the new deal' and the 'Roosevelt Revolution.'"

I submit to you that in the four years of the administration of Herbert Hoover as President of the United States, we received only promises and empty words. Under Roosevelt we have received opportunities for employment, we have received appropriations never received under President Hoover and we are under the leadership of the one individual in America that has the vision and has the courage and the will to lead us out of the slough of despair and on the high road to prosperity. His is a weighty load to carry, as great as was ever placed on the shoulders of one man in the history of our nation. When he took office on the 4th of March this year every bank in the country was closed, there were thirteen millions of unemployed in America, despair and fear in the hearts of everyone. He has restored faith in the nation and made absolutely certain a restoration of opportunity to the people of America. He has opened up the banks, he has made possible the return of a portion of the peoples' money by the reopening of the banks and through his public works program he has paved the way for opportunity for employment for the people of America.

His load has been heavy and his heart has been heavy and I submit to you that it is a duty that we owe our fellow-man and our country so I suggest we write right now and tell him that we are back of him and pray Almighty God for the success of his great work undertaken for the benefit of the working men and women in this country.

FIRE DEPARTMENT ORDERS.

General Order No. 51.

I. CIVIL SERVICE LISTS.

The following letter, which has been received from Hon. James M. Hurley, Commissioner of Civil Service, is published for the information of the department:

"November 16, 1933.

Mr. EUGENE M. MCSWEENEY, Fire Commissioner, Bristol Street, Boston.

DEAR MR. MCSWEENEY,—In accordance with your request of November 15, the eligible lists for promotion to captain and district chief in the Boston Fire Department are hereby extended until the new eligible lists are established.

Very truly yours,

JAMES M. HURLEY,
Commissioner of Civil Service."

By order of Fire Commissioner
EUGENE M. MCSWEENEY.

HENRY A. FOX,
Chief of Department.

General Order No. 52.

I. THE AMERICAN RED CROSS.

The officials of the American Red Cross have requested the Fire Commissioner to announce to the department that the Annual Roll Call of the Red Cross is now being conducted and members of the department are invited to join or renew their membership in this organization of mercy.

Subscription blanks are being furnished to the District Chiefs and heads of the department branches. District Chiefs will take the matter up with the various company commanders and as-

certain the names of those who wish to contribute this year. The names of the members who desire to join should be filled out on the enrollment blank, and these blanks with subscriptions should be returned to the Fire Commissioner not later than Monday, December 4. Pen-nants and buttons will be furnished to all members who make a contribution. The cards sent out today will be displayed on the fire houses until the close of the roll call.

The Fire Commissioner has been requested to issue the following statement concerning the work of the Red Cross this year:

"It is particularly desirable that a good showing be made this year, since many new responsibilities have recently been placed on the Red Cross, of which the most important at the present is the distribution of free food and supplies for the Federal Government. The Boston Metropolitan Chapter alone has distributed 750,000 garments, 300,000 bags of flour, 13,000 bags of corded wood, 2,000 bottles of cod liver oil, and has also helped otherwise 35,000 families."

II. MEAL PERIOD.

Members of the department who are performing a twenty-four-hour tour of duty on Thanksgiving and Christmas Days will be granted one meal period of two and one-half hours. Company commanders will arrange these meal periods as conveniently as far in advance of these holidays as is possible for the men, and the strength and efficiency of the companies must be maintained.

Members who are on duty on the above days from 8 a. m. to 6 p. m. may be granted meal periods on condition that members working opposite them

on the 6 p. m. to 8 a. m. tour of duty substitute for them while they are absent.

The rule for Christmas Day applies to either Sunday or Monday, December 24 or 25.

By order of Fire Commissioner
EUGENE M. MCSWEENEY.

HENRY A. FOX,
Chief of Department.

EXTENSION OF CONTRACTS.

SUPPLY DEPARTMENT.

The Mechanics Iron Foundry Company have been allowed to extend the completion date of the contract, dated February 8, for furnishing Class B (gates and hydrants) castings to the Water Service, from December 1 to December 31.

The Mechanics Iron Foundry Company has been allowed to extend the completion date of the contract, dated January 19, for furnishing Class D (frames and covers) castings to the Water Service, from December 1 to December 31.

CONTRACT AMENDED.

McCarthy Brothers have been allowed to amend the contract for furnishing and installing typewriter tables at Bowdoin School and English High School by striking out the word and figures "September 1, 1933" on page 1, in connection with progress and completion and substituting therefor, the word and figures "October 23, 1933," so that said article on page 1 shall read: "The work under this contract is to be completed on or before October 23, 1933."

REPUBLICAN LEADERS AIM TO DRIVE THE SMILE FROM THE FACE OF PRESIDENT ROOSEVELT. MAYOR CURLEY QUOTES STATEMENTS FROM BAY STATE LEADERS TO SHOW CAMPAIGN OF SNIPING NOW UNDER WAY.

Upon November 24 Mayor Curley issued the following statement:

Any lingering doubt that any individual may have had as to the honest intent of the Republican machine in Massachusetts to support wholeheartedly the program of President Roosevelt has been dissipated during the past week.

At a meeting of the Women's Republican Club, held at their quarters on Beacon street, Congressman Luce, regarded as one of the mentors of the Republican party, declared it his belief that the N. R. A. will be nothing more than a temporary fad and in response to the question from the floor as to what he would have done were he elected President, he replied that he would have "followed the program of President Hoover."

Congressman A. Piatt Andrew declared that under President Roosevelt "the ship of state has been cut loose from its moorings and is drifting towards a turbulent sea, and a rubber dollar has become the national medium of exchange."

Congressman Martin predicted that the Republicans would "capture the lower house in the next election."

Congressman Edith Nourse Rogers declared "the smile is not seen so much recently upon the face of Roosevelt." "The load is growing heavy."

These statements made by leading Republicans, coupled with the action of the Republican City Committee in its indorsement of former Republican Mayor Nichols would indicate that the forces responsible for the greatest depression ever known in the history of America were uniting for the purpose of again securing control of the affairs of the nation.

It is not beyond the bounds of possibility that the Republican machine, through its financial and news agency control, will shortly inaugurate a program of propaganda for the purpose of endeavoring to convince the American people that the party of Herbert Hoover were not responsible for the depression

that has brought such misery, sorrow and tears to the people of America during the last four years.

Franklin D. Roosevelt has been in the office of the Presidency of the United States for a period of seven months and during that period of time has made possible the employment of more than three millions of men. I would like to ask the enemies of the N. R. A., the leaders of the Republican party, if they believe a system of child slavery in industry should be permitted to continue in America, or do they believe that Franklin D. Roosevelt is right in his efforts to abolish this debasing and destructive system? I should like to ask the leaders of the Republican party if they are opposed to the enactment of legislation to restrict the employment of women in industry at night? I should further like to ask the advocates of the Republican machine politics if it is not true that for the entire four years of Hoover, conditions became worse each year? I should also like to ask the Republican party to justify the failure of 15,000 banks in America while the Republican party have been in control since 1920?

I should like to ask the Republican Congressman responsible for the reference to the absence of the smile from the face of Franklin D. Roosevelt, how it would be possible for any man sincerely interested in his country and its people to maintain a smile and at the same time carry the weight that has been carried by President Roosevelt since assuming the office of President with the superhuman task which he has been required to assume in his intelligent and courageous endeavor to rectify the mistakes of his Republican predecessors and to right the wrongs inflicted upon the American people.

The Republican party has thrown down the gauge of battle in their brutal assault upon the President of our nation and the N. R. A. and in their contemptible reference to the absence of a smile from the face of the President they insult every worthwhile American.

TRAFFIC COMMISSION RULINGS.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of building moving, estimated to be one (1) week, vehicles are excluded from the following streets when signs are placed, effective November 18, 1933:

Joseph Coburn, X-ray technician (temporary), \$3.75 a day; Edward J. Harrington, assistant engineer (temporary), \$6.37½ a day; John Sautkulis, Joseph Hacsunda, male nurses (patients), \$456 a year; Frank Taylor, maid (patient), \$228 a year; Walter Quinlan, James Kelley, choremen (patients) (temporary), \$228 a year.

The following persons have ceased to be employed:

Alfred Sutherland, Daniel Brown, male nurses (patients), \$456 a year; Evelyn Tanguay, laundress, \$9.98 a week.

PUBLIC BUILDINGS DEPARTMENT.

Henry H. Griffin, custodian in public buildings at \$2,100 a year less 15 per cent has been transferred to custodian in county buildings at \$2,100 a year less 15 per cent.

Walter J. Harrington, fireman in county buildings at \$41.50 a week less 15 per cent has been transferred to custodian in public buildings at \$2,000 a year less 15 per cent.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law:

Hospital Department (Sanatorium Division).

For the week ending Thursday, November 16:

Edward L. Sullivan, relief night supervisor, 1 day, \$7.60.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 8, 1932, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Glenmont road, formerly Kenrick street, be, and the same hereby is, amended, by striking from said order the amount \$870 awarded to the Boston Ecclesiastical Seminary in said order and inserting in place thereof the amount \$2,000; that the amount \$2,000 be, and the same hereby is, awarded to The Boston Ecclesiastical Seminary for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 27, 1932, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Elm Dale street, be, and the same hereby is, amended, by striking from said order the amount \$25 awarded to Grace L. Hayward in said order and inserting in place thereof the amount \$110; that the amount \$110 be, and the same hereby is, awarded to Grace L. Hayward for the damages so sustained.

WORK FOR 6,000 MEN.

Upon November 20 the Mayor issued the following statement:

As a result of conferences between the various department heads and the Mayor on November 20, arrangements have been perfected which will make possible the employment of 6,000 men, divided as follows: Public Works Department, 2,000 men; Park Department, 2,500 men; Assessing Department, 200 men; City Planning Board, 100 men and women; School Department, 500 men; Hospital Department, 200 men; Public Buildings Department, 300 men; Library Department, 100 men and women; Fire Department, 100 men.

The specifications will be compiled by the Budget Commissioner and filed for nearly all departments before twelve o'clock noon, Tuesday.

As speedily as approval is granted by the state authorities work will be started. The men and women to be employed upon these projects will be those that come within the scope of the provisions of the act, namely, those who have been registered upon Public Welfare rolls on or before November 16.

All others desiring work with the city must register with the Federal Employment Office on Congress street, and in the event that more may be required later will be drawn from these lists after, December 1.

JAMES M. CURLEY, Mayor.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon November 20 the Mayor approved a contract with V. Calia for artificial stone footway and artificial stone steps in Colborne path. The following bids were received November 15:

V. Calia, \$3,196.70; A. R. Doyle, Incorporated, \$4,438; F. J. Jacobs Company, \$5,514.

Upon November 20 the Mayor approved a contract with V. Calia for laying sheet asphalt pavement and building sewerage works in Freeland street, Ward 18. Attached is abstract of all bids received November 14:

Bids opened Tuesday, November 14, 1933, at 12 o'clock m.

Sheet Asphalt With Clay Pipe.—Vito Calia, \$11,839.37; F. J. Jacobs Company, \$11,845.17; Baker, Matz & Co., \$12,095.75; J. Susi & Brother, \$12,437.60; Charles Capone, \$12,583.22; M. De-Matteo, \$12,740.60; D. Federico & Giammarco Company, \$13,041.34; Appel & O'Toole Company, \$13,241.16; W. G. C. Company, \$13,835.87; L. P. Federico & Son, \$13,925.20.

Sheet Asphalt With Concrete Pipe.—Vito Calia, \$11,699.37; F. J. Jacobs Company, \$11,705.17; Baker, Matz & Co., \$11,885.75; J. Susi & Brother, \$12,423.60; Charles Capone, \$12,583.22; M. De-Matteo, \$12,740.60; D. Federico & Giammarco Company, \$13,083.34; Appel & O'Toole Company, \$13,101.16; W. G. C. Company, \$13,695.87; L. P. Federico & Son, \$13,925.20.

Bitulithic, With Clay Pipe.—Vito Calia, \$12,037.37; F. J. Jacobs Company, \$12,112.67; Baker, Matz & Co., \$12,197.25; J. Susi & Brother, \$12,638.10; Charles Capone, \$12,750.72; M. De-Matteo, \$12,918.10; D. Federico & Giammarco Company, \$13,242.34; Appel & O'Toole Company, \$13,341.16; W. G. C. Company, \$14,003.37; L. P. Federico & Son, \$14,126.20.

Bitulithic, With Concrete Pipe.—Vito Calia, \$11,897.37; F. J. Jacobs Company, \$11,972.67; Baker, Matz & Co., \$11,987.25; J. Susi & Brother, \$12,624.10; Charles Capone, \$12,750.22; M. De-Matteo, \$12,918.10; D. Federico & Giammarco Company, \$13,284.34; Appel & O'Toole Company, \$13,201.16; W. G. C. Company, \$13,863.37; L. P. Federico & Son, \$14,126.20.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon November 23 the Mayor approved a contract with Joseph Botti & Son for sewerage works in private land, between Manchester street and Board of Survey Street No. 541, Dorchester.

The following bids were received November 23.

Joseph Botti & Son, \$609.50; D. Federico & Giammarco Company, \$959; J. D'Amico, Incorporated, \$968.80; Roxbury Concrete Construction Company, \$1,076.92; C. Andreassi Company, \$1,230; M. De Sisto Company, \$1,235; Prompt Contractors, Incorporated, \$1,435.

Upon November 22 the Mayor approved a contract with Bay State Dredging and Contracting Company for dredging off Calf Pasture pumping station.

The following bids were received November 21:

Bay State Dredging and Contracting Company, \$4,060; Trimount Dredging Company, \$4,550; James J. Coughlan & Sons, Incorporated, \$5,950.

SUPPLY DEPARTMENT.

Upon November 22 the Mayor approved a contract with lowest bidders as indicated, for furnishing hay, grain and straw to the various city departments during December. Bids, opened on November 20, were as follows:

Approximate Amounts on All Items.

80 Tons Hay, Large Bales, Per Ton.—William Culkeen & Sons Company, \$24.80; John J. White Company, \$24.40.*

4 Tons Straw, Large Bales, Per Ton.—William Culkeen & Sons Company, \$27*; The Whittemore Company, \$27; John J. White Company, \$27.40.

54 Tons, 108,000 Pounds Oats, Per Hundred Pounds.—William Culkeen & Sons Company, \$1.84; The Whittemore Company, \$1.83*; John J. White Company, \$1.845.

4 Tons Bran, Per Ton.—William Culkeen & Sons Company, \$32*; The Whittemore Company, \$34; John J. White Company, \$35.

1 Ton Cotton Seed Meal, Per Ton.—William Culkeen & Sons Company, \$42*; The Whittemore Company, \$42; John J. White Company, \$44.

1 Ton Linseed Meal, Per Ton.—William Culkeen & Sons Company, \$52*; The Whittemore Company, \$52; John J. White Company, \$54.

1 Ton Gluten Meal, Per Ton.—William Culkeen & Sons Company, \$47*; The Whittemore Company, \$47; John J. White Company, \$49.

1 Ton Corn Meal, Per Ton.—William Culkeen & Sons Company, \$34.20*; The Whittemore Company, \$34.20; John J. White Company, \$34.60.

1,500 Pounds Cracked Corn, Per Hundred Pounds.—William Culkeen & Sons Company, \$1.71*; The Whittemore Company, \$1.71; John J. White Company, \$1.73.

500 Pounds Whole Corn, Per Hundred Pounds.—William Culkeen & Sons Company, \$1.71*; The Whittemore Company, \$1.71; John J. White Company, \$1.73.

500 Pounds Kaffir Corn, Per Hundred Pounds.—William Culkeen & Sons Company, \$3*; The Whittemore Company, \$3; John J. White Company, \$3.15.

500 Pounds Wheat, Per Hundred Pounds.—William Culkeen & Sons, \$2.30*; The Whittemore Company, \$2.30; John J. White Company, \$2.45.

500 Pounds Buckwheat, Per Hundred Pounds.—William Culkeen & Sons, \$3*; The Whittemore Company, \$3; John J. White Company, \$3.10.

300 Pounds Sunflower Seeds, Per Hundred Pounds.—William Culkeen & Sons, \$6.80*; The Whittemore Company, \$6.80; John J. White Company, \$6.90.

100 Pounds White French Millet, Per Hundred Pounds.—William Culkeen & Sons, \$9.75*; The Whittemore Company, \$9.75; John J. White Company, \$10.

200 Pounds Hempseed, Per Hundred Pounds.—William Culkeen & Sons, \$5.25*; The Whittemore Company, \$5.25; John J. White Company, \$5.45.

2 Tons Crushed Oats, Per Ton.—William Culkeen & Sons, \$42; The Whittemore Company, \$40.40*; John J. White Company, \$41.

100 Pounds Canary Seed, Per Hundred Pounds.—William Culkeen & Sons, \$6.90*;

The Whittemore Company, \$6.90; John J. White Company, \$7.

Cash Discount for Payment in Ten Days.—William Culkeen & Sons, one half of 1 per cent; The Whittemore Company, one half of 1 per cent; John J. White Company, one half of 1 per cent.

*Contracts awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated in the accompanying communications the Mayor approved contracts with several firms and businesses for supplies and work. Communications from the several heads of departments were as follows:

PUBLIC WORKS DEPARTMENT (Paving Service).

BOSTON, November 17, 1933.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract, without advertising, to the Simpson Brothers Corporation for replacing asphalt pavement destroyed by the breaking of a water main in Washington street, city proper; in Adams street, Dorchester, due also to the bursting of a water main; and for repairing pavement over the sewer trenches in Pleasant street, Dorchester, the total cost of which will be approximately \$6,800.

The work to be done under this contract is all included in the district now being repaired by Simpson Brothers under their contract for repairing bituminous pavement on streets where the guaranty has expired and the prices for these two streets are identical with the unit prices paid to Simpson Brothers under their repair contract.

Referring to the repaving over sewer trench on Pleasant street, which has an area of over 750 square yards, I would say that Simpson Brothers are now doing work in this vicinity under their annual contract and have agreed to do this repaving at the same unit price for identical work in District No. 1 now under contract by the Central Construction Company, and by accepting this offer of the Simpson Brothers, a saving of about \$750 will accrue to the city.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

BOSTON, November 22, 1933.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract, without advertising, to Samuel J. Tomasello for resetting edgestone, relaying granite block pavement on concrete base, with grout joints, and replacing artificial stone sidewalks and driveways in Auckland street, Dorchester, from Bay street to Dewar street, at a cost not to exceed \$9,500.

This work is necessary because of the recent construction of sewerage works in Auckland street, the original pavement in which was laid by Mr. Tomasello who still holds the guaranty, and the unit prices to be paid are those established in the Permit Office schedule.

Yours respectfully,

C. J. CARVEN,
Commissioner of Public Works.

TRAFFIC COMMISSION.

BOSTON, November 16, 1933.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—This commission has voted, subject to your approval, to award a

contract, without advertising, to the Edison Electric Illuminating Company of Boston, to construct underground conduit and supply cable for service to automatic traffic signals, at a cost not to exceed nine thousand eight hundred and twenty-four (9,824) dollars, at the following intersections:

Columbia road and Washington street.
D street and Old Colony avenue.
Dudley street, Dunmore street and Hampden street.

Codman square.
Centre street and Corey street.
East Broadway and L street.
Elm Hill avenue and Seaver street.
Since the Edison Electric Illuminating Company of Boston is the only person having facilities available for supplying electrical energy, no benefit would accrue from advertising.

Respectfully yours,

JOSEPH A. CONRY,
Commissioner.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Hutchins avenue, Roxbury district, as a highway, from Day street westerly; with the name of Anaconda avenue or some other distinctive name; bounded and described as follows:

A highway named Nira avenue is hereby laid out, from Day street northwesterly for a distance of approximately four hundred and seventy feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Day street, forty-one and 56-100 feet; southwesterly by the southwesterly line of said Nira avenue as hereby laid out, four hundred seventy-six and 46-100 feet; northwesterly by the northwesterly line of said Nira avenue as hereby laid out, forty feet; and northeasterly by the northeasterly line of said Nira avenue as hereby laid out, four hundred sixty-five and 35-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvements.

Ordered, That this Board estimates that the abutting lots of land on both sides of said Nira avenue as laid out under this order, excluding lot designated as lot 1 on the plan hereinafter mentioned, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Nira Avenue, Roxbury, Assessment Plan, October 11, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Nira avenue (formerly Hutchins avenue), Roxbury district, as a highway, from Day street northwesterly, under the order of the Board of November 15, 1932, and awards no damages therefor.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1933.

Examinations will be held at the following points and on the following dates:

Boston, Monday, December 4.
New Bedford, Wednesday, December 6.
New Bedford, Thursday, December 7.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination

will be held, and only those so notified will be examined on that day.

PAUL E. TIERNEY,
PAYSON SMITH,
JAMES M. HURLEY,
State Examiners of Electricians.

PLANS COMPLETED FOR EMPLOYING BOSTON CITIZENS UNDER C. W. A.—MANY HEADS OF FAMILIES TAKEN OFF RELIEF ROLLS.

Upon November 17 the Mayor issued the following statement:

The program as compiled by the City of Boston contemplates the placing at work of 3,000 men. Of this number provision has been made to double the force of men now employed in the drafting of a block system of assessment for the City of Boston. For the past eighteen months, 100 engineers, draftsmen and architects have been employed at this work and the funds immediately available for the remainder of the year will be exhausted on December 2. Provided the Federal Government is willing to make a contribution towards this work, I shall endeavor to provide a portion of the fund out of the Reserve Fund so that not only the work may continue but the 200 engineers, draftsmen and architects, or the so-called white-collar men, may continue to be employed upon this work until February 15, 1934.

The City Planning Board has been working for a period of two years in anticipation of a program similar to that which has been determined upon by the Federal Government and are prepared to provide work at once for 100 architects, engineers and draftsmen. In every case technically trained college men will be used. The City Planning Board's program is a comprehensive plan anticipating the development of the city during the next century. This plan would embrace slum removal, highway construction, port development, sewer, water and traffic regulation and housing. This work can be started immediately when approval is received from the Federal Government. Additional engineers, architects and draftsmen can be employed in a supervisory capacity to the number of about one hundred in the supervision of the construction and work programs that have been determined upon by the Public Works Department, the Park Department, the Department of Schoolhouse Construction, Public Buildings Department and the Hospital Department.

The Park Department program contemplates the employment of 1,000 men embracing reclamation, grading and development of park and playgrounds and cemeteries and the establishment of 15 wading pools in various sections of the city for children. The Park Department program likewise makes provision for concrete steps the entire length of the Strandway, balustrades, tree planting and a plaza extending from the bridge at Columbia circle to Castle Island, with provision within the plaza for tables and chairs, trees and shrubbery, and permanent walks for a distance of more than two miles. The Park Department likewise makes provision for a permanent roadway the entire length of the Strandway, a road more than two miles in length with a width of 40 feet. The Park Department also contemplates the reclamation and grading of Tenean Beach, Savin Hill Beach and the various parks throughout the city, including the employment of 150 men for the extension and completion of the golf course at West Roxbury. This work, which has been prepared by the Park Department during the past three months in anticipation of a program that has finally been adopted

nationally, will permit of the employing of men within one hour after approval has been made by state and Federal authorities.

The Public Works program provides for the scarifying and the placing of a smooth surface top on some 250 streets and alleys throughout Boston and upon this portion of the Public Works Department program, 900 men will be employed. An additional 100 men will be required in connection with the extension of water mains that are dead-ended at the present time throughout the city.

The School Department and the Public Buildings Department as well as the Hospital Department have arranged to submit their programs not later than Saturday at 12 noon and between these three departments it is estimated that about one thousand men will be required, mostly mechanics, painters, carpenters, masons, plumbers and gas fitters and heating engineers, as well as electricians.

I estimate that within twenty-four hours after final authorization has been given that arrangements can be completed to place certain of these men at work and within one week after authorization, the entire number.

I believe it is the duty of the city to make a reasonable contribution as a measure of cooperation to the Federal Government in this relief work and I am prepared to do so. Upon the question of wages to be paid, in view of the fact that some 350 of the cities and towns in the Commonwealth will be confronted with this question, it would appear but proper that the State Administrator determine the wage scale so that there may be no restrictions and no delays in proceeding with the work.

NO DEFAULT BY CITY.

From the office of the City Treasurer the following was issued:

There was no agreement on the part of the City Treasurer and the State Treasurer to exchange checks on November 20 in settlement of their various accounts.

The settlement of these accounts has always been a matter of agreement between the State Treasurer and the City Treasurer. The statement of the amounts due the state and the credits due the city was received by the City only one week ago.

The State Treasurer was advised last week that the city would not be prepared to exchange checks on Monday and that he would be advised when such exchange could take place.

Presumably the payments should be made before the close of the year.

Any suggestion of default between the state and city is entirely unwarranted. The settlement of the bookkeeping between state and city is in no way comparable to a failure to meet a maturity or interest payment on a bond or note which is a definite promise to pay.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

QUARTERMASTER-PILOT, BOSTON PUBLIC WORKS DEPARTMENT, DECEMBER 19, 1933.

Last date for filing applications, Saturday, December 9, 1933, at 12 m.

Salary: \$7 per day less 15 per cent reduction. At the present time, there are two vacancies.

Duties: To assist the captain; keep the pilot house clean; keep a watch out for approaching craft; assist the captain in traffic counts, and in any other way in which called upon. Also to see that the boat is properly unhooked and the gates and chains in place when the boat is about to leave the ferry slip. Applicants should have a complete knowledge of the rules of the U. S. Steamboat Inspection Service.

Applicants must have a pilot's license for ferry boats of 900 tons, and possess a lifeboat man's certificate.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject order to become eligible.

Physical fitness to be determined by physical examination.

CHANGE IN AGE LIMIT, JUNIOR EMPLOYMENT REGISTRAR, DEPARTMENT OF LABOR AND INDUSTRIES EXAMINATION OF DECEMBER 2, 1933.

Minimum age limit for junior registrar changed to twenty-one years.

Last day for filing applications, Wednesday, November 22, 1933, at 5 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE.)

EMPLOYMENT OFFICE SUPERINTENDENT, DEPARTMENT OF LABOR AND INDUSTRIES, DECEMBER 6, 1933.

Last date for filing applications, Monday, November 27, 1933, at 5 p. m.

This examination is open to both males and females.

The entrance salary is \$2,010 a year. There are five vacancies as follows: Pittsfield, Greenfield, Lowell, Lynn and New Bedford.

Duties: The superintendent of a local office shall direct and supervise its employees and work and perform personally as much of this work as is necessary or desirable. This includes the assignment of work and its supervision, maintenance of the record system, and preparation of required reports.

Entrance Requirements: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application. Applicants must have education equivalent to graduation from a standard four-year high school and have eight years of experience, four years of which shall have been in commercial, industrial or personnel work of which at least two years shall have entailed supervisory responsibilities and may include, in lieu of two years of experience, four years of college or university training.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

MOVE TO COLLECT TAXES.

Upon November 20 Mayor Curley made public the following:

The City Collector advertised in last week's *City Record* properties for sale in Wards 4, 5 and 21. Under a law enacted this year but one advertisement is necessary for a sale, where heretofore three advertising notices have been required.

The remainder of properties upon which taxes for 1932 have not been paid will be advertised upon Saturday of this week and it is necessary for all persons who desire to avoid the inconvenience and expenses of a tax sale, or the repurchase of their property from some individual who has purchased the tax title to their property, to pay their taxes at once.

In consequence of the advertising of these properties the Collecting Department has been crowded with taxpayers during the entire day.

The Tax Collector has arranged to notify every individual whose taxes have not been paid of the necessity for immediate action in order to avoid unnecessary expense which will be entailed in the event of their failure to pay at once.

Arrangements have been made to receive payments from 9 a. m. to 5 p. m., and in the event that there are persons in line desiring to pay at five o'clock the office will continue open until all persons desiring to pay have had an opportunity.

JAMES M. CURLEY, Mayor.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

PLAYGROUND WORKERS, SUPERVISORS AND ASSISTANT SUPERVISORS, DECEMBER 27, 1933.

Last day for filing applications, Monday, December 18, 1933, at 5 p. m.

This examination will be for the service of all the cities and towns in the state where these positions are under civil service.

The playgrounds ordinarily are open from April to November. During the school year sessions are usually held after school hours and on Saturdays, and on all days except Sundays during the summer. In the summer, the usual salary is from \$15 to \$25 a week. The examination is open to both men and women.

Entrance requirement: Applicants must have education equivalent to high school graduation.

The general duties of playground workers require a knowledge of the interests of children, ability to organize and conduct playground activities and adult recreation. It is desirable that applicants have education, training or experience in physical culture, playground work, and physical training of juveniles.

Subjects and weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

There will also be a supplementary paper for those wishing to qualify as swimming instructors in playgrounds having a pool.

Passing requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Applicants who wish to be certified to positions as playground supervisors must have at least two seasons' actual experience in playground work.

Physical fitness to be determined by a physical examination.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, being parts of the private ways known as Ansonia road and Bronx road, owners unknown, bounded:

Easterly by Centre street, ten and 26-100 feet; southerly by another part of Bronx road and by another part of Ansonia road, by two measurements, twenty and 52-100 feet and two hundred sixty and 63-100 feet; southeasterly by another part of Ansonia road, eighty-eight and 59-100 feet; southwesterly by the same, ten feet; northwesterly by the same, by two measurements, ninety-three and 94-100 feet, and two hundred eighty-seven and 40-100 feet; northeasterly by the same, ten feet; southeasterly by the same, two hundred eighty-six and 82-100 feet; and northeasterly by the same and by another part of Bronx road, by two measurements, two hundred thirty-six and 35-100 feet and nineteen and 46-100 feet; containing sixty-four hundred and nineteen square feet, more or less.

The sewerage works to be constructed are as follows: In Bronx road 290 linear feet of 10-inch pipe sanitary sewer and in Ansonia road 380 linear feet of 10-inch pipe sanitary sewer.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the westerly side of Ansonia road, beginning at a point opposite the northeasterly line of Acadia road and extending southwesterly for a distance of approximately three hundred feet, the abutting lot of land at the westerly corner of Ansonia road and unnamed private way, the abutting lots of land on the easterly side of Ansonia road, between Alta Crest street and Acadia road, excluding the lot at the corner of Acadia road; and the abutting lots of land on both sides of Bronx road, between Ansonia road and Centre street, excluding the lots at the corners of Centre street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter

respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1119, Sewerage Works, Ansonia Road, Bronx Road, West Roxbury, October 31, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT ORDERS.

General Order No. 329.

For the Information of the Department.

The commissioner announces as the first step resulting from conferences with the Massachusetts Police Chiefs Association, that the following cities and towns will receive the list of paroles as compiled by the Boston Department each week: Arlington, Bedford, Belmont, Boston, Braintree, Brookline, Cambridge, Canton, Chelsea, Cohasset, Dedham, Everett, Hingham, Holbrook, Hull, Lexington, Lincoln, Malden, Medford, Melrose, Milton, Needham, Newton, Norwood, Quincy, Randolph, Reading, Revere, Somerville, Stoneham, Wakefield, Waltham, Watertown, Wellesley, Weston, Westwood, Weymouth, Winchester, Winthrop, Woburn.

Succeeding steps in the plan for the coordination and cooperation of the Police Departments near Boston will be announced from time to time.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 330.

A trial board consisting of Captains Campbell, Casey and Daley, having heard by reference a complaint made by Capt. John J. Mullen, Division 1, against Patrolman Edward F. Flanagan, Division 1, for alleged violation of Rule 41 of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the fifth day of November, 1933, the said Patrolman Edward F. Flanagan, while in uniform and on duty was under the influence of intoxicating liquor to such extent that he was unable to perform the duty of a police officer and in so doing he was guilty of an act contrary to good order and discipline and therefore tended to bring into disrepute his associates on the force and the Police Department as a whole,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence finds the said Patrolman Edward F. Flanagan guilty as charged. In view of the recommendation of Patrolman Flanagan's commanding officer that leniency be shown, and in view of the officer's previous good record, the Board respectfully recommends that the said Patrolman Edward F. Flanagan be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Edward F. Flanagan perform 210 hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 331.

It gives the commissioner great pleasure to publish for the information of the department the following letter:

THE COMMONWEALTH OF MASSACHUSETTS,
OFFICE OF THE
DISTRICT ATTORNEY FOR THE NORTHERN
DISTRICT,
CAMBRIDGE, November 10, 1933.

MR. EUGENE C. HULTMAN, *Police Commissioner*, Boston.

MY DEAR MR. HULTMAN,—We have just brought to a successful conclusion the trial and disposition in the Waltham arson and extortion cases, and I want to express to you my very deep appreciation of the fine cooperation given the Waltham Police Department by your department and to especially commend the splendid services of Deputy Superintendent McDevitt, Sergeant Liese and also the police stenographers, Harold Kraus, George S. Kirvan and George N. Godfrey.

I hope the opportunity may arise when we, of Middlesex, can in a more substantial way show our appreciation.

Very truly yours,

WARREN L. BISHOP,
District Attorney.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 332.

Sergt. Leonard T. Banks and Patrolman George F. Smith, both of the Bureau of Criminal Investigation are commended in General Orders and each granted two days' additional vacation for efficient police duty performed in connection with a communication from a deputy sheriff in West Virginia, relative to a man wanted for murder. As a result of the persistent efforts of these officers, day and night, in following up all clues and information, the wanted man was finally located serving a sentence in Bridgewater, and after proper legal procedure was turned over to the authorities from West Virginia.

The commissioner is pleased to recognize Sergeant Banks and Patrolman Smith for their persistent and untiring efforts in tracing and bringing to justice this dangerous criminal.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 333.

A trial board consisting of Captains Campbell, Casey and Daley, having

heard by reference a complaint made by Mathew Killen, Captain, Division 18, against Luke Moran, patrolman, Division 18, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Disobedience.

Specification: In that on the seventh day of November, 1933, the said Patrolman Luke Moran, did leave his post at Precinct 5, Ward 18, against the order of his superior officer, Sergeant Horton,

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence presented, finds the said Patrolman Luke Moran guilty as charged. The Board has considered the fact that Patrolman Moran disobeyed the order of a superior officer on one of the most important police days of the year, namely, Election Day; however, the Board has also considered the fact that Patrolman Moran has never before been complained of for a violation of the Rules and Regulations of the department, and in view of this good record, respectfully recommends that the said Patrolman Luke Moran be ordered to perform 105 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Luke Moran perform 105 hours' punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 334.

It gives the commissioner great pleasure to publish for the information of the department the following letter:

OFFICE OF
BOARD OF SELECTMEN,
MUNICIPAL BUILDING,
READING, November 10, 1933.

EUGENE C. HULTMAN,
Police Commissioner, Boston.

DEAR MR. HULTMAN,—The Reading Board of Selectmen expresses its deep appreciation for the wonderful assistance you have given it in starting and carrying out an advanced School of Modern Police Methods.

On the first night over one hundred police officers from Lowell, Lawrence, Cambridge, Malden, Melrose, Andover, Stoneham, Peabody, and other cities and towns as well as the Reading Department listened to a fine lecture by Deputy Superintendent William Livingston.

Thanks to your cooperation, the idea already is a real success.

Yours truly,

ALBERT N. LEMAN,
A. HOMER MORRISON,
J. WARREN KILLAM, JR.
Board of Selectmen.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN, *Commissioner.*

General Order No. 335.

The resignation of Patrolman Frederick L. Regan of the Bureau of Criminal Investigation, having been presented, it is hereby accepted, to take effect as of Monday, November 20, 1933, at 5.45 o'clock, p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN, *Commissioner.*

PROCEEDINGS OF CITY COUNCIL.

Monday, November 13, 1933.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President MCGRATH in the chair. Absent, Coun. Cox and Dowd.

Brooks, Ward 4; Eugene Rosenthal, Ward 5; John J. Sullivan, Ward 5; Michael Mahoney, Ward 6; Milton Norman, Ward 9; Denis O'Sullivan, Ward 9; Alexander Dehassio, Ward 11; Fred C. Latendorf, Ward 11; Melvin J. McIntyre, Ward 13; Charles David Golub, Ward 14; John J. Greaney, Ward 14; Edgar Snyder, Ward 15; Edward E. Slattery, Ward 16; Henry Joseph Anderson, Ward 17; James E. Mathey, Ward 18; Fred Thurlow Goodwin, Ward 19; Allan C. Hanson, Ward 19; William Wheaton, Ward 20.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments for the term ending April 30, 1934, viz.:

Weighers of Coal: Guy Taylor, 1419 Commonwealth avenue, Brighton; Marsden Knowles, 98 Winthrop street, Roxbury; Florence J. McCarthy, 114 State street, city; William F. Spragg, 55 Ashland street, Malden; John F. Willard, 58 Hill Top street, Dorchester.

Constable, to serve civil process upon the filing of the proper bond: John T. McGovern, 34 Worcester square, Suite 6, Boston.

Severally laid over a week under the law.

COMPENSATION FOR SUPERVISORS IN WARD 3.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1933.
To the City Council.

Gentlemen,—In the recent city election eight persons were appointed by his Excellency the Governor to serve as supervisors in four precincts in Ward 3. Section 23, chapter 54, of the General Laws, provides that the compensation for such services shall be fixed by the City Council.

In the opinion of the Board of Election Commissioners compensation at the rate of \$5 a day is adequate for the services rendered.

I submit herewith an order providing for this compensation, and respectfully recommend its adoption by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered: That under the provisions of section 23, chapter 54, of the General Laws, the compensation for supervisors appointed to act in the recent city election in several precincts in Ward 3 be fixed at the rate of \$5 per day.

Referred to Executive Committee.

LOANS FOR PUBLIC WORKS PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1933.
To the City Council.

Gentlemen,—I am informed that the State Emergency Finance Board has approved certain items in the comprehensive program of public works prepared by the city in accordance with the provisions of chapter 366 of the Acts of 1933.

In order that delay in starting work on these projects may be minimized, I submit herewith

loan orders on the various items, and earnestly recommend prompt consideration and approval of these orders by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$1,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for Reconstruction of Streets, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$1,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for Construction, Reconstruction and Replacement of Sewers, and the Covering of Open Water Courses, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 and chapter 324 of the Acts of 1914 the sum of \$350,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for Replacement of Brookline Avenue Water Main from the Brookline line to Beacon street, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That in accordance with the provisions of chapter 368 of the Acts of 1933 the sum of \$2,000,000 be, and hereby is, appropriated, to be expended under the direction of the Hospital Trustees for New Buildings and Alterations and Equipment, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That in accordance with the provisions of chapter 366 of the Acts of 1933 the sum of \$2,000,000 be, and hereby is, appropriated, to be expended under the direction of the School Committee for one new High School and one new Intermediate School, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Referred to Executive Committee.

NIGHT SESSIONS FOR TRAFFIC CASES.

The following was received:

City of Boston,
Office of Mayor, November 13, 1933.
To the City Council:

Gentlemen,—I herewith transmit to you report from Wilfred J. Bolster, Chief Justice of the Municipal Court, relative to your request to establish a night court in East Boston. This is in reply to your order of October 23, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

Commonwealth of Massachusetts.
Municipal Court of the City of Boston.
Court House, Boston, November 8, 1933.
Hon. James M. Curley,
Mayor of Boston.

Sir,—Upon receipt of notice from your secretary concerning night session for traffic cases, I wrote to the Police Commissioner and the Sheriff of Suffolk County to inquire of them the result, in point of cost and convenience, of the proposed action so far as concerns the Boston Police Department and the use of the Suffolk County Court House. I have received no response from either.

So far as concerns the merits of the proposal, it evidently was not understood that I have no authority to establish any sessions except within the judicial district of this court. This order apparently emanated from East Boston, with which I have nothing to do. In this court traffic cases are called early in the forenoon and are usually disposed of within an hour or two. As any such action as the order contemplates would entail additional personnel, the cost of which I estimate to be not less than \$20,000 annually, I am unwilling voluntarily to take the action proposed. It is my own opinion, shared by my associates, that the disadvantages, apart from cost, which would result from handling traffic cases in the evening would far outweigh the advantages of any such step.

Very truly yours,
WILFRED BOLSTER,
Chief Justice.

Placed on file.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1933.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been investigated and approved by the Budget Commissioner.

I submit herewith the necessary transfer orders and respectfully recommend their adoption by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Budget Department:

From the appropriation for A-1, Personal Service, Permanent Employees, \$205.42, to the appropriation for A-2, Personal Service, Temporary Employees, \$205.42.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Building Department:

From the appropriation for A-1, Personal Service, Permanent Employees, \$850, to the appropriation for B, Service other than Personal, \$850.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department:

From the appropriation for D, Supplies, \$31,000, to the appropriation for A-2, Personal Service, Temporary Employees, \$25,000; B, Service other than Personal, \$5,000; F-11, Special Items, Workmen's Compensation, \$1,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Long Island Hospital:

From the appropriation for D, Supplies, \$4,000, to the appropriation for E, Materials, \$4,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is authorized to make the following transfer in the appropriations for Institutions Department, Steamers "Hibbard" and "O'Meara":

From the appropriation for A-1, Personal Service, Permanent Employees, \$500, to the appropriation for C, Equipment, \$500.

Referred to Executive Committee.

TRANSFER FOR SUPERIOR CIVIL COURT.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1933.
To the City Council.

Gentlemen,—The attached request for an additional appropriation of \$200 to permit the continued employment of temporary employees in the office of the clerk of the Superior Civil Court has been received.

I submit herewith an order providing for the transfer from available county balances of the amount requested. I respectfully recommend adoption of this order by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Commonwealth of Massachusetts,
Superior Court,
Civil Business, Clerk's Office,
Boston, November 10, 1933.

Charles J. Fox, Esq., Budget Commissioner of the City of Boston, City Hall, Boston.

Dear Sir,—In order to retain the present number of employees under Item A-2, I will need an additional appropriation of two hundred dollars (\$200). Will you kindly see that the necessary transfer is made, and oblige,

Very truly yours,
FRANCIS A. CAMPBELL, Clerk.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Superior Court, Civil Session, General Expenses, A-1, Personal Service: Permanent Employees, \$200, to the appropriation for Superior Court, Civil Session, Clerk's Office, A-2, Personal Service: Temporary Employees, \$200.

Referred to Executive Committee.

VETO OF LOAN FOR WATER MAINS.

The following was received:

City of Boston,
Office of the Mayor, November 2, 1933.
To the City Council.

Gentlemen,—I return herewith, without my approval, the order passed by your honorable body on October 23, 1933, providing for a loan of six hundred thousand (\$600,000) dollars, under

the authority of chapter 324 of the Acts of 1914, for extension of water mains.

The Council has already approved in my program of public works projects an item of eight hundred thousand (\$800,000) dollars for high pressure water mains, and if this item is approved by the Emergency Finance Board, it will be necessary to adopt a loan order for that amount under the provisions of chapter 366 of the Acts of 1933, in order to obtain the benefits of the National Industrial Recovery Act.

For that reason I am constrained to veto the present order.

Respectfully submitted,
JAMES M. CURLEY, Mayor.

Placed on file.

THOMAS J. ROBERTS PLAYGROUND.

The following were received:

City of Boston,
Office of the Mayor, October 31, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to your request to level off and grade the playing surface of the Thomas J. Roberts Playground. This is in reply to your order of October 16, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 24, 1933.
Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to level off and grade the playing surface of the Thomas J. Roberts Playground.

The playing surface of this playground is level with the exception of a pitcher's box which was removed at the end of the baseball season. The football field is absolutely level. On the outside of the field there are a few local low spots which will be taken care of in the proper season.

Very respectfully yours,
WILLIAM P. LONG,
Chairman.

City of Boston,
Office of the Mayor, October 31, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, regarding your request to investigate the drainage system at the Thomas J. Roberts Playground. This is in reply to your order of October 16, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 24, 1933.
Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to investigate the drainage system at the Thomas J. Roberts Playground with a view to preventing the water from flowing into the cellars adjacent to said playground.

I respectfully beg to inform you that no water flows from the Thomas J. Roberts Playground into any of the cellars of the adjacent property.

Very respectfully yours,
WILLIAM P. LONG,
Chairman.

City of Boston,
Office of the Mayor, October 31, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to your request to make shower facilities available for the athletes at the Thomas J. Roberts Playground. This is in reply to your order of October 16, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 24, 1933.
Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to make the shower facilities available for the athletes at the Thomas J. Roberts Playground.

The shower facilities have been available for the athletes at this playground since the building was opened. Due to economic conditions the hot water was shut off for a short period during the summer months. It has now been available for some little time.

Very respectfully yours,
WILLIAM P. LONG,
Chairman.

Severally placed on file.

REMOVAL OF TREE, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, October 31, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report

from William P. Long, chairman of the Park Commission, relative to your request to remove the tree at the corner of Armandine and Washington streets. This is in reply to your order of October 16, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 23, 1933.
Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to remove the tree at the corner of Armandine and Washington streets, Ward 17, the roots of which have torn up the sidewalk, leaving it in a dangerous condition.

Investigation shows that the above tree is a live American elm and in very good condition. It has uprooted the sidewalk at the edgestone about four inches, but under the Special Acts of 1915, live trees on city streets cannot be removed.

The sidewalk can be repaired very easily by the Public Works Department.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, November 10, 1933.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$19,000 from the income of the George F. Parkman Fund to the maintenance and improvement of the Common and parks in existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 8, 1933.
Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$19,000 which is now available, to be expended under the direction of the Park Commissioners as follows:

Common and Parks in existence on January 12, 1887, Maintenance and Improvement of \$19,000

When the budget estimates were made up for the year 1933, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1933, to be transferred as it accrued from time to time during the year to the regular appropriation of the Park Department.

Respectfully yours,
DANIEL J. BYRNE, Secretary.

Ordered, That the sum of \$19,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of, \$19,000.
Referred to Executive Committee.

APPROPRIATION FOR SOLDIERS' RELIEF DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1933.
To the City Council.

Gentlemen,—When the original budget allowances for departments were made it was felt that in view of the possibility of the construction of a subway under Huntington avenue, the amount requested by the Soldiers' Relief Commissioner for relief payments to needy veterans and their dependents could be cut, because of the opportunities for employment which this particular construction project would afford to veterans. Unfortunately, the necessary approval for this construction work is yet to be secured by the city, and as a result payments for soldiers' relief, instead of being reduced, have remained at a high level. I am informed by the Soldiers' Relief Commissioner that the budget appropriation for his department will be exhausted before the end of this month, and he estimates an additional appropriation of \$113,000 will be required to meet the probable demands for the balance of the year. I submit herewith an order providing for the transfer of the desired amount from the Reserve Fund, and respectfully recommend adoption of this order by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1389 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$113,000, to the appropriation for Soldiers' Relief Department, F-8, Special Items, State and Military Aid, Soldiers' Relief and Burials, \$113,000.
Referred to Executive Committee.

LOAN IN ANTICIPATION OF TAXES.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1933.
To the City Council.

Gentlemen,—After a survey of the probable financial requirements of the city for the balance of the current fiscal year, the financial officers of the city are in agreement that an additional authorization of \$10,000,000 (ten million dollars) in the amount the city may borrow in anticipation of taxes should be secured. Since these officials are in close contact with, and have intimate knowledge of, the city's financial problems, I accept their opinion and submit herewith an order authorizing an extension of \$10,000,000 in the tax anticipation borrowing power of the city. Needless to say this additional authorization requested will not be used, unless absolutely necessary. I respectfully recommend adoption of the accompanying order by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That to provide temporarily money to meet the appropriations for the financial year 1933, the City Treasurer issue and sell, at such times and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston, not exceeding \$10,000,000 (ten million dollars) in the total in anticipation of the taxes of the current municipal year; that all such notes or certificates of indebtedness be dated the day the money for the same is received, be made payable with the interest thereon within one year of their date from the taxes of the year 1933, and bear interest from their date until the same are made payable at such rate as the City Auditor, the City Treasurer, and the Mayor may determine.
Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Herbert C. Armstrong, Jr., for compensation for damage to car caused by an alleged defect in Landsdowne street.

Boston Herald-Traveler Corporation, for compensation for damage to truck by city wagon.

SOLDIERS' RELIEF.

Coun. NORTON, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of November, 1933.

Report accepted, said order passed.

OCCUPANCY OF YOUNG'S HOTEL.

Coun. CURTIS offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to advise the Council:

1. The terms of the lease to the City of Boston of premises in the Young's Hotel Building for the use of Traffic Commission.

2. Is it true that it is planned to move the Law Department and Transit Commission into that same building?

3. When do the leases expire of the premises now occupied by the Law Department and Transit Commission?

4. Please list all other city activities under the jurisdiction of the Mayor now occupying leased premises.

5. Are there any premises owned by the city which are suitable or could be made suitable for occupancy by any of the above city activities.

Passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

President McGRATH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Danube street, from Bookford street to Dewey street, Ward 13, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Newport street, from Harbor View street to Crescent avenue, Ward 13, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Newport street, from Crescent avenue to Harbor View street, Ward 13, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Draper street, at Nos. 56, 58, 60, 62 and 64, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. GALLAGHER offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Dunboy street, from No. 24 Upland road to No. 61 Dunboy street, Ward 22, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. FISH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Ashmont street, from No. 262 to No. 276, inclusive, Ward 16, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of rule.

CONTINUANCE OF OLD AGE ASSISTANCE ACT.

Coun. McGRATH offered the following:

Resolved, That the City Council of Boston hereby favors the continuance of chapter 402 of the Acts of 1930, known as the Old Age Assistance Act, in its present form.

Passed under suspension of the rule.

REINSTATEMENT OF CHARLES H. McMAHON.

Coun. MURRAY offered the following:

Ordered, That the Civil Service Commission be requested, through his Honor the Mayor, to authorize the reinstatement of Charles H. McMahon as a clerk in the Water Service of the City of Boston.

Passed under suspension of the rule.

RECESS.

The Council voted, on motion of Coun. BRACKMAN, at 3:02 p. m., to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President McGRATH at 3:58 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) for additional appropriation of

\$200 to permit continued employment of temporary employees in office of Clerk of Superior Civil Court—recommending that same ought to pass.

2. Report on message of Mayor and order (referred today) for transfers within departmental appropriations—that same ought to pass.

3. Report on message of Mayor and order (referred today) that City Auditor be authorized to transfer from appropriation for Reserve Fund, \$113,000, to appropriation for Soldiers' Relief Department, F-8, Special Items, State and Military Aid, Soldiers' Relief and Burials \$113,000,—that same ought to pass.

4. Report on message of Mayor and order (referred today) for transfer of \$19,000 from income of George F. Parkman Fund to maintenance and improvement of Common and parks in existence on January 12, 1887—that same ought to pass.

Reports accepted; said orders passed, yeas 19, nays 0.

5. Report on petition of Marie Stewart (referred today) for children under fifteen years of age to appear at William E. Russell School on November 10,—recommending that leave be granted on usual conditions.

Report accepted; leave granted on usual conditions.

6. Report on message of Mayor and order (referred today) authorizing an extension of \$10,000,000 in tax anticipation borrowing power of the city—that same ought to pass.

Report accepted; said order read once and passed, yeas 18, nays 0.

7. Report on message of Mayor and order (referred today) that under provisions of section 23, chapter 54 of General Laws, compensation for supervisors appointed to act in recent city election in several precincts in Ward 3 be fixed at the rate of \$5 per day—that same ought to pass.

Report accepted; said order passed.

8. Report on message of Mayor and orders (referred today) for loans for certain items approved by State Emergency Finance Board in program of public works—that orders ought to pass.

The report was accepted, and the question came on the passage of the orders.

Coun. KELLY—Mr. President, when these orders came before us originally and we were asked to O K them for the State Board, we were told that there was a tremendous hurry to have the orders passed. At the time there was considerable debate among the members of the Council as to the goodness or badness of allowing the orders to be passed. We were then told that the orders would come back in the form of loan orders after the State Board approved and that we would have plenty of time then to go definitely into the merits of the order, that we would then be able to determine how many men would be employed, how much would be spent for day labor or under contract, whether citizens of Boston or people outside would be hired, and how the money generally would be spent. But now this is sent here to us by the Mayor of Boston, and he asks that we send it right through. Mr. President, I claim that this is a lot of money, and that the Committee on Finance of the Council should meet this coming week and ask the heads of the departments which will spend this money to come before them, so that they may find out how much is for labor, how much for materials, and how much for favored contractors, if there are any. Accordingly, I object to this order being passed today with no more deliberation by the members than is allowed in the short time we will be in executive session. I move, therefore, that the matter be referred to the Finance Committee of the Council for serious consideration, and that that committee report back to us this coming Monday.

Coun. NORTON—Mr. President, here are orders aggregating \$6,350,000, as I understand, and I would like to remind the colleague from Dorchester (Coun. Kelly) that all of this work is to be performed under the supervision of the state and national government. Therefore, I don't believe we will have the same waste that we have had in other city contracts. We must also bear in mind that our people are getting panicky at the present time, that the winter is facing us, with the terrible depression still on, and with the grave doubt in the minds of so many about their ability to obtain work and wages. So, under the circumstances, let us try this out. City Hall is to be eliminated. This money is going for streets, sewers, water mains, new hospitals, schools. Those are worthy objects. I believe we should pass these orders in the main at the present time, although I am going to vote against the \$2,000,000 for hospitals. I believe we have spent over \$13,000,000 on the present City Hospital site and the expert who acted for the Board of Trustees some time ago thought that if any more money was spent along hospital lines it should go for branch hospitals in some other section of the city. I would like to see branch hospital accommodations, say at Forest Hills, or some place that would be of convenient access to the people of Roslindale, Hyde Park, West Roxbury and that general section, a hospital that could be reached within ten minutes by the people out there, who now find access to our City Hospital very difficult. I am not suggesting that such a hospital be placed in my ward, but that it be placed in the neighborhood of Forest

Hills, accessible to all that adjacent territory. \$2,000,000 spent in that way would accomplish much for that community and would be a great help to that whole section. But I do feel that we should pass today most of these orders.

Coun. BRACKMAN—Mr. President, many weeks ago, when this question of the expenditure of millions through the State Emergency Finance Board came before us, we voted in favor of the passage of many of these measures that are before us today for action. But still month after month has gone by and nothing has been done. This comes before us today, however, and we are now asked to vote immediately without consideration. I am going to vote to send this matter to the Finance Committee so that another week may be taken for consideration before we act, because I believe a very important measure has been left out of the program that it is proposed to adopt, the \$800,000 for a high pressure water system for the Dorchester and Roxbury districts. That is something that is greatly needed, as the people of those districts are suffering from lack of such a system. I think, therefore, that that item could very well be substituted for some other item on this program, taking the place of something that might well for the time being be dispensed with. I think that order, looking to a high pressure water system for that section, ought to appear in this program. For that reason I would like to have a little time so that I may talk with the Mayor and see whether something cannot be done in regard to that item. Certainly no great harm will befall anybody if we take another week for consideration of matters which have been pending for months already. Our Finance Committee should be given a chance to look into this proposed expenditure of millions of dollars.

Coun. RUBY—Mr. President, just a word, in view of the remarks of the councilor from Ward 18 (Coun. Norton). I feel that, if the order is passed today carrying an appropriation of \$2,000,000 for City Hospital, surely an extension of the present City Hospital should not by any means be overlooked. I think the councilor is in error in the statement he made as far as the future development of hospital accommodations in the City of Boston is concerned, if I am correctly informed. I understood that when the present hospital got above a twenty-two hundred bed capacity, it would then be beyond the management of the trustees, and that branch hospitals should then be provided. I think it might be called to the attention of the Council that, in the process of construction of the City Hospital, it is contended that this \$2,000,000 should be expended in enlargement of the City Hospital on the present grounds; and I think it was the intention of the Mayor of Boston to ask the Legislature to give us another \$2,000,000 to finally complete the job not now completed. I think the idea in taking the Morgue and Pathological Building out of the hospital and putting them across the street was in order that \$2,000,000 more might be spent on the regular hospital accommodations, because even today, with conditions as they are in Boston, we have not the proper bed facilities in the hospital. It may be of interest to some of the members to know that patients whose recovery has not been completed have been asked to go home and convalesce because of the present conditions in the City Hospital. Patients have had to be placed in the corridors, and all that sort of thing. We certainly should do what we can to provide proper accommodations at the hospital. If ever anything was needed, it is this \$2,000,000 for additional construction at the City Hospital. With the present construction of kitchen and dining accommodations, with the program at present contemplated, certainly this \$2,000,000 coming through the reconstruction Finance Organization should be spent for the increase of hospital accommodations on the hospital grounds, having in mind the lack of facilities there today. I trust that the members will bear in mind the fact that this \$2,000,000 will prevent the hallways and doorways of the City Hospital being filled up at times with patients who should have better accommodations. I sincerely hope, therefore, that, having in mind the importance of the extension program of the City Hospital on its present grounds, that that work will be taken care of. Then, if new conditions warrant it, the other sections can be taken care of. I feel that hospital accommodations are needed in outlying sections of the city. But this money cannot be spent for that purpose. It is needed to improve the present City Hospital conditions. That being the case, this amount ought to be voted for that purpose, so that the hospital trustees may complete their program. They plan to provide I think, 350 additional beds in carrying out this construction program. I sincerely trust that the hospital program will not be interfered with.

Coun. HEIN—Mr. President, I would ask the City Clerk if this money is available now? Have we received it from Washington?

President McGRATH—The Chair would state that, if these orders receive their first reading today, they will receive their second reading in fourteen days, and if they are then approved they will be forwarded to the proper authorities in Washington for their sanction.

Coun. HEIN—Mr. President, the councilor from Roxbury said a moment ago that he would like to have a week to investigate this matter. Inasmuch as these orders will have to have two readings, the second reading taking place in fourteen days from now, will he not have the

privilege of making the investigation desired?

President McGRATH—Yes.

Coun. MURRAY—Mr. President, I think the councilor from Ward 18 (Coun. Norton) hit the nail on the head very well when he said that the outlying sections of Boston need hospital accommodations. The councilor from Ward 14 (Coun. Ruby) spoke about convalescents at the hospital being obliged to go home, in order to make room. Why would it not be well to take some of the money that we now expect to get and use it to complete the convalescent hospital in Dorchester, and possibly also spend some for the hospital in West Roxbury, thereby furnishing a home for convalescents? I think if we did that, patients would be sent out there and that it would really be an economy for the City Hospital and would help to relieve present conditions. The trouble is that we have not at the present time sufficient accommodations for convalescents. Money could very well be spent for this purpose in Dorchester, as well as in West Roxbury, and in that way present conditions at the City Hospital could be relieved.

Coun. BURKE—Mr. President, I am vitally interested in this matter. Time after time I have spoken of the importance of appropriations so that men can be employed, kept at work. I am glad that the councilor from Ward 18 (Coun. Norton) has now changed some of his theories and that he realizes the importance of putting people in Boston to work. He has in the past ridiculed the cry of "Work and wages," but now the councilor is favoring that very thing, although only a short time ago he said, "Save the money!" Mr. President, we need additional money for the Welfare Department; we need it for the hospital. We have arrived at a point now where additional efforts are required to relieve the unemployment situation, and I agree with the councilor from Ward 18 that it is a good idea to get the work started. I am sorry that he would favor taking out one of the most important projects of them all, that affecting the City Hospital. I am sorry that he feels that the money should not be spent there, that that is not as important as other projects contained in the program as submitted by the Mayor to the State Emergency Finance Board. However, it has been the practice of this Council since I have been a member, where large appropriations, particularly loan orders are placed before the body, to send the various items to the Finance Committee. You appoint a Committee on Finance, the reason being that it may consider such matters when they are placed before the body, giving us information as to how the money is to be used, where it is to be spent, and what proportions are to be used for contract work, for supplies and equipment, and what proportion is going to go for labor. We also want to find out the fact in regard to certain items we are interested in, on street work, for example, eliciting from the heads of departments where the streets included in the program are to be placed. The councilor from Ward 19 (Coun. Murray) suggested that it might be a good idea to have a hospital or relief station at Forest Hills. I agree that that may probably be a good idea, but there is nothing in this program that assures us that any of this money is to be used for that purpose. Another suggestion is for the opening up of a convalescent home in Dorchester, or enlarging such a home to a point where it will be valuable to use for convalescents coming from the City Hospital, recovering from serious operations. We do not, however, know what is to be done under this program, or what the details are. We have already waited a long time to secure the appropriation, and I think it is now up to us to find out something about what is going to be done. Although I hesitate to suggest a delay of a week, I would like to familiarize myself with what is going to happen in connection with the furnishing of this money. I think from a fair and square standpoint there should be no objection to affording an opportunity to find out about the different items before we vote. I voted in favor of a loan order involving \$10,000,000 today, in anticipation of taxes, because I was assured by the Budget Commissioner that it was necessary in order to carry on the business of the city. To be sure, we will have fourteen days in which to think the matter over if we pass these items today, before the final action; but I understand that it will then be impossible to cut the items down when they come before us for a second reading. Therefore, why is it not the proper thing for us to refer this matter to the Finance Committee, letting them call a meeting to find out what is going to be done? Let us know what it is all about. I think we are all in a fog. I think undoubtedly the orders should finally be passed, and what is proposed should be done. But in no event can we act before Thanksgiving, and if we pass the orders next week, I think action can be taken by the first of the month. Therefore, I am going to move reference of this matter to the Finance Committee, the same as all other orders of this kind are referred to that committee, so that we may know exactly what this is all about, what the appropriations are for, what is proposed to be done, and so on. I think the members of the Council who are in the dark should be given a break; let us see what is to be done with this money.

Coun. NORTON—Mr. President, the councilor from Dorchester (Coun. Burke) wants another week. What is there that he cannot find out in another week himself? Why hold up the whole

business? What is there that he personally cannot find out in a week, before final action is taken on this matter? Why this delay? The councilor from Dorchester keeps pulling me into this argument. It would be nice if we could discuss these things without bringing others into the discussion. But, since he has referred to my so-called inconsistency, let me for purposes of the record make just this statement. I have opposed contracts when those contracts were let out by the present chief executive of the City of Boston to a small group of contractors. I have never opposed projects of the kind proposed here where the Federal Government or the state government was going to step in and supervise the entire matter. There is going to be here no graft, no waste. I have opposed this contract business under the present city regime, but I have never opposed what is proposed in this order in the past, with the exception of the appropriation for the hospital. I want to see a complete branch hospital in the suburban section of the city, along the line of what was suggested by Doctor Goldwater, acting for the trustees of the City Hospital, five years ago, when he reported, after spending so many dollars in the future, in favor of a complete hospital unit in the suburban area. Now, work and wages! Work and wages! I don't know how many men this is going to put to work. I am ready to go along, however, with the President of the United States and Secretary Ickes, and the State Board. I am willing to admit that we may be wrong. For four years I have stood in the Council calling attention to the terrible character of the present depression, from which I can see no immediate escape. While I may be wrong, I believe that we, too, will come to the decision of the other nations that, so far as public works are concerned, trying to help out the situation in that way will prove to have anything but good results. But in the meantime there is this to be considered. In the proposition now before us there are no rock gardens, no rose gardens, no Havana Prado for the North End, no boulevard along the East Boston waterfront. These things are necessary, essential—streets, sewers, water mains, new hospitals and schools. What could be more necessary today with the present tendencies of American life, than proper hospitalization, for example. We have heard about the difficulty of handling patients in the City Hospital, how they have to put them even in the corridors. A hospital unit in the outlying sections would, of course, greatly relieve the demand upon the central hospital. We were informed some weeks ago that there was to be \$10,000,000 available for these things, and nothing has been done about it until now. Yes, I am voting for streets, sewers, mains, hospitals and schools, knowing that these expenditures are going to be supervised by boards appointed by our President and also by our state government. There will be no graft and no waste. That is why I am voting for these contracts, and why I am in favor of most of these items.

Coun. CURTIS—Mr. President, through the Chair I would like to ask the Budget Commissioner who is here, if he could refresh my recollection as to the amount of money appropriated for the City Hospital inside and outside the debt limit during the last four years, since I have been a member of the body, roughly?

President McGRATH—Not including the present item, the Budget Commissioner informs the Chair that it amounts to about \$10,000,000.

Coun. CURTIS—Mr. President, I agree with the councilor from Ward 18, that the item of \$2,000,000 for City Hospital should not be approved at this time. It is a hard thing to get up in this body and oppose an appropriation for the City Hospital. I do not admit that anybody is more interested in the unfortunates of the City of Boston or wants to see them better treated in matters of hospitalization than I. But I do believe that this item should not be passed at this time. During the past few years we have appropriated \$10,000,000 for that hospital. It is my belief that the facilities of the hospital could be doubled and yet if it were to continue to be administered in the way in which it has been administered, there would not be sufficient facilities for the people trying to get in there. The careless way in which admissions to the hospital have been handled by the present administration has been shown here in the hearings before the Committee on Appropriations. We know that many people are admitted to the hospital from places outside of Boston, to an extent that costs the city vast amounts, simply through inefficiency, carelessness and a desire to be a good fellow, or under the theory that the cases were acute emergency cases when many times they were not. We also know that there are other hospital facilities available in this city which, as has been brought out, could be hired by the city, thereby taking care of unfortunates at less cost to the city than would be occasioned by building new buildings over there. So I say now, when a new mayor is to be installed, and when there will be undoubtedly new plans for management, this money should not be appropriated for this purpose at this time. If the need arises, it will undoubtedly be possible to hire facilities outside of the City Hospital for the use of the City of Boston. If we have to spend money, let us spend it for the real benefit of the people. This business of borrowing money inside and outside the debt limit is putting a staggering burden on the people of Boston. Only

today in the *City Record* we find a diagram showing the amount of the debt requirement, and it appears that for every dollar raised from the people of Boston in the form of taxes, 13.64 cents goes to meet debt requirements, merely to meet interest and sinking fund demands on money that has been borrowed—\$16,000,000 here, \$5,000,000 there, \$10,000,000 somewhere else. So today when we pay our taxes one of the largest items is merely paying interest on the debt that has been incurred, a larger item than for all our public works services in the City of Boston. On this diagram that comes out in the *City Record* today we find that only 8.65 cents goes for our huge public works undertakings, whereas, as I say, 13.64 cents goes to meet the interest and sinking fund requirements. And so I say the time has come when we must be sure, if we are going to borrow these huge amounts, that the money is to be spent for things necessary for the city, and that hospital item is one of the things that I cannot find to be necessary at this time. There are ample hospital accommodations in this city which can be made available to the unfortunates in a way less expensive to the taxpayers than through the proposed construction. And so I shall vote against this item, and I hope it will be disapproved.

Coun. ROBERTS—Mr. President, when we discussed the matter of the proposed Huntington Avenue Subway a few weeks ago, I called attention to the fact that Massachusetts had been about the last state to avail itself of the Reconstruction Finance Act. So it seems to me that at this time we should not delay action upon this matter any longer. The Mayor's program was submitted July 31, and that program included items, besides the \$8,500,000 for the Huntington Avenue Subway, of \$3,000,000 for sewerage construction, \$2,000,000 for reconstruction of streets and \$2,000,000 for new hospital building, along with some other items. I say, Mr. President, that we have a duty to perform in the way of putting more men at work. We have here some projects that should be accepted, and accepted at once so that work may begin. The only one I have some doubt about is the hospital item; I doubt if that will put enough men at work to warrant its construction. Therefore, while I am going to vote for everything here, I am going to ask that the hospital item be voted upon separately, so that two weeks from now it will be acted upon separately, and in the meantime I trust that hearings will be held before the Finance Committee of the Council.

Coun. POWER—Mr. President, I don't believe there should be any delay in this matter. On July 31 the Mayor sent in an order with items totalling \$23,500,000. That was referred at that time to the Committee on Finance of the City Council, and the committee held not only private hearings but public hearings on every project submitted in that program. On August 7 it was reported back to the Council and all the items were taken up separately, and there was quite a lot of discussion upon each and every item. It then went to the Emergency Finance Board at the State House, and they are now sending it back to us. I do not think we should delay on the matter any longer. The councilor from Ward 18 (Coun. Norton) hit the nail on the head when he said that this is a part of the National Recovery Act. We represent only a small part of the national program, which covers the entire country, and \$6,350,000 is not so much for the City of Boston to spend. So I say, cut out the red tape and let us start putting somebody at work.

Coun. RUBY—Mr. President, with reference to the City Hospital appropriation, \$2,000,000, my reason for trying to show the members of this honorable body the error of omitting that, is because many times during the last three or four months I have had occasion to go to the City Hospital and to have conditions brought very strongly to my attention. I wonder if the members of the body who are inclined to vote against this item are bearing the real facts in mind? In a report submitted several years ago, referred to by the councilor from Ward 18 (Coun. Norton), a program was set forth covering at least ten years, necessitating the appropriation of a certain sum of money, and a sufficient sum of money, with the exception of \$2,000,000, has been appropriated by the Legislature of our Commonwealth to be spent over a three-year period. To complete this hospitalization program in our city will require \$2,000,000 more, and if this reconstruction program was not being carried out by the President of our United States, the incoming Legislature would be called upon to provide for hospital purposes \$2,000,000 more in order to finish the program which we started some years ago. With the completion of the planned expenditure, we will have a properly equipped hospital, with the necessary facilities, in our city. It should also be borne in mind that with the securing of this \$2,000,000 from the Federal Government, we are saving to the taxpayers of Boston one third, or 30 per cent of the money, getting an out-and-out grant of that amount. Certain parts of the hospital grounds have been made ready for the proposed last stage of the building, which will complete the City Hospital equipment. I think we must admit, Mr. President, that our hospital facilities today are not sufficient to take care of our sick, and we certainly have a duty to provide for them. By paving streets, taking care of our sewers, schools, water and hospital needs, we are

looking after the fundamental health and safety requirements of the citizens of our city. Certainly, a city like Boston should not keep men, women and children patients in the corridors of our hospitals. A city spending \$60,000,000 or \$70,000,000 a year in conducting its business should take care of the unfortunate sick in a proper way. Incidentally, I would call attention to that beautiful part of our hospital just opened within a few months to replace the old administration building. I wonder how many members of our body have visited the hospital the past few months, however, and have seen the trials and tribulations that the trustees and that wonderful superintendent, Doctor Dowling, and the rest of his staff, have had to contend with. I say that the most important item in this entire program, if you please, is the \$2,000,000 for hospital construction and completion. It means, as I understand it, a complete building to take care of 350 more patients, so that our hospital will be equipped to take care of 2,100—which, as I understand from Doctor Goldwater's report, is the maximum number that can be taken care of in that spot by any group of trustees. I say that when we have an opportunity to get this money, one third practically gratis and the rest to be repaid over a period of years, we ought to take advantage of it, because if we do not we will be compelled to arrange for a \$2,000,000 loan to finish the hospital program. How much better it is to provide the \$2,000,000 in this way. Otherwise, the \$2,000,000 that may later be appropriated for the hospital will not be available for other necessary developments. So I think we ought to be very grateful for this \$2,000,000 proposition. Let us take advantage of this opportunity to complete the hospital program. Certainly the work that has been done so far, through the appropriation that has been made and the efforts of the trustees, has been a credit to the Board of Trustees and the superintendent of the hospital. When you consider the medical and surgical buildings and the new administration building, which have been erected in carrying out the \$10,000,000 program, has not that work been a credit to the city that we live in? But we should bear in mind the fact that certain parts of the hospital are untenable and uninhabitable. Certainly, it is our duty and obligation not to interfere with the program when its proper completion is within our grasp, carrying out a program that has the approval of the Mayor of Boston, the Governor of the state, the Reconstruction Finance Board, and that naturally would have the approval of the President of this country as well as Secretary Ickes. So let us not put a stumbling block in the way of this proper use of the \$2,000,000—because, after all, a third of this money represents an out-and-out grant for which we will never have to pay back anything. Why should we not get some benefit from this \$3,300,000,000 program of reconstruction or from any further provision that may be made for the state? Certainly we in Boston and in this Commonwealth will have to bear a part of the burden all over the country, and therefore we should obtain some of the benefit. And we should not reject a hospital program that serves not only the South End and the Back Bay, but South Boston, Dorchester, Jamaica Plain, Forest Hills, Charlestown, East Boston, and every other section. It is not a question merely affecting my ward or your ward, or four or five wards of the city, but it is something that interests and benefits the whole of our city. When we speak of the poor and the unemployed of Boston, here is something that concerns them directly. Here we have an opportunity afforded to those who in their time of affliction and trouble cannot afford private hospitals, but are fortunately able to take advantage of our City Hospital.

Coun. BURKE—Mr. President, of course everybody here is in favor of appropriations for hospitals, streets, sewers and schools. But I would like to ask the Chair whether or not the Budget Commissioner, who is present in the Chamber, can tell us how this money is to be used? The only reason why I have arisen in my place is to find out what is to be done with the money—where it will go, how much will be used for labor and how much for supplies, and so on. I merely asked for a week's delay to secure such information. If the Budget Commissioner is able to give us the information, I think no doubt every one of us will vote for the items, because we have voted for them before—except, possibly, one or two of the councilors, perhaps the one on my right. Therefore, I would ask the Budget Commissioner, through the Chair, if he can give us such information.

President McGRATH—The Chair would say that during the next two weeks, while we are waiting for the second vote, there will be ample opportunity for any member of the Council to obtain information as to what will be done with the money.

Coun. HEIN—Mr. President, I move the previous question.

The previous question was ordered.

Coun. Kelly's motion to refer to the Committee on Finance was lost.

President McGRATH—The question now comes on taking up the different items individually. The Chair will ask Coun. Curtis if he is interested in any item outside of that for hospitals?

Coun. CURTIS—No, Mr. President.

President McGRATH—Then, we will vote on all items except the hospital item.

The roll was called, and all the items except the hospital item were passed, yeas 19, nays 0.

President McGRATH—The question now comes on the appropriation of \$2,000,000 for hospitals.

Coun. NORTON—Mr. President, for the purposes of the record I would like to state that I am going to vote against this item. If I felt that one child in Boston would be benefited by the expenditure of this \$2,000,000 for the City Hospital I would vote for the \$2,000,000.

Coun. ROBERTS—Mr. President, hasn't the previous question been ordered?

President McGRATH—The previous question has been ordered, and no debate is in order.

The hospital item was given its first reading and passage, yeas 17, nays, Coun. Curtis, Norton —2.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President McGRATH called up, under unfinished business, Nos. 3, 4, and 5 on the calendar, viz.:

3. Action on appointment submitted by the Mayor October 30, 1933, of Walter F. Delaney, to be a Constable.

4. Action on appointment submitted by the Mayor October 30, 1933, of John J. Manion, to be a Constable without authority to serve civil process.

5. Action on appointments submitted by the Mayor October 30, 1933, of William P. Kelley, Arthur J. Sangster and Joseph Tosanno, to be Weighers of Coal, and Joseph McCauley, Fred A. Bonang, Joseph O'Hanlon, James Suppley, Philip F. McMahon and Henry P. Hogan, to be Weighers of Goods.

The question came on confirmation. Committee, Coun. Gallagher and Barker. Whole number of ballots 17; yeas 17, and the appointments were confirmed.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. KELLY, for the Committee on Public Lands, submitted the following:

Report on message of Mayor and order (referred September 18) with reference to sale of real estate on North Grove street, belonging to Public Works Department, to Massachusetts General Hospital—recommending passage in accompanying new draft, viz.:

Whereas, The City of Boston is the present owner of property situated at the corner of North Grove street and Fruit street, in said City of Boston, and is also the owner of property situated on the northwesterly side of said North Grove street, between Fruit street and Cambridge street, and formerly used as an engine house of the Boston Fire Department and now used by the Sheriff of Suffolk County; and

Whereas, 23,005 square feet of land, with a frontage of about 162 feet on said North Grove street, with the buildings thereon, are no longer needed for public purposes, and about 1,460 square feet of land, with the building thereon, and formerly used as an engine house of the Boston Fire Department, as aforesaid, with a frontage of about 29 feet on said North Grove street, are no longer needed for public purposes, therefore, it is hereby

Ordered, That his Honor the Mayor be, and hereby is, authorized to sell at public auction, at an upset price of four dollars per square foot, the following described parcels of land and buildings:

About 23,005 square feet of land, with the buildings thereon, situated in said Boston on the southerly side of Fruit street and on the northwesterly side of North Grove street, at the corner of said streets, and having a frontage of about 162 feet on North Grove street, and about 1,460 square feet of land situated on the northwesterly side of said North Grove street, between Fruit street and Cambridge street, and having a frontage of about 29 feet on the said North Grove street, together with the building thereon, which was formerly used as an engine house of the Fire Department of the City of Boston as aforesaid.

The report was accepted, and the question came on the passage of the order.

Coun. MURRAY—Mr. Chairman, may I ask the chairman of the Committee on Public Lands to explain why this report has been made?

Coun. KELLY—Mr. President, as I understand it, the Council passed an order some time ago to sell this land to the Massachusetts General Hospital for \$6 a foot. For some reason or other, no sale took place. The reason was that the Massachusetts General Hospital, as I understood it, was not in a position to buy. So it came back to the Council with a request that we sell the land to them for \$4 a foot. The Committee on Public Lands felt, due to the fact that the original proposition had come in at \$6 a foot, that if we reported back an order recommending the sale to the hospital at \$4 a foot there might be a chance for somebody to criticize us. So the members of the committee felt that if the land was to be sold, so that there would be no feeling that any crooked work had been done, it should be sold at public auction, with an upset price of \$4 a foot.

Coun. NORTON—Mr. President, this is to

remove a manure pile that the people being treated in the Massachusetts General Hospital are suffering from. I am in favor of giving that land to the hospital, that wonderful institution, even free of charge.

The order was given its first reading and passage, yeas 16, nays, Coun. Murray—1.

CORPORATION COUNSEL AT LEGISLATIVE HEARING ON LIQUOR.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor be requested to consider the matter of directing the Corporation Counsel to appear before the legislative committee now drawing up legislation to deal with the dispensing of hard liquor in Boston after the prohibition law is repealed, with a view to making provision in the new law so that suburban, residential districts of Boston, where hard liquor was not sold previous to the prohibition law, may have the privilege of voting on the question—local option,—as to whether or not it is desired to have hard liquor, sold by the glass, dispensed in their section.

Passed under suspension of the rule.

INFORMATION FROM DEPARTMENT OF SCHOOL BUILDINGS.

Coun. NORTON offered the following:

Ordered, That the Department of School Buildings be requested to supply the City Council, through his Honor the Mayor, with the following information:

1. Did the department award a contract in 1931 for the erection of a granite wall on the grounds of the Edwin P. Seaver School?

2. Did the department award a contract in 1933 for the erection of a concrete wall to replace in whole or in part the granite wall erected in 1931?

3. If the answer to the above questions is in the affirmative, why was it necessary to replace the 1931 wall?

4. Why should a two-year-old granite wall disintegrate?

5. Who were the inspectors on the 1931 contract, and what did they report when the work was accepted?

6. Was the city protected by any guarantee from the contractor in 1931? If so, did the city invoke it?

Coun. MURRAY—Mr. President, that is a matter that concerns my district, and I would like to have some information about it.

Coun. NORTON—Mr. President, it is merely a question of why this wall should fall down in two years when the old Roman walls lasted a thousand years.

On motion of Coun. MURRAY the matter was laid on the table.

SALE OF PROPERTY OF HOME OWNERS.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of selling no home for unpaid taxes in Boston where the father or other provider is legitimately unemployed, and where the family lives in the home.

Passed under suspension of the rule.

Adjourned, at 4.53 p. m., on motion of Coun. NORTON, to meet on Monday, November 20, 1933, at 2 p. m.

Thursday, November 16, 1933.

Special meeting of the City Council, held in the Council Chamber, City Hall, at 1 p. m., Coun. COX, senior member, in the chair, and a quorum present.

JURORS DRAWN.

Jurors were drawn, the Mayor being absent, by Coun. RUBY, as follows:

Fifteen traverse jurors, Superior Criminal Court, Third Session, to appear forthwith:

John J. Kelliher, Ward 3; George A. Kuhn, Ward 3; George R. Fraser, Ward 6; Thomas J. O'Brien, Ward 6; George L. Mudgett, Ward 8; Carl H. Benders, Ward 9; John B. Mitchell, Ward 9; Peter A. Reilly, Ward 9; William J. Burke, Ward 11; Alvin E. Fredericks, Ward 12; William E. O'Brien, Ward 13; Barnett Holmes, Ward 14; John H. Purcell, Ward 17; Robert A. Gaston, Ward 19; Mike S. Humsey, Ward 20.

Adjourned, at 1.30 p. m.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 20, 1933.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President McGRATH presiding and all the members present.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment for the term ending April 30, 1934, viz.:

Constable, with authority to serve civil process upon the filing of the proper bond: William Schneider, 56 Torrey street, Dorchester.

Laid over a week under the law.

TENANCY OF YOUNG'S HOTEL.

The following was received:

City of Boston,

Office of the Mayor, November 20, 1933.

To the City Council.

Gentlemen,—I beg to submit herewith communication received from the Superintendent of Public Buildings relative to the occupancy by city departments of privately-owned premises, which is self-explanatory and constitutes a reply to order adopted by your honorable body under date of November 13, 1933.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Public Buildings Department,

November 17, 1933.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—Below are the answers to the order of the City Council dated November 13, 1933, relative to the occupancy by city departments of privately-owned premises.

1. The Traffic Commission is occupying Young's Hotel at no expense to the city until December 1, 1933. There is a tentative agreement to take effect on December 1, 1933, whereby the city is to pay an annual rental of \$4,200 but no lease has as yet been executed.

2. I have no knowledge of any plan to move the Law Department and the Transit Commission into Young's Hotel.

3. The lease of the Law Department for the occupancy of rooms 1001-1020, Lawyers' Building, expires on February 28, 1934. The lease of the Transit Commission at 1 Beacon street expires on July 31, 1935.

4. Department of School Buildings, 11 Beacon street; Finance Commission, Five Cents Savings Bank; Storehouse, Schoolhouse Department, 838 Summer street, South Boston; Medical Examiner, 274 Boylston street.

5. There is no suitable city property to house any of the above named activities.

Respectfully yours,

JOHN P. ENGLERT,

Superintendent of Public Buildings.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

William J. Barry, for compensation for damage to property at 28 Dock square, caused by leaking water pipe.

Walter Bradley, for compensation for damage to car caused by an alleged defect at Hanover and Cross streets.

Walter R. Branagan, for compensation for loss of hens killed by dogs.

Lucy M. Corbett, for compensation for damage to property at 4, 17 and 19 Wendover street, caused by diversion of traffic from Dudley street.

William A. Davidson, for refund on building permit.

Alice M. Flynn, for compensation for injuries caused by an alleged defect at 7 Waterlow street.

Peter and Julia Genduso, for compensation for damage to property at 3 Glenbrook street.

J. Goldberg, for compensation for damage to property at 319 Border street, East Boston, caused by city team.

Margaret E. Haviland, for compensation for injuries caused by an alleged defect at Bedford and Lincoln streets.

F. D. Hough, for compensation for damage to property at 323 Geneva avenue, caused by breaking of water hydrant.

Harry A. Kerner, for compensation for damage to property at 755-761 Dudley street, caused by negligent maintenance of sewer.

Fritz A. Lindstrom, for compensation for damage to car by city team.

N. N. Lipman, for refund on second-hand license.

E. I. MacDonald, for compensation for damage to car by ball thrown from Franklin Park Golf Links.

Vera T. Maginnis, for compensation for damage to car caused by an alleged defect at Albany street and Massachusetts avenue.

Charles P. Moseley, for compensation for damage to property at 109 Faneuil street, Brighton, caused by change of grade of street.

Helen A. Murray, for compensation for damage to car caused by an alleged defect in Adams street.

Margaret E. Robbins, for compensation for injuries caused by an alleged defect at 23 Munroe street.

Jennie Rogers, for compensation for injuries received on steamer "O'Meara."

Stewart Smiton, for compensation for damage to property at 160 Bunker Hill street, caused by backing up of water in cellar.

William F. Walsh, for compensation for damages caused by roots of tree blocking water pipes at 1694 Centre street, West Roxbury.

Mrs. Jenny Fine, for compensation for damage to property at 57 Savin street, Roxbury, caused by water being shut off.

Mary A. Watson, et al., for compensation for damage to property at 1148 Adams street, caused by laying of new sidewalk.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway, to operate motor vehicles between Kenmore square and the junction of Brookline avenue and Boylston street; over Brookline avenue, returning over Boylston street, Kilmarnock street, Queensberry street, Jersey street, Brookline avenue and Kenmore square.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. NORTON, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of November, 1933.

Coun. BURKE—Mr. President, I would like to find out whether or not arrangements have been made to provide for coal and oil for the recipients of soldiers' relief? I have had numerous complaints to the effect that they have not received any yet and I think we ought to find out whether or not there is enough money included in that appropriation to buy fuel.

President McGRATH—At the last meeting of the Council there was an appropriation of \$113,000 made by transfer which included coal, and so forth.

The report was accepted, and the order passed.

STATEMENT BY THE MAYOR ON EMPLOYMENT.

President McGRATH—The Chair will now request the City Messenger to call on his Honor the Mayor for the purpose of explaining to the Council and those in attendance the conditions concerning the employment of men by the Federal Government. Will the City Messenger open the doors and allow those on the outside to come in in the rear of the Council Chamber?

The City Messenger at this point escorted his Honor Mayor Curley into the Chamber.

President McGRATH—I will now turn the chair over to his Honor the Mayor.

Mayor CURLEY—Mr. Chairman and gentlemen, there has been considerable misinformation with reference to the utilization of the \$400,000,000 that have been made available under the Public Welfare Administrator Harry Hopkins. I endeavored to clarify the atmosphere with reference to it on Saturday last at a meeting of the Mayors' Club by directing attention to the facts as contained in the bill as adopted. The bill provides specifically that preference in employment be given to persons who were receiving welfare aid prior to November 16 and after December 1, provided there are openings for others, or opportunity for the employment of additional persons, they may be taken from the lists as established by the Federal Employment Bureau. Now, at the present time there are receiving welfare aid in Boston some 31,000 to 32,000 individuals, not all heads of families. I believe there are about 11,000 single men and women. The remainder are heads of families, so that if every one of those 22,000 were put to work, and that is a physical impossibility,

the allotment for the City of Boston would be disposed of in a period of four weeks. At the present time there are employed by the City of Boston approximately 18,000 men and women. That includes school teachers, police and fire officials. The quota that the Federal Government desires to be employed in Massachusetts, according to the announcement of the state administrator, is 92,000, and if our allotment or quota were based upon our contribution to the state of the state tax as levied on the City of Boston, which is the only fair way to consider it, that would mean we would be required in Boston to place at work a number of men, some 4,000 greater than the total number of employees that we have at present on the city pay rolls. Now the bill as adopted provides that no part of the money be expended for the removal of snow, for the cleaning of streets, or for the removal of ashes, garbage or combustible waste. Well, that leaves rather a limited area in which to expend money, for this reason: It provides that the entire allotment be expended by February 15th. In sections of the north and more particularly in New England, it is not unlikely or beyond the bounds of possibility that we will have between 3 and 10 inches of frost in the ground, and if we do, it is an impossibility to utilize men on construction of highways or on the building of sewers or the installation of water works. It provides further that a day's work upon this particular project will be limited to six hours and five days a week, and the payment for labor shall be a minimum 50 cents an hour for laborers and for mechanics, \$1.20. So if you establish the minimum rate of wages, it will be \$15 a week for those employed. And yet we are so limited that the most we were able to figure out was opportunity of employment for about 3,000 or 4,000 persons. I am having another conference this afternoon at three o'clock with department heads with a view to trying to double that number, but it is going to be rather difficult to do it. We will probably be required to expend such money as may be allocated to us and the total amount allocated to the state is \$12,000,000. On that basis, making provisions for a part of the allotment to the state itself, the total allotment to Boston will be about two and one half million dollars. Well, if you put 5,000 men at work, pay them \$25 a week, figure \$25 for material and labor and for supervision, at the least \$500,000 will be expended in a single month. So that we have to increase the number. But the most we can possibly put on, in my opinion, is about 8,000. If you put 8,000 on, it is \$40,000 a day and it is \$200,000 a week, and that would just about last ten weeks, or a little over ten weeks—possibly a little under eleven weeks. However, the point I assume everyone wants to know is, what their chances are for getting work. I want to be absolutely frank with you,—as the bill is drawn you haven't a chance in the world unless you have been receiving Welfare aid and were receiving it before November 16th. That is the law. There are 22,000 heads of families on that roll that will have to receive prior consideration, and the most you can possibly put at work, in my opinion, and work to advantage, even on projects that are perhaps a bit questionable, will be about 8,000 men. On the matter of increasing the number later, there is a possibility that there may be a later allotment. I don't know that there will be, but there may be. If there is, it will do no harm for you to register with the Federal Employment Bureau. Any further information that you might want will be secured from the state administrator at the Ford Building in Ashburton place. If there is any question anybody would like to ask, I will be glad to answer it.

A MAN IN THE AUDIENCE—What about the veterans?

Mayor CURLEY—I neglected to state that the persons to whom this work will be given will be drawn from the welfare list and from the Soldiers' Relief list, but the same rule that applies to the welfare as to November 16th will apply equally to the Soldiers' Relief.

A MAN IN THE AUDIENCE—I understand you are going to take these men from the Welfare?

Mayor CURLEY—Welfare and Soldiers' Relief.

A MAN IN THE AUDIENCE—What I would like to know is what is going to become of the young fellows who are too proud to go on the Welfare, who are between twenty-one and thirty years old, and who were too young to go to the World War. They are of age now. Are you going to give them a gun and tell them to go out and kill somebody?

Mayor CURLEY—Well, there is quite a lot of that being done now, but I don't think it is a good course to pursue.

A MAN IN THE AUDIENCE—I am between twenty-one and thirty and have been unem-

ployed for two years. Everywhere I go, they say, "Are you on the service list?" I cannot get on the Welfare. I say, leave the men on the Welfare. Half of them don't want to work anyway.

Mayor CURLEY—If you can improve the system, you are a wonder. I have had about everybody that felt they knew something about it tackling it for the last three years, and it is not perfection as yet, and I don't think it will ever be. You cannot perfect it, and I cannot. It is a situation for which none of us are responsible. There are 11,000,000 men out of work in the country. This is the second tangible and courageous provision that has been devised by the President of the United States where his predecessor did nothing for four years to provide opportunities for work for the people of America. He cannot provide it for all the people of America, but I assume he believes if 4,000,000 are restored to work with a sufficient wage to permit of their buying not only necessities but an occasional luxury, it will start up business in every other line and after all, the public employment, including Federal and state and county and municipalities of the United States represents in normal times only 20 per cent of the workers in America. You have got to get private industry started and I believe this may be the means of starting up private industry. Now, if the cities will cooperate and contribute a portion that should be contributed by them to this work, you can really increase the governmental allotment that will be expended for work, and speed up work in other directions. So far as relief for the man not eligible for Soldiers' Relief and not on the Welfare is concerned, there is little I can say to him. It is extremely difficult these times to find a job anywhere. The only thing he can do is go on the Welfare.

Coun. BURKE—I would like to inquire if this includes the program we had in mind some weeks ago that includes the loan orders that were passed a week ago by the City Council,—the \$7,500,000 to be used for public works program?

Mayor CURLEY—No, this is separate and distinct from that.

Coun. BURKE—There would be opportunity to put some more men to work on those other projects when the money is available and the work starts.

Mayor CURLEY—I have been waiting for two months for them to take some action on the question of the subway along Huntington avenue, which would give immediate work to 3,000 for a couple of years, and I haven't got action yet; but on the other proposition, I understand they have appropriated or approved a million and a half for hospitals and two millions for schools, and so forth. We are having a meeting this afternoon, and I hope they will agree to increase the allotment of the city to \$12,000,000. As a matter of fact, we should have \$19,000,000. There has never been any panacea for unemployment except work and wages, and they have waited five years to find it out.

Coun. MURRAY—How about the condition of the man who owns his own home, or partly owns it, who cannot receive Soldiers' Relief or go on the Welfare? A man who owns his own home, if he cannot get work, he cannot pay taxes, and the city is going to have a lot of property on its hands. I think some attention should be given to the man who owns his own home, or partly owns his own home, to give some work to him and help his family and help pay his taxes to the city.

Mayor CURLEY—I can appreciate the difficulties that concern you personally.

Coun. MURRAY—Or you, either.

Mayor CURLEY—And me also, but this is specifically a Federal law and we can only do what the law says we shall be permitted to do. The law says the men shall be taken from the Public Welfare and Soldiers' Relief rolls, and when the Soldiers' Relief and Public Welfare are exhausted, then we can take from the Federal rolls after December 1st, but I don't think there is any possibility of exhausting the Soldiers' Relief or the Welfare rolls. The Soldiers' Relief during the progress of the Governor Square Tunnel, or rapid transit extension, averaged about \$92,000 a month. Last month it was \$92,000; gone up \$60,000, or at the rate of increase of three quarters of a million dollars a year simply because we were not permitted to go ahead with the Huntington avenue tunnel.

Coun. BRACKMAN—The newspapers carried the report that this work was going to start Tuesday, tomorrow. Do you know whether they are going to start on this work as soon as that?

Mayor CURLEY—I don't believe it is possible for any city to get started as quickly as that for the reason we were not permitted to make up our own blank forms and the ruling requires that application must be made on

blank forms printed by the State Administrator and those forms were not distributed until about half past twelve today. We have got a fairly good program devised and if we can get approval we ought to have some of those men working by the first of the week, or by the last of this week maybe.

A MAN IN THE AUDIENCE—Was there something said about 50 per cent of the men being taken from the Welfare rolls and the other 50 per cent being taken from the Federal Employment office list in the original law?

Mayor CURLEY—Well, I think myself that proviso was put in in anticipation of the condition that might arise in a city or town where the Welfare roll is rather limited, where the Mayor of some town or the chairman of the Board of Selectmen had nobody on his Welfare roll. In that case, unless that proviso was there they couldn't take care of those they wanted to employ. But in our case that is not the condition. There are over 31,000 on the Welfare roll and 22,000 heads of families. The most you can possibly put to work is about 8,000 to 10,000 persons. I don't know where you would put 8,000 or 10,000.

A MAN IN THE AUDIENCE—I listened to a radio discussion yesterday from Chicago Institute by one of the assistant administrators of the Public Works program, and it was my understanding from that talk that 50 per cent were to be taken from the Welfare rolls and 50 per cent from the Federal employment roll, and the suggestion was made that everybody register at once for work—those who are not on Welfare or Soldiers' Relief. I was surprised to hear this morning the State Administrator say that there would be no work for men who are only on the Federal employment list, but only work for those on the Public Welfare list.

Mayor CURLEY—Well, I think it has been stated clearly in the first section of the proposition that only those who are in receipt of Public Welfare or Soldiers' Relief, and were in receipt of it prior to November 16th are eligible for work, until after December 1st.

A MAN IN THE AUDIENCE—It struck me that maybe by noon yesterday, at the time the broadcast was held, there might have been some change in that original plan.

Mayor CURLEY—Well, the Public Works Administrator of Massachusetts is the Supreme Court of the United States so far as we are concerned. We can take no other authority, not even Chicago. I don't know as I would want to take it.

Are there any further questions? (No response.)

President McGRATH—The Chair wants to thank the Mayor for coming and giving us this very necessary information.

The Chair will ask the spectators to retire to the outer rooms.

Mayor Curley here left the Chamber.

RECESS.

The Council voted at 2.55 p. m. to take a recess, subject to the call of the Chair. The members reassembled in the Council Chamber at 3.20 p. m. and were called to order by President McGRATH.

LOAN IN ANTICIPATION OF TAXES.

President McGRATH—The Chair will call up No. 5 on the calendar.

The question came on the passage of No. 5, viz.:

5. Ordered, That to provide temporarily money to meet the appropriations for the financial year 1933, the City Treasurer issue and sell, at such time and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston not exceeding ten million dollars in the total, in anticipation of the taxes of the current municipal year; that all such notes or certificates of indebtedness be dated the day the money for the same is received, be made payable with the interest thereon within one year of their date from the taxes of the year 1933, and bear interest from their date until the same are made payable at such rate as the City Auditor, the City Treasurer and the Mayor may determine.

On November 13, 1933, the foregoing order was read once and passed, yeas 18, nays 0.

The order was read a second time and again passed, yeas 21, nays 0.

POSTPONEMENT OF APPOINTMENTS BY THE MAYOR.

Coun. HEIN—I move that Nos. 1 and 2 on the calendar be called up and indefinitely postponed.

Nos. 1 and 2 on the calendar were as follows:

1. Action on appointment submitted by the Mayor April 3, 1933, on Charles F. G. Hale, to be a Constable.

2. Action on appointment submitted by the Mayor May 22, 1933, of Patrick J. McCarthy, to be a Constable.

President McGRATH—The question now comes on the indefinite postponement of Nos. 1 and 2.

Nos. 1 and 2 were indefinitely postponed, under suspension of the rules.

CONFIRMATION OF APPOINTMENTS.

President McGRATH called up Nos. 3 and 4 for confirmation, viz.:

3. Action on appointment submitted by the Mayor November 13, 1933, of John T. McGovern, to be a Constable.

4. Action on appointments submitted by the Mayor November 13, 1933, of Guy Taylor, Marsden Knowles, Florence J. McCarthy, William F. Spragg and John F. Willard, to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Barker and Cox, yeas 10, nays 7, and the appointments were confirmed.

INFORMATION FROM DEPARTMENT OF SCHOOL BUILDINGS.

Coun. MURRAY—I ask that No. 6 be taken from the table.

No. 6 is as follows:

6. Ordered, That the Department of School Buildings be requested to supply the City Council, through his Honor the Mayor, with the following information:

1. Did the department award a contract in 1931 for the erection of a granite wall on the grounds of the Edwin P. Seaver School?

2. Did the department award a contract in 1933 for the erection of a concrete wall to replace in whole or in part the granite wall erected in 1931?

3. If the answer to the above questions is in the affirmative, why was it necessary to replace the 1931 wall?

4. Why should a two-year old granite wall disintegrate?

5. Who were the inspectors on the 1931 contract and what did they report when the work was accepted?

6. Was the city protected by any guarantee from the contractor in 1931? If so, did the city invoke it?

The Council voted to take the matter from the table.

Coun. MURRAY—This school is in my district, and the first question is, "Did the department award a contract in 1931 for the erection of a granite wall on the grounds of the Edwin P. Seaver School?" The answer is "Yes." The next question is, "Did the department award a contract in 1933 for the erection of a concrete wall to replace in whole or in part the granite wall erected in 1931?" And the answer is "Yes."

The third question is, "If the answer to the above questions is in the affirmative, why was it necessary to replace the 1931 wall?" At that time I introduced an order because the wall was leaning then, and in conference with the heads of the School Building Department they informed me that the plans were faulty, and that the contractor lived up to every specification in his contract, and therefore he was not liable for the replacement of the wall. Therefore, the letting of the contract in 1933 for a new wall was because of no fault of the contractor on the previous job, because the wall specification and plans were faulty in the first place in 1931. The reason why the wall fell was because it was not built right and the specifications were wrong, and the city was not protected by a guaranty because there was no guaranty on faulty specifications.

Coun. NORTON—I am glad to have those answers, Mr. President. If the councilor has no objection, I would like to have this order go through to the Department of School Buildings and ask them for their official answer. I appreciate the replies of my colleague on the right, but it seems to me that there was a wall built in old Rome that is still standing up, and also there was a Leaning Tower. It seems that this specification department has built many of these walls and they should at least know how to draw up the specifications. That was the answer when we got a police boat that wouldn't run from here to the opposite end of the Council Chamber. I think my colleague will agree that this order should go through and ask the Department of School Buildings for their answer.

The order was passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. RUBY offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along No. 59 Rosseter street, Ward 14, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Topliff street, from Bowdoin street to Geneva avenue, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Nos. 56 to 64 Draper street, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. FISH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along No. 300 Ashmont street, Ward 16, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. BURKE offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Nos. 269, 271 and 275 Gallivan Boulevard, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. BARKER offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Coleridge street, Byron street to Wordsworth street, Ward 1, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Coleridge street, entire length, both sides, Ward 1, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. DOWD offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Reed's court, from Yeoman street to Ambrose street, Ward 8, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

ALLOTMENT FOR JUNIOR HIGH SCHOOL.

Coun. FISH offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to set aside from the two million dollars allotted it from the Federal Recovery Program, a sum sufficient to provide a junior high school in Ward 16, Dorchester.

Passed under suspension of the rule.

SCHOOL REPAIRS BY DAY LABOR.

Coun. GREEN offered the following:

Ordered, That the School Buildings Department be requested to do all future repairs on school buildings by day labor, and abolish present system of gift contracts and remove

from the rolls the "office in the bat" contractors.

Passed under suspension of the rule.

REPAVING OF TEMPLE STREET.

Coun. FITZGERALD offered the following: Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to repave Temple street, Ward 3, with smooth paving.

Passed under suspension of the rule.

STREETS OF BOSTON.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor be requested to consider the immediate expenditure of governmental money on repairing the accepted streets of Boston, and the accepting and placing in proper condition of the unaccepted streets in the suburban residential areas of the city.

Coun. NORTON—The Mayor of Boston has been here speaking about putting men to work. I understand that it is possible to fix many of the streets in the suburban residential areas through the winter months. Although there are 4 or 5 inches of frost in our streets, so far as placing some crushed stone and bituminous product on them, that can be carried on throughout the winter period. I am informed by the Commissioner of Public Works to that effect. Place them in proper condition, streets that are now in bad condition.

The order was passed, under suspension of the rule.

PROPOSED ACCEPTANCE OF AUGUSTUS AVENUE.

Coun. NORTON offered the following.

Ordered, That the Public Works Commissioner, through his Honor, the Mayor, be requested to consider the matter of accepting that part of Augustus avenue, Ward 13, which lies between Whitford street, Clarendon avenue and Metropolitan avenue, Ward 13.

Passed under suspension of the rule.

MONEY RECEIVED BY SHERIFF.

Coun. BURKE offered the following:

Ordered, That the Legislative Agent of the City of Boston be instructed by his Honor the Mayor to appear before the Committee on Municipal Affairs and request that legislation be enacted providing for the placing of money received by the Sheriff of Suffolk County for the service of writs in the custody of the City Treasurer.

Referred to the Committee on Rules.

TILING IN EAST BOSTON TUNNEL.

Coun. NORTON offered the following:

Ordered, That the Finance Commission be requested to investigate the letting out of the contract for tile work on the new East Boston Vehicular Tunnel.

Coun. BURKE—On the order,—that is about the one hundredth or one thousand and oneth order of a similar nature put in by the councilor from the ward adjoining mine, and on each occasion it has kept the Finance Commission and everybody else in the City of Boston pretty busy. By this time I suspect that he has gleaned considerable information about the various things he has been interested in. I feel kind of sorry that he didn't know the workings of the sheriff's department because he holds himself out to be a man who understands pretty fully municipal activities and the activities of the Suffolk County departments. I am glad he is putting in another order and getting more information about some of the questions that interest the taxpayers of the City of Boston.

Coun. NORTON—I plead guilty to that indictment of ignorance; plead guilty on two different occasions. There is no appeal from the court on the left here. Now, Mr. President, yes, I have introduced a number of orders, yes, proud of them. I am not going to bother this body with a list of the various orders that I have introduced. I will introduce more,—plenty of them. Now, Mr. President, I would like to say for the purpose of the record that vitreous enamel tile was asked for on this tunnel. A saving was expected—much cheaper material. If that is so, from informa-

tion I have gathered from the tile people, the city should have saved quite a sum of money. This is a \$19,000,000 tunnel. We are the body that appropriates the money here, and I think we ought to have some care in knowing what is going on. I would like to say to my colleague on the left here that this order calls on the Finance Commission, and there will be more as time goes on, as evidence is presented to me that the money of the citizens of Boston is being wasted. You asked something about the Suffolk County Courthouse. I don't believe there is a man in the room that understands the deputy sheriff fee system. I have heard as you have heard on the street from people regarding that particular system, pro and con, but I don't know just exactly what is the law up there and what is going on up there, and I doubt very much if anybody here knows until they hear officially from the sheriff himself.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. KELLY, for the Committee on Public Lands, submitted the following:

1. Report on order (referred October 30) that Superintendent of Public Buildings be authorized to lease for Post headquarters to the South End Post 105, American Legion, for the term of five years at an annual rental of one dollar a year, police station at 21 East Dedham street, when vacated, with right to cancel said lease by giving thirty day's notice in writing of intention so to do—that same ought to pass.

Report accepted; said order passed.

Adjourned, on motion of Coun. HEIN, at 3.55 p. m. to meet on Monday, November 27, 1933, at 2 p. m.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Myrtlebank avenue, Dorchester district, as a highway, from Gallivan Boulevard to Hill Top street, bounded and described as follows:

A highway named Myrtlebank avenue is hereby laid out, from Gallivan Boulevard to Hill Top street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Gallivan Boulevard and Milton street:

Northerly by Gallivan Boulevard, forty and 26-100 feet; easterly by the easterly line of said Myrtlebank avenue as hereby laid out, seven hundred thirty-one and 19-100 feet; southerly by Milton street, forty feet, and westerly by the westerly line of said Myrtlebank avenue as hereby laid out, seven hundred thirty-five and 69-100 feet.

Part between Milton street and Hill Top street:

Northerly by Milton street, forty feet; easterly by the easterly line of said Myrtlebank avenue as hereby laid out, five hundred forty-four and 56-100 feet; southerly by Hill Top street, forty and 28-100 feet, and westerly by the westerly line of said Myrtlebank avenue as hereby laid out, five hundred thirty-nine and 95-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Myrtlebank avenue, from Gallivan Boulevard to Hill Top street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston Myrtlebank Avenue, Dorchester Assessment Plan, October 26, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Myrtlebank avenue, Dorchester district, as a highway, from Gallivan Boulevard to Hill Top street, under the order of the Board of even date herewith, and awards no damages therefor.

TRANSFER OF APPROPRIATIONS.

City Auditor Rupert S. Carven announces the following transfers in appropriation in departments of the City of Boston and County of Suffolk, indorsed by Budget Commissioner Charles J. Fox and approved by his Honor the Mayor:

BOSTON PORT AUTHORITY.

Boston, November 15, 1933.

RUPERT S. CARVEN.

City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Boston Port Authority:

From the appropriation for G-1, Miscellaneous, \$31.05, to the appropriation for C-Equipment, \$31.05.

Respectfully,

RICHARD PARKHURST,
Vice-Chairman.

The above transfer was made by the City Auditor with the approval of the Mayor, November 17, 1933.

CITY COUNCIL.

Boston, November 15, 1933.

RUPERT S. CARVEN,

City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the City Council:

From the appropriation for B-1, Printing and Binding, \$25, to the appropriation for G-3, Incidentals, \$25.

From B-3, Advertising, etc., \$100, to G-3, Incidentals, \$100.

From B-13, Communications, \$7.40, to G-3, Incidentals, \$7.40.

From B-37, Photos, etc., \$75, to G-3, Incidentals, \$75.

From B-39, General Plant, \$29.55, to G-3, Incidentals, \$29.55.

There are bills amounting to \$430.70 against the City Council, item G-3, Flags, Ropes and Stakes. To meet this amount there is a balance of \$193.75. The appropriation was \$1,300 less than last year and there was not a corresponding number of events cut out, to comply with this reduction.

Respectfully,

JOSEPH McGRATH,
President.

The above transfers were made by the City Auditor with the approval of the Mayor November 17, 1933.

ELECTION DEPARTMENT.

Boston, November 17, 1933.

RUPERT S. CARVEN.

City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Election Department:

From the appropriation for A-1, Permanent Employees, \$303.33; C-17, Equipment, \$250; E-1 Materials, \$340; to the appropriation for A-2, Temporary Employees, \$898.33.

Sufficient money not having been appropriated to meet the expenses under this item.

Respectfully,

PETER F. TAGUE,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor November 17, 1933.

INSTITUTIONS DEPARTMENT.

Boston, November 17, 1933.

RUPERT S. CARVEN.

City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Institutions Department:

From the appropriation for Long Island Hospital, B, Service other than Personal, to the appropriation for Central Office, A-1, Permanent Employees, \$472.29.

To provide for necessary personnel adjustments.

Respectfully,

JAMES E. MAGUIRE,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor November 17, 1933.

PENAL INSTITUTIONS DEPARTMENT.

Boston, November 16, 1933.

RUPERT S. CARVEN.

City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Penal Institutions Department:

From the appropriation for House of Correction, D-2, Food, \$10,100, to the appropriation for B-37, Photographic, \$200; C-7, Furniture and Fittings, \$300; C-13, Tools and Instruments, \$1,500; D-4, Forage and Animal, \$800; D-5, Medical, \$500; D-16, General Plant, \$2,500; A-2, Temporary Employees, \$1,200; A-3, Unassigned, \$100; E-1, Building, \$1,500; E-13, General Plant, \$1,500.

From steamer "Perkins", B-39, General Plant, \$100 to Office Expenses, D-11, Motor Vehicles, \$100.

Necessary transfers within department appropriation.

Respectfully,

WILLIAM M. O'HARE,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor November 17, 1933.

CHANGES IN CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Matthew Cummings Company, Incorporated, have been allowed for the following changes in the contract for the Dorchester Girls' High School, Christopher Gibson District: Building two catch-basins, including frames and covers at \$150-\$300; furnishing and installing 60 feet of 4-inch Akron pipe at \$0.60 a foot, \$36; 33 cubic yards of trench excavation at \$2.50, \$82.50; 30 cubic yards backfilling at \$1, \$30; 389.26 cubic yards earth excavation due to change in grade of walks and planting spaces at \$1, \$389.26—\$837.76. This addition, per architect's letter of November 14, 1933, and the amount of \$837.76 will be added therefor, making the account as follows: Contract price, \$866,000; total additions, \$219,876.38; total deductions, \$18,732.65; amount of contract, \$1,066,143.23.

John Bowen Company, contractor for alterations to Old Laundry Building, Boston City Hospital, have been instructed to add to the contract the sum of \$3,389.35 for cutting off piles, extra excavation work, removing concrete and pile capping, etc., all as per letter dated

October 24, 1933. Original contract, \$95,000; corrected contract, as per order No. 1773, \$95,063.74; now added, \$3,389.34 corrected contract, \$98,453.08, total added, \$3,953.08, total deducted, \$500.

PENAL INSTITUTIONS DEPARTMENT.

Quincy Dry Dock and Yacht Corporation have been ordered to do the following work in addition to contract: Furnishing and machining two new bronze neck bushings for main engine high pressure cylinder, \$40; truing up two high pressure piston rods on main engines to suit new packing, \$55; renewing circulating engine piston rod, \$20; installing two new plates on ash plates (boiler) and bolting up, \$45; scraping in and fitting steam valve to feed pump, \$42.50; dismantling operating valve on steering engine, facing up, grinding seats and re-assembling together with furnishing new parts for steering engine, \$107; furnishing and cutting out new rubber water packing for condenser heads, etc., on condenser, \$54.35; renewing yoke and stem on boiler blow-off valve, together with new pillow blocks, gland studs and flange studs, \$37.50; boring and machining two sets of engine crosshead brasses, also drilling pin on float valve yoke, \$36; furnishing and installing approximately 40 feet of waterways on boat deck where rotted, as ordered by United States steamboat inspectors, \$180; taking up tile in gents' toilet room, saloon deck, renewing defective worn out deck plates and retiling, as ordered by United States steamboat inspectors, \$598; boring holes in plates at bow for United States steamboat inspector, and replacing with plugs again after examination, \$5; removing boat deck plates aft, starboard and port sides, where rotted, and replacing, \$300; furnishing and renewing with new decking on boat deck where rotted, before re-canvassing, as ordered by United States steamboat inspectors, \$180—\$1,700.35. This work will necessitate an extension of contract for completion from November 8 to November 22, 1933. Contract price, \$4,890; total additions, \$1,700.35; amount of contract, \$6,590.35.

EXTRA WORK UNDER CONTRACT.

M. F. Gaddis has been directed to perform the following extra work under the contract for building sewerage works in East street, from Adams street to Dorchester avenue, Ward 10, Dorchester. Items ordered: Furnish and place 110 cubic yards Class A concrete over sewer trench at contract price of \$8 per cubic yard. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$880.

SCHOOL ATTENDANCE FOR BOSTON.

Number of children 7-13 years old, 91,758, of whom 90,347, or 98.5 per cent, were attending school; 14 and 15 years, 25,659, of whom 24,507, or 95.5 per cent, were attending school; 16 and 17 years, 25,932, of whom 16,912, or 65.2 per cent, were attending school; 18 to 20 years, 41,282, of whom 10,991, or 26.6 per cent, were attending school; total children 7 to 20 years old, 184,631, of whom 142,757, or 77.3 per cent, were attending school. Number of persons attending school who were 21 years of age and over was 10,966.

CITY THANKED FOR RECEPTION TO CADETS.

Mayor Curley, on November 17, received the following communication from Lieut.-Col. S. B. Buchner, Jr., Commandant of Cadets, United States Military Academy, West Point, N. Y.

MY DEAR MAYOR CURLEY,—On behalf of the United States Corps of Cadets, I wish to convey to you the most sincere appreciation which we all feel of the many courtesies and warm hospitality which were extended to the cadets during their recent visit in Boston on the occasion of the Harvard-Army football game. Everyone is most enthusiastic over the warm welcome received at the hands of your city and looks forward in happy anticipation to future visits.

With warm personal regards and good wishes, I am,

Very sincerely,

S. B. BUCHNER, JR.,
Lieut.-Col. Infantry,
Commandant of Cadets.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR EAST BOSTON GARAGE, TRAFFIC TUNNEL.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for erecting and completing the East Boston Garage. The building will be located at 145-155 London street, East Boston. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of the total bid price. Proposals must be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Proposal for Garage, East Boston Traffic Tunnel," and delivered to the department or to its secretary before 12 o'clock noon on Monday, December 11, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of five thousand (5,000) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Plans, proposals, specifications and forms of contract may be obtained at this office on and after Monday, November 27, 1933. A deposit of \$5, in cash or by certified check, will be required for a set of plans and two sets of the specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The Department reserves the right to reject any or all proposals.

CITY OF BOSTON TRANSIT DEPARTMENT,
THOMAS F. SULLIVAN, Chairman,
NATHAN A. HELLER, Commissioner,
ARTHUR B. CORBETT, Commissioner,
WILBUR W. DAVIS, Chief Engineer,
EDWARD F. CONDON, Secretary.

(Nov. 25.)

CITY OF BOSTON.

TRAFFIC COMMISSION.

Voted, That the Traffic Regulations are amended as follows, effective December 4, 1933: Section 17, part 3, is amended by adding the following:

Thompson Square, Charlestown District.
Northeast side, from Church court to Green street.

JOSEPH A. CONRY,
Commissioner.

(Nov. 25-Dec. 2.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN EAST BOSTON, BRIGHTON, WEST ROXBURY, DORCHESTER AND HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse, between January 1, 1934 and December 31, 1934, including the removal of all household refuse during the spring cleaning period between April 1, 1934, and May 15, 1934, and shall also remove grass, garden refuse and leaves during the entire term of the contract, in the following districts: East Boston, Brighton, West Roxbury, Dorchester and Hyde Park, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Collecting and Removing Refuse and Garbage," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, December 5, 1933, with a certified check for 5 per cent of the total amount bid for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. There will be a minimum charge of two dollars (\$2) for each set of specifications taken out. If the price bid on any district appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal for said district. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
(Nov. 25.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN FELLOWS STREET, FROM ORANGE COURT TO HUNNEMAN STREET, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Fellows street, from Orange court to Hunneman street, Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Fellows Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, December 4, 1933, with a certified check for fifteen hundred (1,500) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposal will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Nov. 25.) Commissioner of Public Works.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CLOTH.

The Supply Department of the City of Boston invites proposals for furnishing to the House of Correction, Deer Island, Boston Harbor, cloth, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty cents (\$.20) for each set of blank proposals taken out. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, December 1, 1933, at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(Nov. 25.) Superintendent of Supplies.

DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR LAND.

The Superintendent of Construction of the Department of School Buildings, City of Boston, will receive sealed proposals for selling to the city land for a high school in the Washington-Irving District, Roslindale, Mass., in the territory bounded and described as follows: Beginning at the junction of Washington street and West Roxbury Parkway, thence by the centers of the Parkway, Weld, Merlin, Centre, Congreve, South, Walworth and Washington streets to the point of beginning, to contain 125,000 square feet of land, more or less. All proposals must be submitted at or before 2 o'clock p. m., of Monday, December 11, 1933, at the office of the Superintendent, eighth floor, 11 Beacon street, Boston. Said proposals will at that time be publicly opened and read, and thereafter a public hearing will be given by the Superintendent at said office, Monday, December 18, 1933, at 2 o'clock p. m., at which hearing the proposals and suitability of the land offers therein will be considered. The Superintendent reserves the right to reject any or all proposals.

WM. W. DRUMMEY,
(Nov. 25.) Superintendent of Construction.

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City including assessments for the suppression of gypsy and brown tail moths, remain unpaid, and that the smallest, undivided part of said land sufficient to satisfy taxes and assessments with interests and all legal costs and charges, or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex on Court street, in said City of Boston, on Monday, December 11, 1933, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interests, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold, but do not include the cost and interests thereon and costs and charges incident to this sale.

WILLIAM M. McMORROW, Collector of Taxes for the City of Boston.	

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridle and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway. About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

PROCEEDINGS OF SCHOOL COMMITTEE.

Nov. 13, 1933.

A deferred regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 9.20 o'clock P.M., the Chairman presiding.

Present: Messrs. Hurley, Mackey, Mrs. Pigeon, Messrs. Reilly and Tobin.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENT

The Chairman stated the question was on approving the appointment of a teacher, as reported by the Superintendent and laid over at the previous meeting.

The appointment was approved.

APPROVAL OF STATE-AIDED COURSE

A communication was received from the Department of Education, Division of Vocational Education, under date of Nov. 6, 1933, reporting that the re-establishment of a part-time course in Sheet Metal work for Apprentices in the Sheet Metal Department at the South Boston High School has been approved in accordance with plans set forth and submitted in memoranda on file in the office of the Division of Vocational Education. If these plans are carried out as submitted, the work of this part-time course will be given approval, and the city of Boston recommended for reimbursement under the provisions of Chapter 74 of the General Laws, reimbursement to date from Oct. 14, 1933, and to be in full for salary of the instructors under the special provisions of Section 22 (1) for salaries of teachers giving types of training selected by the Commissioner as especially needing stimulus.

Placed on file.

ACCEPTANCE OF NEW SCHOOL

A communication was received from the Superintendent of Construction, Department of School Buildings, under date of Nov. 1, 1933, reporting that he has accepted for occupancy, as of Nov. 2, 1933, the Addition to the Robert Gould Shaw School, West Roxbury.

Placed on file.

DEPARTMENT OF EXTENDED USE OF PUBLIC SCHOOLS

Term 1933-34

(Special Managers, School Centers)
East Boston School Center—John M. Boyle, special manager, Nov. 1, 1933.

Mary E. Curley School Center—Henry F. Bamberg, special manager, Nov. 1, 1933.

William Blackstone School Center—William F. Graham, special manager, Nov. 1, 1933.

Approved.

Mrs. Pigeon: In connection with these appointments of School Center, special managers, I think at this time we should spread upon our records a word of appreciation of Arthur W. Hill, Manager of the East Boston School Center since 1919, and of Samuel Daniels, Manager of the West End School Center since 1914, both of whom voluntarily withdrew after long and efficient service in the Department of Extended Use of the Public Schools, and I so move.

The motion passed by unanimous vote and the Secretary was directed to extend to Messrs. Hill and Daniels, on behalf of the School Committee, this tribute of appreciation of service rendered.

A communication was received from the Superintendent, under date of Nov. 13, 1933, reporting that

subject to the approval of the School Committee, he has assigned the following named persons to service in the Department of Extended Use of the Public Schools for the term 1933-34:

Leaders—Mark F. Russo, Pearl I. Tucker, Lillian G. Zilg, Oct. 20, 1933; Mary T. Gibbons, Anna E. Harrington, M. Hilda Hayes, Oct. 27, 1933; Mary H. Ryzewski, Nov. 1, 1933; Helen E. Freeman, John J. O'Neill, Nov. 3, 1933.

Assistant Leaders—Pearl I. Tucker, Oct. 27, 1933; Helen E. Freeman, John M. Walsh, Nov. 1, 1933; Alice P. McClare, Nov. 3, 1933.

General Helper—John M. Walsh, Nov. 13, 1933.

Helpers—Clara M. Fleming, Nora Galvin, Mary F. Keane, Nov. 13, 1933.

Attendants—Clara M. Fleming, Nora Galvin, Mary F. Keane, Nov. 15, 1933.

Approved.

Mary G. Kellher, assistant, elementary, Emerson District, to the same position in the Prince District, Dec. 4, 1933.

Annie G. Libby, assistant, elementary, Chapman District, to the same position in the Francis Parkman District, Dec. 4, 1933.

Margaret F. Murray, assistant, elementary, Robert Gould Shaw District, to the same position in the Agassiz District, Dec. 4, 1933.

Margaret E. Maloney, assistant, elementary, Henry L. Higginson District, to the same position in the Minot District, Dec. 4, 1933.

Evelyn A. Nugent, assistant, elementary, Thomas Gardner District, to the same position in the Robert Gould Shaw District, Dec. 4, 1933.

Approved.

Helen A. McLaughlin, assistant, Washington Irving Evening School, to the same position in the Hyde Park Evening School, Oct. 23, 1933 (one evening).

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence was granted each of the following-named persons for the period specified:

Department of School Hygiene—George A. Murray, M.D., school physician, Oct. 10 and 24, 1933, two days, court summons.

Roger Wolcott District—Grace G. Kiernan, assistant, elementary, Oct. 11, 1933, one day, court summons.

On the report of the Superintendent, leave of absence under a

suspension of the regulations was granted each of the following-named teachers for the terms specified:

The Teachers College—E. Beatrice Mahaney, assistant professor, Oct. 1, 1933, to Dec. 31, 1933, without pay.

East Boston High School—Edith Rose, assistant, Nov. 1, 1933, to Jan. 31, 1934, without pay.

Christopher Gibson District—Elizabeth V. Hinds, assistant, elementary, Oct. 2, 1933, to Dec. 31, 1933, without pay.

Francis Parkman District—Mary E. Forrest, assistant, elementary, Sept. 1, 1933, to Nov. 30, 1933, without pay.

Hugh O'Brien District—Elizabeth F. Pinkham, assistant, elementary, Sept. 7, 1933, to Dec. 31, 1933, without pay.

Wells District—Mary T. Dowling, assistant, elementary, Sept. 1, 1933, to Dec. 31, 1933, without pay.

DESIGNATIONS

A communication was received from the Superintendent, under date of Nov. 13, 1933, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1934:

Henry Grew District—Naomi C. Gilson, assistant, kindergarten, as acting first assistant, kindergarten, Oct. 2, 1933.

Prince District—Mary E. D. Devereaux, assistant, elementary, as acting master's assistant, Sept. 25 to Oct. 31, 1933, inclusive.

Placed on file.

TERMINATION OF SERVICE IN AFTERNOON KINDERGARTENS

A communication was received from the Superintendent, under date of Nov. 13, 1933, reporting that subject to the approval of the School Committee he has terminated the services of the following-named teachers in the afternoon sessions of the kindergartens, indicated, to take effect on the date stated:

Edmund P. Tileston District—Audrea Bishop, assistant, kindergarten, Nov. 29, 1933.

Longfellow District—Katharine A. Eldridge, assistant, kindergarten, Oct. 31, 1933.

Washington Allston District—Helen S. Eaton, first assistant, kindergarten, Oct. 31, 1933.

Placed on file and the termination of service approved.

DISCONTINUANCE OF ELEMENTARY MECHANIC ARTS—PRACTICAL ARTS CLASSES

A communication was received from the Superintendent, under date of Nov. 13, 1933, reporting that subject to the approval of the School Committee, he has authorized the termination of two elementary mechanic arts—practical arts classes in the Dearborn District.

Placed on file and the termination authorized.

TERMINATION OF LEASES OF SCHOOL BUILDINGS

On motion, the Committee rescinded the order passed at the meeting of Feb. 15, 1933 (see p. 25), requesting the City Council to authorize the School Committee to lease the Hillside School, Elm Street, Jamaica Plain, to the John W. Murphy Post No. 675, Veterans of Foreign Wars, in view of the fact that the building now is needed for school purposes.

On motion, and on request of the Post concerned, the Committee rescinded the order passed at the meeting of Oct. 2, 1933 (see p. 166), requesting the City Council to authorize the School Committee to lease the Washington Street School, Jamaica Plain, to the John T. Fallon Post No. 1050, Veterans of Foreign Wars.

ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of Nov. 13, 1933, reporting the amendment of School Document No. 4, 1933—Candidates Eligible for Appointment as Teachers—as follows:

Page 44. Special Certificates Valid in Day Elementary and Day Intermediate Schools: Cookery, 785. Eileen F. Whalen. Name removed by request.

Page 44. Special Certificates Valid in Day Elementary and Day Intermediate Schools: Cookery, 765. Gretchen O. Papen. Name removed by request.

Page 44. Special Certificates Valid in Day Elementary and Day Intermediate Schools: Sewing, 829. Evelyn I. Lord. Name removed by request.

Placed on file.

APPROPRIATIONS AND EXPENDITURES TO NOV 1, 1933

A communication was received from the Business Manager, under date of Oct. 31, 1933, submitting a statement showing the appropriations, the expenditures, and the balances for maintenance of the public schools for the first ten drafts of the current financial year, the expenditures for the first ten drafts of the financial year 1932, and the increases and decreases in the several items.

Placed on file.

APPOINTMENT TO PORTABLE

A communication was received from the Schoolhouse Custodian, under date of Nov. 13, 1933, recommending that John H. Kelley, custodian, Jamaica Plain High School-house, be also appointed custodian of Portable No. 105, located in the yard of that school, to take effect Oct. 27, 1933.

Placed on file and the appointment approved, to take effect on the date stated.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian,

under date of Nov. 13, 1933, asking that the transfer of James J. Clark, custodian, Norcross School-house, to the John Cheverus School-house, as approved at the meeting of Oct. 16, 1933 (see p. 178), be withdrawn.

Placed on file and the transfer withdrawn.

A communication was received from the Schoolhouse Custodian, under date of Nov. 13, 1933, transmitting lists of candidates desiring transfer, and recommending that the following-named custodian who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

Walter D. Crawford, regular substitute custodian, to the custodianship of the Samuel Dexter School-house, Nov. 10, 1933.

John Cunningham, custodian, Roger Wolcott School-house, to the custodianship of the Oliver Wendell Holmes School-house and Portable No. 13, Nov. 10, 1933.

William V. Green, custodian, Lyceum Hall, to the custodianship of the William Cullen Bryant School-house, Nov. 19, 1933.

James S. Laughlin, custodian, Noble School-house and Annex, to the custodianship of the Roger Wolcott School-house, Nov. 10, 1933.

Placed on file and the transfers approved, to take effect on the dates stated.

NAMING OF SCHOOL IN HONOR OF MICHAEL H. CROWLEY

Chairman: I would like to present for reference to the Committee on Naming of School Buildings, a request that the name of our late and beloved Superintendent of Police, Michael H. Crowley, be given to a school building.

By unanimous consent, the request of the Chairman was referred to the Committee on Naming of School Buildings.

The Committee adjourned.
Attest:

ELLEN M. CRONIN,
Secretary.

TO REMOVE ICE AND SNOW EASILY.

In certain special emergency cases, as in traffic areas, it may be desirable to entirely remove thick, heavy accumulations of ice and hardened snow which, because they usually become badly rutted, are a cause of dangerous traffic conditions. In such cases the application of flake calcium chloride by means of a mechanical spreader at the rate of three quarters to one pound per square yard will soon loosen the entire ice coating, permitting its removal from the pavement by hand or mechanical means.

For this purpose, a solution containing from 25 to 30 per cent of calcium chloride which figures 2.85 to 3.75 pounds per gallon of solution, may be employed. Such solutions, especially if made up with warm water and applied by a street flusher equipped with nozzles which throw a finely divided high-pressure spray, have proved highly efficient for this purpose. As soon as the ice has become loosened from the pavement surface, it should be removed and an extremely light treatment of coarse sand applied to the surface.

No. 48

CLEAR DUTY OF ALL IS TO SUPPORT PRESIDENT ROOSEVELT IN HIS HUMANITARIAN EFFORT TO PROVIDE MORE SOCIAL AND ECONOMIC JUSTICE AND TO BETTER CONDITIONS OF THE MANY INSTEAD OF THE FEW — MAYOR CURLEY SCORES WORSHIPPERS OF "GOLDEN CALF" IN REGULAR WEEKLY BROADCAST FROM CITY HALL WHILE DEFENDING PRESIDENT FROM THOSE ATTACKING FINANCIAL POLICIES.

The following is the radio address of Mayor Curley over Station WNAC at 2 p. m. on November 27 from City Hall station:

History has an astonishing habit of repeating itself. Yet the most astounding feature in connection with this repetition is the failure of so-called leaders in banking and political circles to recognize this fact.

The brutal assaults that have been made upon President Roosevelt and the persistent sniping of his National Recovery Act is part of the program to maintain a system of finance that has become obsolete and through which 80 per cent of the people have been impoverished for the enrichment of 20 per cent.

Certain definite proposals for humane and economic relief have been proposed by President Roosevelt, and are now in operation, against which no one has had the audacity to protest; namely, the end of child slavery in industry and the end of the sweating of women in industry; the proposal for the price-fixing code through which industries might receive a fair return from consumers for materials purchased and sold rather than profits derived from chiseling from the workers as has been the vogue during the past four years, and the limitation of the hours of labor to prevent over-production, with its penalty of unemployment for a period of each year, thereby placing upon the community burdens which should be borne by industry and pauperizing men who are able to work, but deprived of the opportunity through mass production and the speeding-up process.

There has been no open assault upon any of these fundamental and essential plans for permanent relief.

The assault has been confined to an attack upon the financial features which has been classed by some as socialistic and by others as "rubber money" and "baloney." They would have you believe that under the gold standard we were living in Utopia during the period of its operation rather than in the United States of America.

Would Have Public Forget.

They apparently are extremely desirous that the public forget the four years of cumulative depression under Herbert Hoover. They would likewise have the public forget that not only was it impossible for a single additional man to secure employment in the four years of Hoover, but that the unemployed men in America increased from three million in 1930 to thirteen million upon the 4th of March of the present year when his term ended. They would like to have the public forget that no sane, courageous program outside of pauperizing relief was presented during this trying period, and that when the present President of the United States was inducted into office, every banking institution, with the exception of those which had been looted by the present defamers and critics of President Roosevelt and which numbered in the period from 1920 to 1933 to 15,000, were closed.

They endeavor to convey the impression that national disaster would result from the adoption of a change in the monetary system and that the United States of America was the only nation that had given serious thought to a departure from the gold standard. The fact is that the only nation in the world today upon the gold standard is France and there is every indication that France will be required to abandon the gold standard in a very short period of time or suffer the ills that have been suffered by the people of America through failure to recognize the almost revolutionary changes that have taken place in the world. To remain stationary is to prolong a period of stagnation and stagnation means death to the people of the United States.

Great Britain, confronted with a dole system most destructive in character and with general unemployment, found it necessary to abandon the gold standard in 1931 and the only real prosperity that Great Britain has known in the past twelve years has been that which has been in evidence since the abandonment of the gold standard. Since the abandonment of the gold standard by Great Britain, the severity of the depression in America has increased and this may be truly said to be as a consequence of our failure to abandon the gold standard; in other words, just so long as America continues upon the gold standard just so long will America continue a contributing factor to the prosperity of Great Britain at the expense of the people of the United States.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, December 4, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINEES, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO ROOM 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending November 25, 1933:
Population estimated July, 1933, United States Census Bureau estimate, 791,944; number of deaths (stillbirths excluded): Residents, 179; nonresidents, 47; total, 226.

Death rate per 1,000 of population: All deaths, 14.84; nonresidents deducted, 11.75.

Death rate per 1,000 of population:
Last week, 14.31; corresponding week last year, 14.24.

Deaths by age periods, sex, etc.: Under one year, 21; one year to four years, inclusive, 10; sixty years and over, 112. Total deaths: Male, 118; female, 108; deaths in hospitals and institutions, 132; deaths of colored, 16.

PRESIDENT ROOSEVELT'S POLICIES OF SOCIAL JUSTICE, OF DECENT REGARD FOR HUMAN RIGHTS OF HIS FELLOWMAN, WILL DO EVERYTHING TO RESTORE FAITH IN AMERICA AND SAVE COUNTRY FROM REVOLUTION AND RUIN, MAYOR CURLEY TELLS ASSEMBLY OF BUSINESS AND PROFESSIONAL MEN AT CHAMBER OF COMMERCE NATIONAL RECOVERY LUNCHEON—PRESENTS KEY OF CITY TO GOVERNOR OF COLORADO.

The following is the address of Mayor Curley at National Recovery Luncheon at Chamber of Commerce on November 24:

Mr. Chairman, Distinguished and Honored Guests, Ladies and Gentlemen.

It is an exceeding pleasure to me to be here and to be privileged to present on behalf of the citizenship a key of the City of Boston to the distinguished guest of the occasion, the Governor of Colorado.

It was my very great pleasure last September, when campaigning for the present great leader of the nation, while journeying from Utah to Colorado, to discover that almost upon the border of Colorado was a city named Green River; named, I presume, in honor of that institution dear to the hearts of Americans prior to the adoption of the Volstead Act. With a true appreciation of the respect, love and affection that every citizen of Colorado must have for that which the name Green River represents, it is my very great pleasure to present a key, which is a necessary adjunct to the use of Green River. I do not believe it is necessary for me to explain its use to a citizen of Green River. I sincerely trust you will use it with extreme care and use it freely.

Very few of us have an appreciation of the difficulties confronting the N. R. A. organizations which have been set up in various portions of the United States. Required in some instances to function without funds and functioning in opposition to traditions which have so long been accepted as to really have the force and effect of law, it appears to be extremely difficult to make the average citizen realize that under the system that has so long obtained in America the people have been deprived of any of the blessings that should go with a country founded, as is the American Republic, upon the principle of equality of opportunity and the liberty of a new country.

SCPTICS IN LAND.

With much virgin territory and with unlimited wealth in the bowels of the earth, we find it hard to make the average individual believe that the theories as enunciated and carried through with genuine heroism by President Franklin D. Roosevelt are altogether sound. But when you consider that in 1928 America could have lived unto itself without the exporting of a single dollar's worth of goods or the importing of any goods, for imports and exports nearly balanced themselves in that year; that the total value of all goods in America either taken from the earth in the form of minerals, such as coal, oil, and other minerals growing in the soil, or fabricated in industry, reached the huge total of \$80,000,000,000 and in 1929 reached the enormous sum of \$90,000,000,000 and there was apparently great prosperity and great happiness in every portion of America, you have some appreciation of the situation at that time.

However, we overlooked the all-important essential that we were still exploiting women and children in industry, and that we were conducting under a mass production system a productive policy which made possible the turning out in seven months the entire needs of the nation for a full twelve-month period. Then came the depression with the refusal of our much heralded — during the period of the war — captains of industry and great leaders of men to provide a program that might be followed with safety for the protection and the well-being of the American people. We witnessed the debacle in the stock market and the financial crisis of 1929. We saw the number of unemployed grow, in America, from 3,000,000 in 1930 to five and one half million in 1931, seven and one half to ten million in 1932 and on the fourth day of March when our President took office it was conservatively estimated that 13,000,000 of men in the United States were not only without employment but were without prospect of employment;

this out of an estimated total working in normal times of 42,000,000, or more than one third of the entire number that might be found working in normal times.

We found in addition on the same day the President took office that every bank in the country was closed. No such condition ever confronted any man in the history of this or any other country. We find that since the fourth day of March hope, which had disappeared from the hearts of Americans, has been restored and the faith which had been completely lost in 1932 has once more been revived until under the inspiring and courageous and cheerful leadership of Franklin D. Roosevelt we have begun to make real progress on the road to recovery.

More than three million men have been put back to work in America since he assumed office on the fourth day of March and the successful combination of the President's Emergency Program means the employment of at least three million in addition. The full restoration of faith is imminent.

SCORES PRESIDENT'S CRITICS.

Of course there are those who decry his every act and who raised no voice of protest during the four years of incompetency, inaction, hesitancy and absolute hopelessness and despair of his predecessor. I read within the last ten days with genuine indignation of a meeting held in Boston on Beacon Hill where one of the speakers declared that the smile was not so much in evidence on the face of the President in the movies of late. Surely only one of supreme courage would have found it possible to smile upon assuming the load that Franklin D. Roosevelt was required to assume when he became President of the United States last March. There are those who condemn and criticize his financial policy and the fact that the country went off the gold standard, overlooking the all-important fact that England found it necessary to abandon the gold standard, which produced a larger measure of prosperity than has

been in evidence in any year in the last five prior to the abandonment. They condemn his policy and his adoption of the "rubber dollar," overlooking the important fact that during the years of prosperity we were almost callously blind to the future women and men of the United States, the children exploited in industry in every section of our land. He has given us a new creed—a creed in which the spiritual ideal is made paramount to the material; a creed in which a decent regard for humanity is placed ahead of the regard for the accumulation of wealth and the dollar and so we hail him as a real leader.

Every thoughtful man must recognize that America is one of the few nations where the government has not been overthrown in the last ten years. I do not believe there is a thoughtful man who does not recognize the fact that one more year of breadlines and soup kitchens in America would make it extremely hard to preserve what has long been regarded as the most courageous and most noble of experiments in government in the world, but his policy of social justice, of a decent regard for the human rights of his fellowman, will do everything to restore faith in America.

CIRCULAR LETTER NO. 27.

OFFICE OF THE MAYOR,

BOSTON, November 24, 1933.

To All Department Heads.

The Massachusetts State Public Works Administrator is desirous that the number of persons employed on the Civil Works Program be increased to 19,000.

The total that I have been able to provide work for at the present time is 7,000.

I am desirous that you carefully examine at once the requirements of your department that would come under this head and submit a list to me not later than 12 o'clock noon, Monday, November 27, 1933.

Very truly yours,

JAMES M. CURLEY, Mayor.

BROADCAST BY MAYOR CURLEY.

(Continued from page 1393.)

NO NEW THEORY.

There is nothing essentially new in the program as promulgated by President Franklin D. Roosevelt. It was in operation from the twelfth to the fourteenth century, or from the period dating 1150 to 1350. It was found necessary in order to protect the people in their employment and to prevent national disaster in the year 1150. The same outcry was raised against Archbishop Wichman, who found the public treasury empty and being fearful of increasing taxation at a time when the people could not pay any taxes through general depression and unemployment, ordered a change in the monetary system which was far more revolutionary than any that has been considered at the present time, and yet, which was so successful that it was adopted generally throughout Western Europe resulting in a prosperity that continued for more than two centuries. It was decreed that all outstanding coins should be withdrawn twice annually and be re-minted at a minting fee of 30 per cent per annum, and notwithstanding the protest, principally from the usurers, it proved to be so successful that in most countries of Europe it was speedily adopted. It was likewise provided that the reminting fee be fixed at from 20 to 25 per cent annually and as a consequence hoarding ceased, since anyone who hoarded coins or money, lost out entirely at the end of the year and every person with money was thus forced to put out his money at a constantly lowering rate of interest because money was suddenly plenty and easy to get. Every money owner endeavored to get rid of his money before minting time, exchanging it for wares or lending it to be used for capital production to escape payment of depreciation charges at the mint.

The money thus passed from hand to hand at a great and increasing velocity of circulation, setting up an unparalleled demand for goods of all kinds. So great was the demand for goods that production facilities trebled in fifteen years and production and distribution went on to the limits of human abilities and intensities, and within one single generation after this innovation in the money system poverty disappeared from all Western Europe and with its passing culture and spiritual development became the order of the day.

It was known in those days as the "just price system." In Roosevelt's day we term it, the "new deal." It is really the old deal in new garments. Working men enjoyed a degree of independence which prior to that time was undreamed of, the working week numbering but four days and a wage for skilled artisans averaging the equivalent of \$40 today. Under the "just price system," similar to what is proposed under the N. R. A. system, cultural progress in every line was encouraged and educational facilities were taxed almost to the breaking point to meet the demand of the people who no longer knew the meaning of poverty or pauperism. Most of the beautiful monuments that are to be

found in every section of Europe were constructed during this period and, unlike our own land, under the gold standard, everyone shared in the prosperity rather than a bare 20 per cent, as here.

The desire for quality production rather than quantity became the accepted rule, resulting in that which even today gladdens the heart and the eye of the lover of the artistic journeying through Western Europe and permitted to gaze upon the monuments to be found either in Salisbury, Cologne or England.

It was the era that marked the age of chivalry, when children were afforded the opportunity for mental and physical development until they arrived at an age which would permit of their working without serious injury to mind or body. This is in striking contrast with conditions in America under the gold standard where, during the machine age, more than two million children have been employed annually in hazardous occupations in mine, factory, mill and cannery.

It was the period when women, by law, were prevented from competing with men in employment and found their proper rank in society as mothers who, through education and social justice, had opportunity to supervise their children, making of them worthy boys and girls, the fundamental essential of good citizenship and orderly government. This is in striking contrast with the custom which President Roosevelt is endeavoring to destroy in America, namely, the sweating of women in mill, in shop and in factory, and which, provided he succeeds, as he must succeed, will not only provide additional opportunities for work for men, but result in the removal of the competition of women workers in industry, which must of necessity increase the wages of men.

The adopting of the shorter working week and the shorter work day as advocated by President Roosevelt will hasten the coming of a happier day in the life of America, one replete with opportunities for work for the people and at a sufficient wage to provide for more than the bare necessities, as at present.

Apparently there are still men in America who pose as leaders of public thought who fail to recognize the all-important fact that this government was created for the benefit of the people of America and not for the accumulation of money and the enrichment of a few at the expense of the many. America has too long worshipped the golden calf. The time has come to change the monetary system and to give humanity the opportunity for the fulfillment of the aspirations of free men, citizens of a free nation.

It is clearly the duty of every individual interested in his own family and in his fellow-men and in our common country to support wholeheartedly the great humanitarian, the champion of popular rights, whose clear thinking upon the question of social and economic justice has bred hope in the hearts of millions who have too long been walking in the shadow of adversity, and who has bred fear in the hearts of the money changers who have too long been permitted to fatten upon the wasted bodies of women and men and children sweated in industry under the gold standard. There is every indication that, notwithstanding the muzzling of the sources of information, ultimately the people will rightly understand and when they do the "rubber dollar" and the "baloney" phrase makers will be appraised at their true value, namely, enemies of social and economic justice, worshippers of the golden calf.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Readvertises for proposals to erect and complete an addition and alteration at the Joseph H. Barnes School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, November 30:

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital during the week ending Thursday, November 23:

Temporary.—Anthony Kaminski, fireman, \$35.38 a week; Ralph Vetal, Joseph Palladino, elevatormen, \$15.20 a week; Thomas Albison, kitchenman, \$16.63 a week.

The following changes have occurred: William Siney, transfer porter at \$15.68 to orderly at \$15.68 a week; Catherine Hart, temporary ward assistant at \$14.25 to taglirl at \$14.25 a week.

Sanatorium Division.

The following persons have been appointed at the Sanatorium Division of the Boston City Hospital up to and including November 23:

Vera Maginnis, laundress, \$9.98 a week; John Harrington, choreman, \$16.63 a week; Mary Quinn, maid (patient), \$228 a year; James Kelley, Walter Quinlan, choremen (patients) (temporary), \$228 a year; Joseph Coburn, X-ray technician (temporary), \$3.75 a day.

The following person has ceased to be employed: John Harrington, choreman (temporary), \$16.63 a week.

PUBLIC WORKS DEPARTMENT.

Permission has been given to designate Joshua Atwood, division engineer of the Highway Division, as Deputy Commissioner of Public Works during the period from December 1, 1933, to February 28, 1934, both dates included.

PROPOSAL FOR LEASE OF THE YOUNG'S HOTEL PROPERTY.

The following is the proposal for lease of the Young's Hotel property by the City of Boston:

Assessed, land, \$1,184,100; buildings, \$116,200; total assessment, \$1,300,300.

It is proposed to lease the entire property to the City of Boston for one year, with the right to renew for four one-year periods on the same term and conditions.

The city is to pay \$45,000 a year rental, payable monthly, and to assume taxes and other assessments and to make all repairs, the owners to pay all fire insurance.

It is also proposed to give the city an option to purchase the property at any time within one year from this date for \$700,000.

It is further understood that the city shall have the right to make the necessary changes, alterations, and to connect with the present City Hall by tunnel or otherwise, and to make any and all alterations that may be necessary for the city's requirements.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

C. J. Maney Company, Incorporated, has been granted an extension of time until December 1 for the completion of the contract for constructing a park boulevard from Centre street to the West Roxbury Parkway.

PUBLIC WORKS DEPARTMENT.

Appel & O'Toole Company has been granted an extension of the time of com-

pletion of the contract for constructing sheet asphalt pavement in St. Theresa avenue, from Centre street to 69 feet east of Howitt road, from November 15, 1933, to December 1, 1933.

The Roxbury Concrete Construction Company has been granted an extension of the contract time of completion of the contract for relaying water pipes in Delano park, West Roxbury, from November 11, 1933, to November 25, 1933.

SUPPLY DEPARTMENT.

The Nathan Manufacturing Company has been granted permission to extend the completion date of the contract for furnishing composition castings to the Water Service, from November 1, 1933, to December 31, 1933.

The above extension has been asked for and has been approved by the Division Engineer of the Water Service, on account of the shortening of working hours to conform with the N. R. A. code.

MORE FUNDS FOR HARBOR CHANNEL DREDGING.

His honor the Mayor received the following communication on November 23 from Acting Secretary of War Harry H. Woodring:

Hon. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY,—On your recent visit you left with the department a telegram dated November 14, from Frank S. Davis of Boston, pointing out the need for additional funds to continue the dredging of the anchorage area in Boston Harbor.

The chief of engineers has informed me that the allotment of \$800,000 made by the Administration of Public Works for this work is not sufficient to complete the dredging of the 40-foot anchorage areas in President Roads to the full project dimensions.

The department appreciates the desirability and importance of fully completing this anchorage area, and has presented to the Administration of Public Works the need for additional funds to complete the project.

Sincerely yours,

HARRY H. WOODRING,
Acting Secretary of War.

LOCATION OF STREETS.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way, in the Dorchester district, designated as Hibbard avenue, from Washington street to Pleasant Hill avenue, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe in Bronx road, between Centre and Ansonia streets, and in Ansonia street, between Acadia road and 360 feet southerly and southwesterly, in the West Roxbury district, at an estimated cost of \$3,000.

A sanitary sewer of 18-inch pipe in Prendergast avenue, between Beacon street and town of Brookline, in the Brighton district, at an estimated cost of \$1,700.

APPLICATIONS FOR UNEMPLOYMENT WORK PROJECTS APPROVED.

Upon November 24 the Mayor issued the following statement:

The State Civil Works Administration at a hearing this morning approved proposals which will involve the placing to work of 2,345 men and the expenditure of \$1,167,614.04. At a previous session this week approval was given to projects involving the employment of 3,241 men and the expenditure of \$949,166.53. This means that the total projects given to Boston will permit the employment of 5,586 men, with an estimated expenditure total of \$2,116,780.57. The following table indicates the applications approved this morning:

MEN.	Project.	Amount.
15	Checking accounts of 14,000 members of the Boston Retirement System to verify postings and computations.....	\$3,475 00
84	Repairs to police buildings and station houses.....	39,829 60
43	Repairs to health units, convenience stations, and buildings under the jurisdiction of the Health Department.....	16,600 00
224	Repairs to forty-three city and county buildings under the control of the Public Buildings Department.....	131,490 00
450	Repairs to 135 School Buildings and yards under the jurisdiction of the School Buildings Department.....	336,000 00
553	Repairs to hospital buildings and property, consisting principally of painting of hospital wards and beds and hospital cots.....	328,589 75
900	Reconstruction and repair of streets and public alleys.....	275,659 50
76	Painting the interiors of twenty-two fire stations.....	35,970 19
2,345	Total.....	\$1,167,614 04

*Contract awarded.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Matthew Cummings Company, Incorporated, has been allowed for the following changes in the contract for the Dorchester Girls High School, Christopher Gibson District: For lathing and plastering the beam over the stage so that the curtain can work properly, \$100.80; for putting in a continuous terrazzo base in shower room \$112; for furnishing and installing aluminum plates on inside and outside of doors, \$226.16; for laying concrete slab between the asphalt walk and outside rear wall of auditorium, 12½ cubic yards concrete at \$20, \$250; for furnishing and installing steel cleats in tables of chemistry laboratory and other rooms, \$71.76, making a total addition for this order of \$760.72, per architect's letter of November 16, 1933, and the amount of \$760.72 will be added therefor, making the account as follows: Contract price, \$865,000; total additions, \$220,536.60; total deductions, \$18,732.65; amount of contract, \$1,066,803.95.

The D'Amore Construction Company has been granted permission for an order of change, making an addition in the sum of \$1,532.60, to the contract for the completion of the upper story in the Randall G. Morris School, Robert G. Shaw District, Wren street, West Roxbury.

A communication from William W. Drummey, superintendent, reads:

"When we put the shell addition on this building several months ago, we were unable to have enough money to build it as we desired in all respects, because the construction of this four-room shell was made entirely out of the unexpended balances of the original construction. Further, it was not expected that this building would be needed for occupancy for at least two years or more. Due to a sudden change in the flux of population to West Roxbury, the Superintendent of Schools has made request on us to finish this shell and I desire to carry out the wall treatment already existing in the present building, using similar bricks which is not possible if the semi-temporary wall now in place in the new part is maintained. All of this work is exposed and the longevity of the building will be improved by making this change, which will make the new part in entire conformity with the existing building as it stands today."

John Bowen Company, contractor for alterations to Burnham Memorial Building, Boston City Hospital, has been instructed to deduct from the contract the sum of \$20 for substituting Josam roof drains in place of those specified. Original contract, \$59,923; corrected contract, as per order No. 1775, \$68,591.69; now deducted, \$20; corrected contract, \$68,571.69; total added, \$8,668.69; total deducted, \$20.

John Bowen Company, contractor for erection and completion of Kitchen Building, Boston City Hospital, has been

instructed to add to the contract the sum of \$431.11 for installing additional hangers in the steam control room. Original contract, \$379,000; corrected contract, as per order No. 1776, \$377,469.59; now added, \$432.11; corrected contract, \$377,901.70; total added, \$1,200.30; total deducted, \$2,298.60.

RETIREMENT BOARD REPORT.

To the Auditor.

At a meeting of the Boston Retirement Board, held on Wednesday, November 15, 1933, the retirement from active service of the following-named members of the Retirement System was approved to become effective November 30, 1933:

Charles A. Jacobs, stableman, salary at time of retirement, \$1,404 a year.

SCHOOL COMMITTEE.

John J. Smith, custodian, salary at time of retirement, \$3,183 a year.

SUPERIOR COURT.

John H. Farley, stenographer, salary at time of retirement, \$3,500 a year.

Attest:

WILFRED J. DOYLE,
Chairman.

POLICE DEPARTMENT ORDERS.

General Order No. 336.

Authority having been given by the Commissioner of Civil Service to change the rating of William M. Donahue from sergeant to supervisor of automotive equipment, therefore, William M. Donahue is hereby appointed supervisor of automotive equipment, effective November 24, 1933, at 7.45 a. m., and he will carry on all the duties assigned to the supervisor of automotive equipment.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 337.

Patrolman Harold J. Griffin of Division 15 is commended in General Orders for meritorious police duty performed on November 9, 1933, when he discovered a fire in a dwelling on his route.

Patrolman Griffin pulled the alarm stationed a citizen at the box to direct the apparatus, and returned to the scene of the fire. He forced open the front door by breaking the glass, and proceeded to the second floor from where he removed a man who had been overcome by smoke while lying in bed. The officer then aroused the other occupants of the house, including three small children. The commissioner is pleased to recognize the alertness and intelligent action shown by Patrolman Griffin on this occasion, which may have prevented the loss of life.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS. Examinations, 1933.

Examinations will be held at the following points and on the following dates:

Boston, Monday, December 4.
New Bedford, Wednesday, December 6.
New Bedford, Thursday, December 7.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

PAUL E. TIERNEY,
PAYSON SMITH,
JAMES M. HURLEY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

PLAYGROUND WORKERS, SUPERVISORS AND ASSISTANT SUPERVISORS, DECEMBER 27, 1933.

Last day for filing applications, Monday, December 18, 1933, at 5 p. m.

This examination will be for the service of all the cities and towns in the state where these positions are under civil service.

The playgrounds ordinarily are open from April to November. During the school year sessions are usually held after school hours and on Saturdays, and on all days except Sundays during the summer. In the summer, the usual salary is from \$15 to \$25 a week. The examination is open to both men and women.

Entrance requirement: Applicants must have education equivalent to high school graduation.

The general duties of playground workers require a knowledge of the interests of children, ability to organize and conduct playground activities and adult recreation. It is desirable that applicants have education, training or experience in physical culture, playground work, and physical training of juveniles.

Subjects and weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

There will also be a supplementary paper for those wishing to qualify as swimming instructors in playgrounds having a pool.

Passing requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Applicants who wish to be certified to positions as playground supervisors must have at least two seasons' actual experience in playground work.

Physical fitness to be determined by a physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

QUARTERMASTER-PILOT, BOSTON PUBLIC WORKS DEPARTMENT, DECEMBER 19, 1933.

Last date for filing applications, Saturday, December 9, 1933, at 12 m.

Salary: \$7 per day less 15 per cent reduction. At the present time, there are two vacancies.

Duties: To assist the captain; keep the pilot house clean; keep a watch out for approaching craft; assist the captain in traffic counts, and in any other way in which called upon. Also to see that the boat is properly unhooked and the gates and chains in place when the boat is about to leave the ferry slip. Applicants should have a complete knowledge of the rules of the U. S. Steamboat Inspection Service.

Applicants must have a pilot's license for ferry boats of 900 tons, and possess a lifeboat man's certificate.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS.
(STATE.)EXECUTIVE SECRETARY OF JUVENILE
TRAINING, DEPARTMENT OF PUBLIC
WELFARE, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

Requisition is for male, but the examination is open to both males and females.

The entrance salary is approximately \$3,450 a year.

Duties: To assist in the management and supervision of the administrative and business affairs under the charge of the Board; to record its proceedings; to represent it in dealing with the superintendents and divisions under its control; to visit and inspect the institutions and divisions and assist in supervising their activities and expenditures; to interview, understandingly, public officials, parents, wards, attorneys and others; to prepare and draft official documents, reports, statistics and statements; to be familiar with and to study problems of juvenile delinquency and on effective methods of education, parole, and of reinstatement in normal community life of delinquent juveniles.

Entrance Requirements: Applicants must be not less than twenty-five nor more than fifty years of age at the time of filing application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application. Applicants must have education equivalent to that required for graduation from a college or university and five years' experience in educational, correctional or social work.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

MINIMUM WAGE INVESTIGATOR, DE-
PARTMENT OF LABOR AND INDUS-
TRIES, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

Requisition is for female, but the examination is open to both males and females.

The entrance salary is \$1,380 a year; the maximum salary is \$1,860 a year, as reduced by statute.

Duties: Applicants should be familiar with the minimum wage law of Massachusetts and with the work of wage boards. They should understand the procedure in conducting wage studies; be able to outline a program of investigation, draft a report, and compile and interpret statistical data.

Entrance Requirements: Applicants must be not less than twenty-five years of age at the time of filing the application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application. Applicants must have education equivalent to that required for graduation from a standard four-year high school.

College experience is desirable and credit will be given for a college education. Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

PLANT PEST SUPPRESSOR, DEPARTMENT OF AGRICULTURE, JANUARY 6, 1934.

Last date for filing applications, Wednesday, December 27, 1933, at 5 p. m.

This examination is held to establish a list for corn borer inspector and blister rust inspector in the Division of Plant Pest Control.

The salary ranges from \$2.62½ per day to \$4.62½ per day.

Duties of the corn borer inspector: Ability to identify the European corn borer in all its stages and be familiar with other insects attacking corn plants, with the host plants of this pest, and have a complete knowledge of the insect's life history and habits. It is desirable that applicants have a general knowledge of farming, especially all phases of the growing of corn and rotation of crops; and a general knowledge of other insects.

Duties of the blister rust inspector: The duties involve the rendering of assistance to local property owners in the protection of areas of white pine against the attack of the fungous disease known as the white pine blister rust. He must make examinations of all woodland areas for the purpose of locating currant and gooseberry bushes which act as agents in the spread of this disease. The inspector is responsible for all control work performed under his supervision and must see that it is satisfactorily done. He should be familiar with the law governing the conduct of blister rust control work in Massachusetts and other regulations pertaining thereto.

Subjects and weights: Training and experience, 2; practical questions, 3; total, 5.

Passing requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by a physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

STATIONARY ENGINEERS, MARINE ENGINEERS AND OILERS JANUARY 10, 1934.

Last date for filing applications Tuesday, January 2, 1934, at 5 p. m.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination, and the possession of a license, either as first, second, or third-class stationary engineer; or as chief, first assistant or second assistant marine engineer. Oilers are not required to have a license.

Passing requirement: Applicants must obtain a mark of at least 70 per cent in experience in order to become eligible.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

FOREMEN OF WATER, SEWER AND HIGHWAYS, ETC., JANUARY 20, 1934.

Late date for filing applications Wednesday, January 10, 1934, at 5 p. m.

This examination is for foremen of water, sewer and highways (or streets) in the service of the state and of all cities and of such towns in the state as are classified under civil service; and of sanitary and street cleaning in the service of Boston.

BUILDING PERMITS ISSUED NOVEMBER 23 TO NOVEMBER 29.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

CIVIL ENGINEERS, DECEMBER 28 TO 30, 1933.

Last day for filing applications, Monday, December 18, 1933, at 5 p. m.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service.

Warning: Many men fail in this examination because they apply for grades for which they are not qualified. It is advisable, therefore, if there is any doubt about the quantity or quality of your experience, to take both the grade for which you think you are qualified and the next lower grade. If you should be

found ineligible for the higher grade you will still have an opportunity to be placed in the next lower grade.

A separate application must be filed for each grade for which it is desired to apply.

An applicant must specify the grade for which he applies.

GRADE I.—Junior engineering aides, who, under immediate supervision, assist on engineering work involving the least technical skill and responsibility.

The maximum salary for this grade is \$1,470 a year as reduced by statute.

Entrance Requirements: Education equivalent to high school graduation, or one year of practical experience in engineering work.

Subjects and Weights: Training and experience, 3; mathematics, 2; practical questions, 5; total, 10.

GRADE II.—Senior engineering aides. Men who, under supervision, assist on engineering work involving some knowledge and training in engineering practice.

The salary ranges from \$1,380 to \$1,980 a year as reduced by statute.

Entrance Requirements: Education equivalent to high school graduation plus (a) one year's practical experience or, (b) two years' university training in engineering.

Subjects and Weights: Training and experience, 4; mathematics, 2; practical questions, 4; total, 10.

GRADE III.—Junior civil or other engineers, senior engineering draftsman and chiefs of survey parties. Men who, under general supervision, have local charge of a minor engineering project such as a survey party engaged on preliminary and final surveys on construction work, make finished drawings, or perform other similar tasks.

The salary ranges from \$1,980 to \$2,580 a year as reduced by statute.

Entrance Requirements: Education equivalent to that required for graduation in engineering from a university or technical school of recognized standing, and not less than two years of field or office experience in engineering.

Subjects and Weights: Training and experience, 5; mathematics, 2; practical questions, 3; total, 10.

GRADE IV.—Assistant civil or other engineers. Men who, under direction, have charge of a major engineering project or an assigned branch of engineering work of major scope in the field or office.

The salary ranges from \$2,670 to \$3,210 a year as reduced by statute.

Entrance Requirements: Education equivalent to that required for graduation in engineering from a university or technical school of recognized standing and not less than three years of experience in engineering field or office work.

Subjects and Weights: Training and experience, 6; practical questions, 4; total, 10.

Examinations for Grades V and VI, classified in the state service as senior engineers and associate, district and chief engineers, will be held only when vacancies exist.

Passing Requirements: Applicants must obtain at least 70 per cent in experience, at least 50 per cent in the other subjects, and at least 70 per cent in general average in order to become eligible in all grades.

SAND, CINDERS AND SALT IN DULUTH.

About 385 miles of sidewalk are sanded every year and about 250 miles of streets are snow-plowed and sanded. Ordinarily, flat grades are not sanded, this work being confined to steep grades where dangerous ice conditions exist. During the past season the maintenance department used about 500 cubic yards of cinders, 500 cubic yards of sand, and 5 tons of calcium chloride on the streets.

The use of salt, or sodium chloride, has been discontinued entirely, because of its injurious effect on concrete walks and pavements. The action of salt is not clearly understood, but it is much more active during cold weather than in summer, and is apparently due to the formation of crystals after penetrating the surface, the force of which disintegrates the concrete. Calcium chloride does not seem to be entirely free from this difficulty, but is much less active than sodium chloride.

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City including assessments for the suppression of gypsy and brown tail moths, remain unpaid, and that the smallest, undivided part of said land sufficient to satisfy taxes and assessments with interests and all legal costs and charges, or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex on Court street, in said City of Boston, on Monday, December 18, 1933, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interests, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold, but do not include the cost and interests thereon and costs and charges incident to this sale.

WARD ONE.

Rosina Abate—Land, with buildings thereon, on the southeasterly side of Bennington street, numbered 185 and 187, making the junction of Paris street, adjoining an estate of Maria F. Da Silva, and supposed to contain 1,400 feet, tax for 1932.....\$262 70
Paid on account..... 100 00

Balance due..... \$162 70

Also land, with buildings thereon, on the northeasterly side of Ashley street, numbered 21 and 23, between an estate of Domiano Orlando and another and an estate of John Lanfranchi, and supposed to contain 3,407 feet, tax for 1932.....\$170 40
Paid on account..... 75 00

Balance due..... 95 40

Also land, with buildings thereon, on the southwesterly side of Putnam street, numbered 153-157, making the westerly corner of and numbered 200-200A Bennington street, adjoining an estate of Giovanni Dell'Anic, and supposed to contain 1,794 feet, tax for 1932.....\$355 00
Paid on account..... 100 00

Balance due..... 255 00

Luigi Abruzzese—Land, with buildings thereon, on the northeasterly side of Shelby street, numbered 2 and 4, making the easterly corner of Lexington street, adjoining an estate of Joseph Garchinsky and another, and supposed to contain 1,151 feet, tax for 1932..... 127 80

Maria Angela—Land, with buildings thereon, on the northerly side of Eutaw street, numbered 46, making the northeasterly corner of Marion street, adjoining an estate of Rebecca Winsor, and supposed to contain 1,122 feet, tax for 1932.....\$195 25
Paid on account..... 100 00

Balance due..... 95 25

Domenico Accettullo—(supposed present owner Pasquale D. Accettullo)—Land, with buildings thereon, on the southeasterly side of Eutaw place, numbered 8, adjoining an estate of Augustine W. Barry, and supposed to contain 754 feet, tax for 1932. \$42 60
Paid on account..... 20 00

Balance due..... 22 60

Manfudi A. Accetta—Land, with buildings thereon, on the southwesterly side of Barnes avenue, numbered 69, between an estate of Cesace Guazarotte and an estate of Alice Accetta, and supposed to contain 3,000 feet, tax for 1932..... 88 75
Apportionment of street construction assessment for 1932..... 26 09

Gaetano Accomando—Land, with buildings thereon, the southeasterly side of Chelsea street, numbered 71, between an estate of Gartans Messeri and an estate of Pasquale Frasca, and

supposed to contain 1,600 feet, tax for 1932..... 49 70

Margherita Acerra—Land, with buildings thereon, on the northwesterly side of Saratoga street, numbered 344, between an estate of Mary R. Larkin and another and an estate of Stella Rossi, and supposed to contain 2,500 feet, tax for 1932.....\$177 50
Paid on account..... 75 00

Balance due..... 102 50

Alfonsina A. Acone—Land, with buildings thereon, on the northeasterly side of Sumner street, numbered 366, making the northerly corner of Cottage street, adjoining an estate of Annie Lipner and another, and supposed to contain 2,250 feet, tax for 1932..... 344 35

Nicoletta Addressi—Land, with buildings thereon, on the northerly side of Bennington street, numbered 1056, between an estate of Felice Ballerini and an estate of John J. Tosney, and supposed to contain 2,251 feet, tax for 1932.....\$248 50
Paid on account..... 140 00

Balance due..... 108 50

Michael and Mary Aid—Land, with buildings thereon, on the easterly side of Border street, numbered 275, between two estates of Thomas McCornick, and supposed to contain 1,400 feet, apportionment of sewer assessment for 1932..... 7 10

Francesca and Lorenzo Aiello—Land, with buildings thereon, on the westerly side of Meridian street, numbered 364, between an estate of Catherine T. McCallin and an estate of Mary E. Donohoe, and supposed to contain 2,700 feet, tax for 1932.....\$276 90
Paid on account..... 230 00

Balance due..... 46 90

Severino and Angelina Albanese—Land with buildings thereon, on the northwesterly side of Drake place, numbered 4, at angle, adjoining an estate of Luigi Riccio and another, and supposed to contain 1,073 feet, tax for 1932..... \$42 60
Paid on account..... 26 00

Balance due..... 16 60

Antonette and Vincente Albano—Land, with buildings thereon, on the southeasterly side of St. Edwards street, numbered 37, between an estate of Teresa DiLorenzo and an estate of Raffaele, and supposed to contain 4,067 feet, apportionment of street construction assessment for 1932.. 32 20

Ann H. Allen—About 4,500 feet of land on the southerly side of Overlook street, Boston Port Development Company plan, dated 1894, on file in assessor's office, being lot 81, Block F, tax for 1932..... 10 65

Angelena, Trustee under deed of Alessandrone—Land, with buildings thereon, on the northerly side of Bennington street, numbered 360, between an estate of Joseph D'Eboli and another and an estate of Joseph Cavalinia, and supposed to contain 4,033 feet, tax for 1932..... \$220 10
Paid on account..... 70 00

Balance due..... 150 10

Also about 6,140 square feet of land on the northerly side of Orient avenue, bounded and described as follows: easterly by estate now or formerly of Boston Port Development Company; westerly by estate now or formerly of Lillian D. Harris; southerly by Orient avenue; northerly by estate now or formerly of Alfred Smart, tax for 1932..... 21 30
Apportionment of sewer assessment for 1932..... 24 45

Antonio and Angelina Altercio—Land, with buildings thereon, on the southeasterly side of Bennington street, numbered 529, between an estate of Gaetano Carino and another and an estate of Nicholas Cornetta and another, and supposed to contain 2,803 feet, tax for 1932.....\$213 00
Paid on account..... 150 00

Balance due..... 83 00

Leo Alves—(supposed present owner Antonio Alves)—Land, with buildings thereon, on the northerly side

of Falcon street, numbered 42, between an estate of Paolina Scopa and an estate of Annie E. McDonnell, and supposed to contain 2,187 feet, tax for 1932.....\$213 00
Paid on account..... 115 00

Balance due..... 98 00

Andrea Amato—Land, with buildings thereon, on the northwesterly side of Lubec street, numbered 64, between an estate of Vito Aia and an estate of Mariannino Corletto, and supposed to contain 2,250 feet, tax for 1932.....\$248 50
Paid on account..... 25 00

Balance due..... 223 50

Maria J. and Michele Amato—Land, with buildings thereon, on the southeasterly side of Paris street, numbered 127 and 127 rear, between an estate of City of Boston playground and an estate of Giovanni Salamone and another, and supposed to contain 3,578 feet, tax for 1932.....\$301 75
Paid on account..... 150 00

Balance due..... 151 75

Peter Amato—Land, with buildings thereon, on the northeasterly side of Murray court, numbered 10, between an estate of Sofia Vallestrano and another and an estate of Giovanni DeMarco and another, and supposed to contain 1,040 feet, tax for 1932.....\$21 30
Paid on account..... 5 84

Balance due..... 15 46

Alma Amerena—Land, with buildings thereon, on the southwesterly side of Prescott street, numbered 95, between an estate of Josephine Lanney and an estate of Carmela Malaguti, and supposed to contain 900 feet, tax for 1932, American Architectural Iron Works (Massachusetts Corporation)—Land, with buildings thereon, on the southeasterly side of Liverpool street, numbered 121, between another estate of said American Architectural Iron Works and an estate of Fred F. Hodgkins, and supposed to contain 12,800 feet, tax for 1932..... 340 81

Giovannina Amico—Land, with buildings thereon, on the northeasterly side of Cottage place, numbered 3 and 4, between two other estates of said Amico and another, and supposed to contain 1,336 feet, tax for 1932..... 85 20
Also land, with buildings thereon, on the northeasterly side of Cottage place, numbered 5, at end, adjoining another estate of said Amico and another, and supposed to contain 668 feet, tax for 1932..... 42 60

Giovannina and Luciano Amico—Land, with buildings thereon, on the southeasterly side of Cottage street, numbered 35 and 35½, making the easterly corner of and numbered 2 Cottage place, adjoining another estate of said Amico and another, and supposed to contain 1,336 feet, tax for 1932.....\$142 00
